Sydney Airport

Master Plan 2045 Economy

Located 8 km from Sydney's CBD, we are Australia's international gateway – connecting the city to more than 100 destinations across the country and the world.

\$70.6 billion

Our annual contribution to the Australian Economy by 2045, up 56% from today.

**1,500 jobs
created
every year**

Over the next 20-years, full-time job numbers will increase to 105,600, meaning around 1,500 new jobs will be created every year, mostly benefitting the local community.

\$329 million

Contribution to the economy from a single international A380 service — supporting 2,100 jobs.

**Around
1.5% of
Australia's
GDP**

GDP (Gross Domestic Product) is the country's total yearly income.

**1.4 million
annual
tonnes**

Airfreight handled by 2045, up 133% on today.

**204,200
new jobs by
2045**

Including tourism and freight industries. The number of jobs will increase from 354,800 to 559,000 in 2045.

Deloitte Access Economics measured Sydney Airport's economic impact and the number of jobs it supported in 2023
