

CORONAVIRUS (COVID-19): HOW TO GET CARE

You have many ways to get care without leaving the comfort and safety of your home – including same-day phone, video, and E-visit appointments. This allows you to access high-quality care while helping to address the community spread of COVID-19. If you need to come in, we're here for you – and we're taking every precaution to keep our facilities safe.

PHONE AND ONLINE CARE:

No cost virtual care is available through the following options:

Coronavirus (COVID-19) E-Visits:

Get care for possible coronavirus symptoms by conducting a coronavirus E-Visit using **kp.org** or via the Kaiser Permanente app.

You will be asked questions about your situation which will help us determine the best way to treat your symptoms.

Phone Appointments:

Make an appointment online at **kp.org** or use the Kaiser Permanente app to receive medical care or advice from a doctor over the phone. The doctor will call you by the end of the day. If you need care sooner, you can call us for 24/7 advice.

24/7 Advice:

Call us 24/7 to talk with a licensed care provider day or night for medical and mental health care advice.

Video Visits:

Make a same or next day appointment to see your doctor or care team by video to get care from anywhere online by computer, smartphone, or tablet.^{1,2,3}

Email:

Message your doctor's office with nonurgent questions anytime. You can also exchange photos and documents to help your care team stay informed about your health.

Go to our secure Message Center on **kp.org** or use the Kaiser Permanente app and get a reply usually within two business days.
