

Kaiser Permanente Dental Plan

Integrated care to support your total health

We believe that dental health is an important part of your overall health because poor dental health can cause serious problems in other parts of your body. Members can experience the unique benefits of total health integration when they have both medical and dental coverage from Kaiser Permanente Northwest.

Look for convenience:

- With our 21 dental offices in Oregon and Southwest Washington, there's sure to be one near you. Plus, you can often take care of minor medical needs, like flu shots or other vaccinations, during your dental appointment.¹
- Whether it's virtual dental care, online appointment scheduling, or express check-in, we offer innovative ways for you to save time and manage your health more conveniently.²

Look for a partner who supports your total health:

- Our network of dental providers makes referrals to Kaiser Permanente specialty dentists seamless for you – without any additional paperwork or hassle.
- Our integrated electronic medical and dental record system gives Kaiser Permanente dental providers access to your relevant health history, enabling greater collaboration.

Look for high-quality care:

- We use an evidence-based approach to proactively identify and take care of any dental issues before they become serious. Kaiser Permanente covers more preventive services than most other dental plans, which helps avoid serious and pricey complications down the road.
- We are recognized as the leader in providing high-quality, comprehensive care, according to the Accreditation Association for Ambulatory Health Care (AAAHC).³ Our top-notch dentists work together with our doctors, as part of the same team, to deliver quality care.

¹Available at select locations. Member must be enrolled on a Kaiser Permanente dental and medical plan.

²When members receive care from a Kaiser Permanente Dental provider; and appropriate and available. Email capability is available for members with both Kaiser Permanente medical and dental coverage who are registered on kp.org. Video capability is currently available for orthodontic services.

³Continuously accredited by the Accreditation Association for Ambulatory Health Care (AAAHC) since 1990. Kaiser Permanente Dental is the only AAAHC-accredited dental home in the Northwest, and the third in the nation to achieve dental home accreditation.

⁴Services must be provided by a contracted Kaiser Permanente provider in order for benefits to be payable. See *Evidence of Coverage* for details.

⁵Posterior fillings paid to amalgam fee.

⁶Fillings are covered at 100% for all amalgam tooth surfaces, composite anteriors, and one-surface composite posteriors. Patients may request composite fillings, which are considered a buy-up, and additional fees may apply.

This is not a contract. This benefit summary does not fully describe your benefit coverage with Kaiser Foundation Health Plan of the Northwest. For more details of your benefit coverage, exclusions and limitations, claims review, and adjudication procedures, please see your *Evidence of Coverage (EOC)* or call Member Services. In the case of a conflict between this summary and the EOC, the EOC will prevail.
