## DEFINITIONS

The following terms, when capitalized and used in any part of this *EOC*, mean:

**Allowed Amount.** The lower of the following amounts:

- The actual fee the provider, facility, or vendor charged for the Service.
- 160 percent of the Medicare fee for the Service, as indicated by the applicable Current Procedural Terminology (CPT) code or Healthcare Common Procedure Coding System (HCPCS) code shown on the current Medicare fee schedule. The Medicare fee schedule is developed by the Centers for Medicare and Medicaid Services (CMS) and adjusted by Medicare geographical practice indexes. When there is no established CPT or HCPCS code indicating the Medicare fee for a particular Service, the Allowed Amount is 70 percent of the actual fee the provider, facility, or vendor charged for the Service.

**Behavioral Health Assessment.** Behavioral Health Assessment means an evaluation in person or using telemedicine, to determine a patient's need for immediate crisis stabilization, by a provider as listed in the "Mental Health Services" section.

**Behavioral Health Crisis.** Behavioral Health Crisis means a disruption in an individual's mental or emotional stability or functioning resulting in an urgent need for immediate outpatient treatment in an emergency department or admission to a hospital to prevent a serious deterioration in the individual's mental or physical health.

- For items obtained at a pharmacy owned and operated by Kaiser Permanente, the amount the pharmacy would charge a Member for the item if the Member's benefit Plan did not cover the pharmacy item. (This amount is an estimate of: the cost of acquiring, storing, and dispensing drugs, the direct and indirect costs of providing pharmacy Services to Members, and the pharmacy program's contribution to the net revenue requirements of Company.)
- For all other Services, the payments that Company makes for Services (or, if Company subtracts Copayment, or Coinsurance from its payment, the amount Company would have paid if it did not subtract the Copayment, or Coinsurance).

**Chemical Dependency.** An addictive relationship with any drug or alcohol agent characterized by either a psychological or physical relationship, or both, that interferes with your social, psychological, or physical adjustment to common problems on a reoccurring basis.

**Emergency Medical Condition.** An Emergency Medical Condition means a medical condition:

- That manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in any of the following:
  - Placing the person's health (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy.
  - Serious impairment to bodily functions.
  - Serious dysfunction of any bodily organ or part.
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which a transfer may pose a threat to the health or safety of the woman or the unborn child.
- That is a Behavioral Health Crisis.

**Emergency Services.** All of the following with respect to an Emergency Medical Condition:

- A medical screening examination (as required under the Emergency Medical Treatment and Active Labor Act), or Behavioral Health Assessment that is within the capability of the emergency department of a hospital, including ancillary services and patient observation, routinely available to the emergency department to evaluate the Emergency Medical Condition.
- Within the capabilities of the staff and facilities available at the hospital, the further medical examination and treatment that the Emergency Medical Treatment and Active Labor Act requires to Stabilize the patient.

**ERISA.** The Employee Retirement Income Security Act of 1974, as amended.

***Evidence of Coverage (EOC).*** This *Evidence of Coverage* document provided to the Subscriber that specifies and describes benefits and conditions of coverage. This document, on its own, is not designed to meet the requirements of a summary plan description (SPD) under ERISA. After you enroll, you will receive a postcard that explains how you may either download an electronic copy of this *EOC* or request that this *EOC* be mailed to you.

**External Prosthetic Devices.** External prosthetic devices are rigid or semi-rigid external devices required to replace all or any part of a body organ or extremity.

**Home Health Agency.** A "home health agency" is an agency that: (i) meets any legal licensing required by the state or other locality in which it is located; (ii) qualifies as a participating home health agency under Medicare; and (iii) specializes in giving skilled nursing facility care Services and other therapeutic Services,

After you enroll, you will receive an email or flyer that explains how you may either download an electronic copy of the *Medical Facility Directory* or request that the *Medical Facility Directory* be mailed to you.

**Medical Group.** Northwest Permanente, P.C., Physicians and Surgeons, a professional corporation of physicians organized under the laws of the state of Oregon. Medical Group contracts with Company to provide professional medical Services to Members and others primarily on a capitated, prepaid basis in Participating Facilities.

**Medically Necessary.** Our determination that the Service is all of the following: (i) medically required to prevent, diagnose or treat your condition or clinical symptoms; (ii) in accordance with generally accepted standards of medical practice; (iii) not solely for the convenience of you, your family and/or your provider; and, (iv) the most appropriate level of Service which can safely be provided to you. For purposes of this definition, "generally accepted standards of medical practice" means (a) standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community; (b) physician specialty society recommendations; (c) the view of physicians practicing in the relevant clinical area or areas within Kaiser Permanente locally or nationally; and/or (d) any other relevant factors reasonably determined by us. Unless otherwise required by law, we decide if a Service is Medically Necessary. You may appeal our decision as set forth in the "Grievances, Claims, Appeals, and External Review" section. The fact that a Participating Provider has prescribed, recommended, or approved a Service does not, in itself, make such Service Medically Necessary and, therefore, a covered Service.

**Non-Participating Provider.** A physician or other health care provider, facility, business, or vendor regulated under state law to provide health or health-related services or otherwise providing health care services within the scope of licensure or certification consistent with state law that does not have a written agreement with Kaiser Permanente to participate as a health care provider for this Plan.

A “Participating Skilled Nursing Facility” may also be a unit or section within another facility (for example, a Participating Hospital) as long as it continues to meet the definition above.

**Spouse.** The person to whom you are legally married under applicable law. For the purposes of this *EOC*, the term “Spouse” includes a person who is legally recognized as your domestic partner in a valid Certificate of Registered Domestic Partnership issued by the state of Oregon, validly registered as your domestic partner under the laws of another state, or otherwise recognized as your domestic partner under criteria agreed upon, in writing, by Kaiser Foundation Health Plan of the Northwest and your Group.

**Stabilize.** To provide the medical treatment of the Emergency Medical Condition that is necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the person from the facility. With respect to a pregnant woman who is having contractions, when there is inadequate time to safely transfer her to another hospital before delivery (or the transfer may pose a threat to the health or safety of the woman or unborn child), “Stabilize” means to deliver the infant (including the placenta).

**Subscriber.** A Member who is eligible for membership on their own behalf and not by virtue of Dependent status and who meets the eligibility requirements as a Subscriber.

**Urgent Care.** Treatment for an unforeseen condition that requires prompt medical attention to keep it from becoming more serious, but that is not an Emergency Medical Condition.

**Utilization Review.** The formal application of criteria and techniques designed to ensure that each Member is receiving Services at the appropriate level; used as a technique to monitor the use of or evaluate the medical necessity, appropriateness, effectiveness, or efficiency of a specific Service, procedure, or setting. When Utilization Review is required to approve certain Services in advance, this is called prior authorization. Utilization Review to approve an ongoing course of treatment to be provided over a period of time or number of treatments is called concurrent review.

**Year.** A period of time that is either a) a calendar year beginning on January 1 of any year and ending at midnight December 31 of the same year, or b) a plan year beginning on an effective date and ending at midnight prior to the anniversary date agreed to by Company and Group. The “Benefit Summary” shows which period is applicable to this Plan.

## **PREMIUM, ELIGIBILITY, AND ENROLLMENT**

### **Premium**

Your Group is responsible for paying the Premium. If you are responsible for any contribution to the Premium, your Group will tell you the amount and how to pay your Group.

### **Who Is Eligible**

The Public Employees’ Benefit Board (PEBB) eligibility and enrollment rules are governed under provisions of Oregon Administrative Rules (OARs), Chapter 101. Refer to the OARs and the PEBB Summary Plan Description for detailed information and program requirements.

## **HOW TO OBTAIN SERVICES**

As a Member, you must receive all covered Services from Participating Providers and Participating Facilities, except as otherwise specifically permitted in this *EOC*.

We will not directly or indirectly prohibit you from freely contracting at any time to obtain health care Services from Non-Participating Providers and Non-Participating Facilities outside the Plan. However, if you choose to receive Services from Non-Participating Providers and Non-Participating Facilities except as otherwise specifically provided in this *EOC*, those Services will not be covered under this *EOC* and you will be responsible for the full price of the Services. Any amounts you pay for non-covered Services will not count toward your Out-of-Pocket Maximum.

### **Using Your Identification Card**

We provide each Member with a Company identification (ID) card that contains the Member health record number. Have your health record number available when you call for advice, make an appointment, or seek Services. We use your health record number to identify your medical records, for billing purposes and for membership information. You should always have the same health record number. If we ever inadvertently

issue you more than one health record number, please let us know by calling Member Services. If you need to replace your ID card, please call Member Services.

Your ID card is for identification only, and it does not entitle you to Services. To receive covered Services, you must be a current Member. Anyone who is not a Member will be billed as a non-member for any Services they receive. If you allow someone else to use your ID card, we may keep your card and terminate your membership (see the “Termination for Cause” section). We may request photo identification in conjunction with your ID card to verify your identity.

## Advice Nurses

If you are unsure whether you need to be seen by a physician or where to go for Services, or if you would like to discuss a medical concern, call Member Services during normal business hours, evenings, weekends, and holidays to be directed to one of our advice nurses.

You may also use the Member section of our website, **kp.org**, to send *nonurgent* questions to an advice nurse or pharmacist.

## Your Primary Care Participating Provider

Your primary care Participating Provider plays an important role in coordinating your health care needs, including Participating Hospital stays and referrals to Specialists. We encourage you and your Dependents to each choose a primary care Participating Provider. For information about choosing your primary care Participating Provider, please call Member Services or visit **kp.org**.

You may select a primary care Participating Provider from family medicine, internal medicine, or pediatrics. Female Members also have the option of choosing a women’s health care Participating Provider as their primary care Participating Provider, as long as the women’s health care Participating Provider accepts designation as primary care Participating Provider. A women’s health care Participating Provider must be an obstetrician or gynecologist, a physician assistant specializing in women’s health, an advanced registered nurse practitioner of women’s health, or a certified nurse midwife, practicing within their applicable scope of practice.

You may change your primary care Participating Provider at any time by calling Member Services. The change will take effect immediately.

## Women’s Health Care Services

We cover women’s health care Services provided by a participating family medicine physician, physician’s assistant, gynecologist, certified nurse midwife, doctor of osteopathy, obstetrician, naturopathic physician specializing in women’s health, and advanced registered nurse practitioner, practicing within their applicable scope of practice.

Medically appropriate maternity care, covered reproductive health Services, preventive Services, general examinations, gynecological Services, and follow-up visits are provided to female Members directly from a Participating Provider, without a referral from their primary care Participating Provider. Annual mammograms for women 40 years of age or older are covered with or without a referral from a Participating Provider. Mammograms are provided more frequently to women who are at high risk for breast cancer or disease with a Participating Provider referral. We also cover breast examinations, pelvic examinations, and cervical cancer screenings annually for women 18 years of age or older, and at any time with a referral from your women’s health care Services Participating Provider. Women’s health care Services also include any appropriate Service for other health problems discovered and treated during the course of a visit to a women’s health care Participating Provider for a women’s Service.

## Appointments for Routine Services

Routine appointments are for medical needs that are not urgent such as checkups and follow-up visits that can wait more than a few days.

If you need to make a routine care appointment, go to **kp.org** to schedule an appointment online or call Member Services. Try to make your routine care appointments as far in advance as possible. For information about getting other types of care, refer to the “Emergency, Post-Stabilization, and Urgent Care” section.

These representatives can also help you if you need to file a claim, complaint, grievance, or appeal, as described in the “Grievances, Claims, Appeals, and External Review” section. Upon request Member Services can also provide you with written materials about your coverage.

## Referrals

### ***Referrals to Participating Providers and Participating Facilities***

Primary care Participating Providers provide primary medical care, including pediatric care and obstetrics/gynecology care. Specialists provide specialty medical care in areas such as surgery, orthopedics, cardiology, oncology, urology, dermatology, and allergy/immunology. Your primary care Participating Provider will refer you to a Specialist when appropriate. In most cases, you will need a referral to see a Specialist the first time. Please call Member Services for information about specialty Services that require a referral or discuss your concerns with your primary care Participating Provider. In some cases, a standing referral may be allowed to a Specialist for a time period that is in accord with your individual medical needs as determined by the Participating Provider and Company.

Some outpatient specialty care is available in Participating Medical Offices without a referral. You do not need a referral for outpatient Services provided in the following departments at Participating Medical Offices owned and operated by Kaiser Permanente. Please call Member Services to schedule routine appointments in these departments:

- Audiology (routine hearing exams).
- Cancer Counseling.
- Chemical Dependency Services.
- Mental Health Services.
- Obstetrics/Gynecology.
- Occupational Health.
- Optometry (routine eye exams).
- Social Services.

### ***Referrals to Non-Participating Providers and Non-Participating Facilities***

If your Participating Provider decides that you require Services not available from Participating Providers or Participating Facilities, they will recommend to Medical Group and Company that you be referred to a Non-Participating Provider or Non-Participating Facility. If the Medical Group’s assigned Participating Provider

determines that the Services are Medically Necessary and are not available from a Participating Provider or Participating Facility and Company determines that the Services are covered Services, Company will authorize your referral to a Non-Participating Provider or Non-Participating Facility for the covered Services. You pay the same Cost Share for authorized referral Services that you would pay if you received the Services from a Participating Provider or at a Participating Facility. You will need written authorization in advance in order for the Services to be covered. If Company authorizes the Services, you will receive a written “Authorization for Outside Medical Care” approved referral to the Non-Participating Provider or Non-Participating Facility, and only the Services and number of visits that are listed on the written referral will be covered, subject to any benefit limitations and exclusions applicable to these Services.

## **Prior Authorization Review Requirements**

When you need Services, you should talk with your Participating Provider about your medical needs or your request for Services. Your Participating Provider provides covered Services that are Medically Necessary. Participating Providers will use their judgment to determine if Services are Medically Necessary. Some Services are subject to approval through Utilization Review, based on Utilization Review criteria developed by Medical Group or another organization utilized by the Medical Group and approved by Company. If you seek a specific Service, you should talk with your Participating Provider. Your Participating Provider will discuss your needs and recommend an appropriate course of treatment.

If you request Services that must be approved through Utilization Review and the Participating Provider believes they are Medically Necessary, the Participating Provider may submit the request for Utilization Review on your behalf.

If the request is denied, we will notify you and the requesting Participating Provider of the decision within two business days of the request. The decision letter will explain the reason for the determination along with instructions for filing an appeal.

If more information is needed to make a decision, we will notify you and the requesting Participating Provider in writing, of the specific additional information needed to make the determination, before the initial decision period ends.

We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.

If we do not receive any of the requested information, we will make a decision based on the information we have, 15 days after the date of the request for additional information.

You may request a copy of the complete Utilization Review criteria used to make the determination. Please contact Member Relations at 503-813-4480.

If you disagree with the prior authorization review decision made by Company, you may appeal the decision, by following the course of grievances and appeals as outlined in the “Grievances, Claims, Appeals and External Review” section.

Your Participating Provider will request prior authorization when necessary. The following are examples of Services that require prior authorization:

- Bariatric surgery Services.
- Breast reduction surgery.
- Dental and orthodontic Services for the treatment of craniofacial anomalies.
- Drug formulary exceptions.
- Durable Medical Equipment.
- External Prosthetic Devices and Orthotic Devices.

- Gender Affirming Treatment.
- General anesthesia and associated hospital or ambulatory surgical facility Services provided in conjunction with non-covered dental Services.
- Habilitative Services.
- Hospice and home health Services.
- Inpatient hospital Services.
- Inpatient and residential Chemical Dependency Services.
- Inpatient, residential, and Assertive Community Treatment (ACT) mental health Services.
- Non-emergency medical transportation.
- Open MRI.
- Plastic surgery.
- Referrals for any Non-Participating Facility Services or Non-Participating Provider Services.
- Referrals to Specialists who are not employees of Medical Group.
- Rehabilitative therapy Services.
- Routine foot Services.
- Skilled nursing facility Services.
- Transplant Services.
- Travel and lodging expenses.

For more information about Utilization Review, a copy of the complete Utilization Review criteria developed by Medical Group and approved by Company for a specific condition, or to talk to a Utilization Review staff person, please contact Member Services.

If you ask for Services that the Participating Provider believes are not Medically Necessary and does not submit a request on your behalf, you may ask for a second opinion from another Participating Provider. You should contact the manager in the area where the Participating Provider is located. Member Services can connect you with the correct manager, who will listen to your issues and discuss your options.

You may also choose to submit a request for Services that you have not yet received, as described under “Pre-service Claims and Appeals” in the “Grievances, Claims, Appeals, and External Review” section.

Except in the case of misrepresentation, prior authorization determinations that relate to your membership eligibility are binding on us if obtained no more than five business days before you receive the Service. Prior authorization determinations that relate to whether the Service is Medically Necessary or are covered under the Plan are binding on us if obtained no more than 30 days before you receive the Service. We may revoke or amend an authorization for Services you have not yet received if your membership terminates or your coverage changes or you lose your eligibility.

## **Participating Providers and Participating Facilities Contracts**

Participating Providers and Participating Facilities may be paid in various ways, including salary, per diem rates, case rates, fee-for-service, incentive payments, and capitation payments. Capitation payments are based on a total number of Members (on a per-Member per-month basis), regardless of the amount of Services provided. Company may directly or indirectly make capitation payments to Participating Providers and Participating Facilities only for the professional Services they deliver, and not for Services provided by other physicians, hospitals, or facilities. Call Member Services if you would like to learn more about the ways

Participating Providers and Participating Facilities are paid to provide or arrange medical and hospital Services for Members.

Our contracts with Participating Providers and Participating Facilities provide that you are not liable for any amounts we owe. You will be liable for the cost of non-covered Services that you receive from any providers or facilities, including Participating Providers and/or Participating Facilities.

## **Provider Whose Contract Terminates**

You may be eligible to continue receiving covered Services from a Participating Provider for a limited period of time after our contract with the Participating Provider terminates.

This continuity of care provision applies when our contract with a Participating Provider terminates, or when a physician's employment with Medical Group terminates, except when the termination is because of quality of care issues or because the Participating Provider:

- Has retired.
- Has died.
- No longer holds an active license.
- Has moved outside our Service Area.
- Has gone on sabbatical.
- Is prevented from continuing to care for patients because of other circumstances.

If you satisfy all of the following requirements, you may qualify for this continuity of care:

- You are a Member on the date you receive the Services.
- You are undergoing an active course of treatment that is Medically Necessary and you and the Participating Provider agree that it is desirable to maintain continuity of care.
- We would have covered the Services if you had received them from a Participating Provider.
- The provider agrees to adhere to the conditions of the terminated contract between the provider and Company or its designee.

Except for the pregnancy situation described below, this extension will continue until the earlier of the following:

- The day following the completion of the active course of treatment giving rise to your exercising your continuity of care right; or
- The 120th day from the date we notify you about the contract termination.

If you are in the second trimester of pregnancy this extension will continue until the later of the following dates:

- The 45th day after the birth; or
- As long as you continue under an active course of treatment, but no later than the 120th day from the date we notify you about the contract termination.

## **Receiving Care in Another Kaiser Foundation Health Plan Service Area**

You may receive covered Services from another Kaiser Foundation Health Plan, if the Services are provided, prescribed, or directed by that other plan, and if the Services would have been covered under this *EOC*.

Covered Services are subject to the terms and conditions of this *EOC*, including prior authorization requirements, the applicable Cost Share shown in the "Benefit Summary," and the exclusions, limitations and reductions described in this *EOC*.

For more information about receiving care in other Kaiser Foundation Health Plan service areas, including availability of Services, and provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at [kp.org/travel](http://kp.org/travel).

## **Out-of-Area Coverage for Dependents**

This limited out-of-area benefit is available to Dependent children who are outside any Kaiser Foundation Health Plan service area.

We cover certain Medically Necessary Services that a Dependent child receives from Non-Participating Providers inside the United States (which for the purpose of this benefit means the 50 states, the District of Columbia, and United States territories). These out-of-area benefits are limited to the following Services as otherwise covered under this *EOC*. Any other Services not specifically listed as covered are excluded under this out-of-area benefit.

- Office visits are limited to preventive care, primary care, specialty care, outpatient physical therapy visits, outpatient mental health and chemical dependency Services, and allergy injections – limited to ten visits combined per Year.
- Laboratory and diagnostic X-rays – limited to ten visits per Year. This benefit does not include special diagnostic procedures such as CT, MRI, or PET scans.
- Prescription drug fills – limited to ten fills per Year.

You pay the Cost Share as shown in the “Benefit Summary” under the “Out-of-Area Coverage for Dependents” section.

This out-of-area benefit cannot be combined with any other benefit, so we will not pay under this “Out-of-Area Coverage for Dependents” section for a Service we are covering under another section of this *EOC*, such as:

- “Receiving Care in Another Kaiser Foundation Health Plan Service Area.”
- Services covered in the “Emergency, Post-Stabilization, and Urgent Care” section and under “Your Primary Care Participating Provider” in the “How to Obtain Services” section.
- “Transplant Services.”

## **POST-SERVICE CLAIMS – SERVICES ALREADY RECEIVED**

In general, if you have a medical bill from a Non-Participating Provider or Non-Participating Facility, our Claims Administration Department will handle the claim. Member Services can assist you with questions about specific claims or about the claim procedures in general.

If you receive Services from a Non-Participating Provider following an authorized referral from a Participating Provider, the Non-Participating Provider will send the bill to Claims Administration directly. You are not required to file a claim.

However, if you receive Services from a Non-Participating Provider or Non-Participating Facility without an authorized referral and you believe Company should cover the Services, you need to send a completed medical claim form and the itemized bill to:

Kaiser Permanente  
National Claims Administration - Northwest  
PO Box 370050  
Denver, CO 80237-9998

You can request a claim form from Member Services or download it from **kp.org**. When you submit the claim, please include a copy of your medical records from the Non-Participating Provider or Non-Participating Facility if you have them.

Company accepts CMS 1500 claim forms for professional Services and UB-04 forms for hospital claims. Even if the provider bills Company directly, you still need to submit the claim form.

You must submit a claim for a Service within 12 months after receiving that Service. If it is not reasonably possible to submit a claim within 12 months, then you must submit a claim as soon as reasonably possible, but in no case more than 15 months after receiving the Service, except in the absence of legal capacity.

We will reach a decision on the claim and pay those covered Charges within 30 calendar days from receipt unless additional information, not related to coordination of benefits, is required to make a decision. If the 30-day period must be extended, you will be notified in writing with an explanation about why. This written notice will explain how long the time period may be extended depending on the requirements of applicable state and federal laws, including ERISA.

You will receive written notification about the claim determination. This notification will provide an explanation for any unpaid amounts. It will also tell you how to appeal the determination if you are not satisfied with the outcome, along with other important disclosures required by state and federal laws.

If you have questions or concerns about a bill from Company, you may contact Member Services for an explanation. If you believe the Charges are not appropriate, Member Services will advise you on how to proceed.

## **EMERGENCY, POST-STABILIZATION, AND URGENT CARE**

### **Coverage, Cost Share, and Reimbursement**

If you receive Emergency Services, Post-Stabilization Care, or Urgent Care from a Participating Provider or Participating Facility, we cover those Services only if they are covered under the “Benefits” section (subject to the “Exclusions and Limitations” section).

If you receive Emergency Services, Post-Stabilization Care, or Urgent Care from a Non-Participating Provider or Non-Participating Facility, we cover those Services only if they meet both of the following requirements:

- This “Emergency, Post-Stabilization, and Urgent Care” section says that we cover the Services if you receive them from a Non-Participating Provider or Non-Participating Facility.
- The Services would be covered under the “Benefits” section (subject to the “Exclusions and Limitations” section) if you received them from a Participating Provider or Participating Facility.

If you receive covered inpatient hospital Services, you pay the Cost Share shown in the “Benefit Summary” under “Inpatient Hospital Services,” regardless of whether the Services also constitute Emergency Services or Post-Stabilization Care. If you visit an emergency department and are not admitted directly as an inpatient, you pay the emergency department visit Cost Share shown in the “Benefit Summary” under “Outpatient Services” for all Services received in the emergency department.

You do not need to file a claim for Services that you receive from a Participating Provider or Participating Facility. If you receive covered Emergency Services, Post-Stabilization Care, or Urgent Care from a Non-Participating Provider or Non-Participating Facility, the Non-Participating Provider or Non-Participating Facility may agree to bill you for the Services or may require that you pay for the Services when you receive them. In either case, to request payment or reimbursement from us, you must file a claim as described in the “Post-service Claims – Services Already Received” section.

## Emergency Services

If you have an Emergency Medical Condition, call 911 (where available) or go to the nearest hospital emergency department. You do not need prior authorization for Emergency Services. When you have an Emergency Medical Condition, we cover Emergency Services you receive from Participating Providers, Participating Facilities, Non-Participating Providers, and Non-Participating Facilities anywhere in the world, as long as the Services would have been covered under the “Benefits” section (subject to the “Exclusions and Limitations” section) if you had received them from Participating Providers or Participating Facilities. You pay the emergency department visit Cost Share shown in the “Benefit Summary” under “Outpatient Services” for all Services received in the emergency department.

If you have an Emergency Medical Condition, we cover licensed ambulance Services that are not ordered by a Participating Provider only if all of the following are true:

- Your condition requires use of medical Services that only a licensed ambulance can provide.
- Use of all other means of transportation, whether or not available, would endanger your health.
- The ambulance transports you to a hospital where you receive covered Emergency Services.

Emergency Services are available from Participating Hospital emergency departments 24 hours a day, seven days a week. Contact Member Services or see our *Medical Facility Directory* for locations of these emergency departments.

## Post-Stabilization Care

Post-Stabilization Care is Services you receive for the acute episode of your Emergency Medical Condition after that condition is clinically stable. (“Clinically stable” means that no material deterioration of the Emergency Medical Condition is likely, within reasonable medical probability, to result from or occur during your discharge or transfer from the hospital.) We cover Post-Stabilization Care only if one of the following is true:

- A Participating Provider or Participating Facility provides the Services.
- We authorize the Services from the Non-Participating Provider or Non-Participating Facility before you receive the Services (or later, if extraordinary circumstances delay your ability to call us but you call us as soon as reasonably possible).

Coverage for Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility is limited to the Allowed Amount. In addition to the applicable Cost Share, you are responsible for paying any amount over the Allowed Amount, and any such payments do not count toward the Out-of-Pocket Maximum. You are not responsible for paying any amount over the Allowed Amount for Post-Stabilization Care from a Non-Participating Provider at a Participating Facility.

To request prior authorization for your receiving Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility, you or someone on your behalf must call us at 503-735-2596, or toll free at 1-877-813-5993, before you receive the Services if it is reasonably possible to do so, but no later than 24 hours after any admission.

We understand that extraordinary circumstances can delay your ability to call us, for example if you are unconscious or if there is no parent or guardian with a young child. In these cases, you or someone on your behalf must call us as soon as reasonably possible. If you (or someone on your behalf) do not call us by the applicable deadline, we will not cover Post-Stabilization Care that you receive from a Non-Participating Provider or Non-Participating Facility.

After we are notified, we will discuss your condition with the Non-Participating Provider. If we decide that the Post-Stabilization Care is Medically Necessary and would be covered if you received it from a Participating Provider or Participating Facility, we will either authorize the Services from the

Non-Participating Provider or Non-Participating Facility, or arrange to have a Participating Provider or Participating Facility provide the Services.

If we decide to arrange to have a Participating Provider or Participating Facility (or other designated provider or facility) provide the Services to you, we may authorize special transportation Services that are medically required to get you to the provider or facility. This may include transportation that is otherwise not covered.

## **Urgent Care**

### ***Inside our Service Area***

We cover Urgent Care inside our Service Area during certain hours at designated Urgent Care facilities and Participating Medical Offices. Please contact Member Services or see our *Medical Facility Directory* for Urgent Care locations and the hours when you may visit them for covered Urgent Care.

### ***Outside our Service Area***

If you are temporarily outside our Service Area, we cover Urgent Care you receive from a Non-Participating Provider or Non-Participating Facility if we determine that the Services were necessary to prevent serious deterioration of your health and that the Services could not be delayed until you returned to our Service Area.

## **WHAT YOU PAY**

### **Copayments and Coinsurance**

The Copayment or Coinsurance for each covered Service is shown in the “Benefit Summary.” Copayments or Coinsurance are due when you receive the Service.

### **Out-of-Pocket Maximum**

There is a maximum to the total dollar amount of Copayments, and Coinsurance that you must pay for covered Services that you receive within the same Year.

If you are the only Member in your Family, then you must meet the self-only Out-of-Pocket Maximum. If there is at least one other Member in your Family, then you must each meet the individual Family Member Out-of-Pocket Maximum, or your Family must meet the Family Out-of-Pocket Maximum, whichever occurs first. Each individual Family Member Out-of-Pocket Maximum amount counts toward the Family Out-of-Pocket Maximum amount. The Out-of-Pocket Maximum amounts are shown in the “Benefit Summary.”

All Copayments, and Coinsurance count toward the Out-of-Pocket Maximum, unless otherwise indicated. After you reach the Out-of-Pocket Maximum, you are not required to pay Copayments and Coinsurance for these Services for the remainder of the Year. Member Services can provide you with the amount you have paid toward your Out-of-Pocket Maximum.

The following amounts do not count toward the Out-of-Pocket Maximum and you will continue to be responsible for these amounts even after the Out-of-Pocket Maximum is satisfied:

- Payments for Services that are not covered under this *EOC*.
- Payments that you make because we already covered the benefit maximum amount or the maximum number of days or visits for a Service.
- Payments for Services under the “Hearing Aids for Adults” section
- Amounts recovered from a liability claim against another party subject to reimbursement under the “Injuries or Illnesses Alleged to be Caused by Other Parties” section.

The allowance applies to all hearing aids obtained in that benefit period. You do not have to use the allowance for both ears at the same time. You pay the Copayment or Coinsurance shown in the “Benefit Summary.” You will be responsible for any Charges exceeding the allowance. The date we cover a

hearing aid is the date on which you are fitted for the hearing aid. Therefore, if you are fitted for a hearing aid while you are covered under this *EOC*, and if we would otherwise cover the hearing aid, we will provide the allowance even if you do not receive the hearing aid until after you are no longer covered under this *EOC*.

## Outpatient Durable Medical Equipment (DME)

We cover outpatient Durable Medical Equipment (DME) subject to Utilization Review by Company using criteria developed by Medical Group and approved by Company.

DME must be for use in your home (or a place of temporary or permanent residence used as your home).

When you receive DME in a home health setting in lieu of hospitalization, DME is covered at the same level as if it were received in an inpatient hospital care setting.

We decide whether to rent or purchase the DME, and we select the vendor. We also decide whether to repair, adjust, or replace the DME item when necessary.

Covered DME includes, but is not limited to:

- Bilirubin lights.
- CADD (continuous ambulatory drug delivery) pumps.
- Diabetic equipment and supplies including external insulin pumps, infusion devices, blood glucose monitors, continuous glucose monitors, lancets, and injection aids.

We periodically update the list of approved DME items to keep pace with changes in medical technology and clinical practice. To find out if a particular DME item is on our approved list for your condition, please call Member Services.

Coverage is limited to the standard DME item that adequately meets your medical needs. Our guidelines allow you to obtain non-standard DME items (those not on our approved list for your condition) if we determine that the item meets all other coverage requirements, and Medical Group or a designated physician determines that the item is Medically Necessary and that there is no standard alternative that will meet your medical needs.

We cover outpatient prescription drugs and supplies as described in this “Outpatient Prescription Drugs and Supplies” section.

Covered drugs and supplies must be prescribed by a Participating Provider or any licensed dentist in accordance with our drug formulary guidelines.

Covered drugs and supplies include those that the law requires to bear the legend “Rx only” and non-prescription items that our drug formulary lists for certain conditions, such as certain preventive medications or drugs supplies prescribed for the treatment of diabetes. You must obtain drugs and supplies at a Participating Pharmacy (including our Mail-Order Pharmacy) or in a prepackaged take-home supply from a Participating Facility or Participating Medical Office. You may obtain a first fill of a drug or supply at any Participating Pharmacy. All refills must be obtained through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy), or at another Participating Pharmacy that we designate for covered refills. See your *Medical Facility Directory*, visit **kp.org**, or contact Member Services.

### ***Covered Drugs and Supplies***

Items covered under this “Outpatient Prescription Drugs and Supplies” benefit include:

We cover additional diabetic equipment and supplies, including lancets and injection aids, under the “Outpatient Durable Medical Equipment (DME)” section and the “External Prosthetic Devices and Orthotic Devices” section.
- Self-administered chemotherapy medications used for the treatment of cancer.

### ***Cost Share for Covered Drugs and Supplies***

When you get a prescription from a Participating Pharmacy, Participating Facility, or Participating Medical Office, or order a prescription from our Mail-Order Pharmacy, you pay the applicable Cost Share as shown in the “Benefit Summary.” This applies for each prescription consisting of up to the day supply shown in the “Benefit Summary.”

Outpatient prescription drugs and supplies are subject to the applicable Cost Share until the medical Out-of-Pocket Maximum is met.

If Charges for the drug or supply are less than your Copayment, you pay the lesser amount.

When you obtain your prescription through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy) you may be able to use a drug manufacturer coupon as payment for your prescription Cost Share. If the coupon does not cover the entire amount of your Cost Share, you are responsible for the additional amount up to the applicable Cost Share as shown in the “Benefit Summary.” When you use a coupon for payment of your Cost Share, the coupon amount counts toward the Out-of-Pocket Maximum. For more information about the Kaiser Permanente coupon program rules and limitations, please call Member Services, or go to [kp.org/rxcoupons](http://kp.org/rxcoupons).

### ***Day Supply Limit***

The prescribing provider determines how much of a drug or supply to prescribe. For purposes of day supply coverage limits, the prescribing provider determines the amount of a drug or supply that constitutes a Medically Necessary 30-day (or any other number of days) supply for you. When you pay the applicable Cost Share shown in the “Benefit Summary,” you will receive the prescribed supply up to the day supply limit. If you wish to receive more than the covered day supply limit, then you must pay Charges for any prescribed quantity that exceeds the day supply limit.

You may receive a three-month supply for a first dispensing of a contraceptive drug and a 12-month supply of a subsequent dispensing of the same contraceptive drug, unless you request a smaller supply.

### ***Medication Synchronization***

Medication synchronization is the coordination of medication refills, if you are taking two or more medications for a chronic condition, so that your medications are refilled on the same schedule. You may

request medication synchronization for a new prescription from the prescribing provider or a Participating Pharmacy who will determine the appropriateness of medication synchronization for the drugs being dispensed and inform you of the decision.

### **How to Get Covered Drugs or Supplies**

Participating Pharmacies are located in many Participating Facilities. To find a Participating Pharmacy, please see your *Medical Facility Directory*, visit **kp.org**, or contact Member Services.

Participating Pharmacies include our Mail-Order Pharmacy. This pharmacy offers postage-paid delivery to addresses in Oregon and Washington. ### **Definitions**

The following terms, when capitalized and used in this “Outpatient Prescription Drugs and Supplies” section, mean:

- **Brand-Name Drug.** The first approved version of a drug. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Generic Drug.** A drug that contains the same active ingredient as a Brand-Name Drug and is approved by the U.S. Food and Drug Administration (FDA) as being therapeutically equivalent and having the same active ingredient(s) as the Brand-Name Drug. Generally, Generic Drugs cost less than Brand-Name Drugs, and must be identical in strength, safety, purity, and effectiveness.
- **Non-Preferred Brand-Name Drug.** A Brand-Name drug or supply that is not approved by Company’s Regional Formulary and Therapeutics Committee and requires prior authorization for coverage.
- **Preferred Brand-Name Drug.** A Brand-Name drug or supply that Company’s Regional Formulary and Therapeutics Committee has approved. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Specialty Drug.** A drug or supply, including many self-injectables as well as other medications, often used to treat complex chronic health conditions, is generally high cost, and is approved by the U.S. Food and Drug Administration (FDA). Specialty drug treatments often require specialized delivery, handling, monitoring, and administration.

### **About Our Drug Formulary**

Our drug formulary is a list of drugs that our Regional Formulary and Therapeutics Committee has reviewed and approved for our Members and includes drugs covered under this *EOC*. Drugs on the formulary have been approved by the FDA.

Our Regional Formulary and Therapeutics Committee is made up of Participating Physicians, other Participating Providers, pharmacists, and administrative staff. The committee chooses drugs for the formulary based on several factors, including safety and effectiveness as determined from a review of the scientific literature. They may not approve a drug if there is not enough scientific evidence that it is clinically effective. They may also exclude a drug if it does not have a clinical or cost advantage over comparable formulary drugs.

The Regional Formulary and Therapeutics Committee meets to review new drugs and reconsider drugs currently on the market. After this review, they may add drugs to the formulary or remove drugs from it. If a drug is removed from the formulary, you will need to switch to another comparable drug that is on the drug

formulary, unless your old drug meets exception criteria. Refer to the “Drug Formulary Exception Process” in this “Outpatient Prescription Drugs and Supplies” section for more information.

If a formulary change affects a prescription drug you are taking, we encourage you to discuss any questions or concerns with your Participating Provider or another member of your health care team.

Drugs on our formulary may move to a different drug tier during the Year. For example, a drug could move from the Non-Preferred Brand-Name Drug list to the Preferred Brand-Name Drug list. If a drug you are taking is moved to a different drug tier, this could change the Cost Share you pay for that drug.

To see if a drug or supply is on our drug formulary, or to find out what drug tier the drug is in, go online to [kp.org/formulary](http://kp.org/formulary). You may also call our Formulary Application Services Team (FAST) at 503-261-7900 or toll free at 1-888-572-7231. If you would like a copy of our drug formulary or additional information about the formulary process, please call Member Services. The presence of a drug on our drug formulary does not necessarily mean that your Participating Provider will prescribe it for a particular medical condition.

### **Drug Formulary Exception Process**

Our drug formulary guidelines include an exception process that is available when a Participating Provider or any licensed dentist prescribes a drug or supply that our drug formulary does not list for your condition, if the law requires the item to bear the legend “Rx only.” The exception process is not available for drugs and supplies that the law does not require to bear this legend, or for any drug or supply prescribed by someone other than a Participating Provider or any licensed dentist.

A Participating Provider or any licensed dentist may request an exception if they determine that the non-formulary drug or supply is Medically Necessary. We will make a coverage determination within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests.

We will approve the exception if all of the following requirements are met:

- We determine that the drug or supply meets all other coverage requirements except for the fact that our drug formulary does not list it for your condition.
- Medical Group or a designated physician makes the following determinations:
  - The drug or supply is Medically Necessary because you are allergic to, or intolerant of, or have experienced treatment failure with, any alternative drugs or supplies that our drug formulary lists for your condition.
  - Your condition meets any additional requirements that the Regional Formulary and Therapeutics Committee has approved for the drug or supply. For this drug or supply, the pharmacy can provide a copy of the additional criteria upon request. In some cases, there may be a short delay in filling your prescription while your information is being reviewed.

If we approve an exception through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the “Benefit Summary.”

If we do not approve the formulary exception request, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under “External Review” in the “Grievances, Claims, Appeals, and External Review” section.

### **Prior Authorization and Step Therapy Prescribing Criteria**

Prior authorization is required when you are prescribed certain drugs or supplies before they can be covered. A Participating Provider may request prior authorization if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to Company the medical information necessary for Company to make the prior authorization determination. Coverage for a prescribed drug or supply that is approved for prior authorization begins on the date Company approves the request.

A list of those drugs and supplies that require prior authorization is available online at **kp.org** or you may contact Member Services.

We apply step therapy prescribing criteria, developed by Medical Group and approved by Company, to certain drugs and supplies. The step therapy prescribing criteria require that you try a therapeutically similar drug (step 1) for a specified length of time before we will cover another drug (step 2) prescribed for the same condition. A list of drugs and supplies subject to step therapy prescribing criteria, and the requirements for moving to the next step drug, is available online at **kp.org** or you may contact Member Services.

### ***Prior Authorization Exception Process***

We have a process for you or your prescribing Participating Provider to request a review of a prior authorization determination that a drug or supply is not covered. This exception process is not available for drugs and supplies that the law does not require to bear the legend “Rx only.”

Your prescribing Participating Provider may request an exception if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to the Participating Pharmacy the medical information necessary to review the request for exception. A coverage determination will be made within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests.

If the exception request is approved through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the “Benefit Summary.”

If the exception request is not approved, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under “External Review” in the “Grievances, Claims, Appeals, and External Review” section.

### ***Emergency Fill***

For purposes of this section, “emergency fill” means a limited dispensed amount of the prescribed drug that allows time for the processing of a prior authorization request. You may have the right to receive an emergency fill of a prescription drug that requires prior authorization under the following circumstances:

- the Participating Pharmacy is unable to reach the Company’s prior authorization department by phone, as it is outside the department’s business hours; or
- the Participating Pharmacy is unable to reach the prescribing Participating Provider for full consultation, and
- delay in treatment would result in imminent emergency care, hospital admission or might seriously jeopardize the life or health of the patient or others in contact with the patient.

An emergency fill must be received at a Participating Pharmacy and is subject to the applicable Cost Share shown in the “Benefit Summary.” An emergency fill is limited to no more than a seven-day supply or the minimum packaging size available.

## **Your Prescription Drug Rights**

You have the right to safe and effective pharmacy Services. You also have the right to know what drugs are covered under this Plan and the limits that apply. If you have a question or a concern about your prescription drug benefits, please contact Member Services or visit us online at **kp.org**.

## **Medication Management Program**

The Medication Management Program is available at no extra cost to Members who use Participating Pharmacies. The program’s primary focus is on reducing cardiovascular risk by controlling lipid levels and high blood pressure. Providers, including pharmacists, nurse care managers, and other staff, work with Members to educate, monitor, and adjust medication doses.

## Outpatient Prescription Drugs and Supplies Limitations

- If your prescription allows refills, there are limits to how early you can receive a refill. In most cases, we will refill your prescription when you have used at least 75 percent of the quantity. Prescriptions for controlled substances cannot be refilled early. Please ask your pharmacy if you have questions about when you can get a covered refill.
- The Participating Pharmacy may reduce the day supply dispensed at the applicable Cost Share to a 30-day supply in any 30-day period if it determines that the drug or supply is in limited supply in the market or for certain other items. Your Participating Pharmacy can tell you if a drug or supply you use is one of these items.
- For certain drugs or supplies we may limit the amount of a drug or supply that is covered for a specified time frame. Quantity limits are in place to ensure safe and appropriate use of a drug or supply. Drugs and supplies subject to quantity limits are indicated on our drug formulary, available at **kp.org/formulary**. You may also contact Member Services for more information.
- Not all drugs are available through mail order. Examples of drugs that cannot be mailed include controlled substances as determined by state and/or federal regulations, drugs that require special handling, and drugs affected by temperature.

- Company, Participating Hospitals, Medical Group, and Participating Providers are not responsible for finding, furnishing, or ensuring the availability of an organ, tissue, or bone marrow donor.
- We provide or pay for certain donation-related Services for a donor, or an individual identified by Medical Group as a potential donor, even if the donor is not a Member. These Services must be directly related to a covered transplant for you. Our criteria for coverage of Services for living transplant donors are available by calling Member Services.
- If we refer you for or preauthorize transplant Services at a distant location (farther away than the normal community patterns of care) and you choose to obtain your transplant at this distant location, we cover appropriate travel and lodging expenses for you and a caregiver. Your transplant coordinator can provide information about covered expenses.

# REDUCTIONS

## Coordination of Benefits

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules governs the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100 percent of the total Allowable expense.

### Definitions

- A. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.
- (1) Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, group or individual closed panel Plans, other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; Medicare or any other federal governmental Plan, as permitted by law; and group and individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care.
  - (2) Plan does not include: independent, non-coordinated hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determines whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan.

When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100 percent of the total Allowable expense.

- D. Allowable expense is a health care expense, including deductibles, coinsurance, and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of Services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable expense.

The following are examples of expenses that are not Allowable expenses:

- (1) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
  - (2) If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
  - (3) If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
  - (4) If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary Plan to determine its benefits.
  - (5) The amount of any benefit reduction by the Primary Plan because a covered person has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- E. Closed panel Plan is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

### ***Order of Benefit Determination Rules***

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
- B. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying Plan is primary.
- (2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel Plan to provide out-of-network benefits.
- C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:

- (1) Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, subscriber or retiree is the Secondary Plan and the other Plan is the Primary plan.
- (2) Dependent child covered under more than one Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
  - (a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
    - (i) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
    - (ii) If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
  - (b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
    - (i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
    - (ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph (a) above shall determine the order of benefits;
    - (iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph (a) above shall determine the order of benefits; or
    - (iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
      1. The Plan covering the Custodial parent;
      2. The Plan covering the spouse of the Custodial parent;
      3. The Plan covering the non-custodial parent; and then
      4. The Plan covering the spouse of the non-custodial parent.
  - (c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
  - (d) For a dependent child:
    - (i) Who has coverage under either or both parents' plans and also has coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.
    - (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent and the dependent's spouse.

- (3) Active employee or retired or laid-off employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid-off nor retired, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
- (4) COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
- (5) Longer or shorter length of coverage. The Plan that covered the person as an employee, member, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
- (6) If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

### ***Effect on the Benefits of This Plan***

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary Plan shall credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a covered person is enrolled in two or more Closed panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed panel Plan, COB shall not apply between that Plan and other Closed panel Plans.

### ***Right to Receive and Release Needed Information***

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable.

### ***Facility of Payment***

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, it may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

## ***Right of Recovery***

If the amount of the payments made by This Plan is more than it should have paid under this COB provision, This Plan may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

Contact Your State Insurance Department**

## **Hospitalization on Your Effective Date**

If you are an inpatient in a hospital on your membership effective date but had other Group coverage on the day before your membership effective date, your other Group coverage will be responsible for covering the Services you receive until you are released from the hospital, or until you have exhausted your benefit with the other Group coverage and the benefits available under this Plan will be reduced accordingly.

## **Injuries or Illnesses Alleged to be Caused by Other Parties**

This “Injuries or Illnesses Alleged to be Caused by Other Parties” section applies if you receive covered Services for an injury or illness alleged to be any of the following:

- Caused by another party’s act or omission.
- Received on the premises of another party.

Subject to applicable law, if you obtain a settlement, award, or judgment from or on behalf of another party or insurer, you must ensure we are reimbursed for covered Services that you receive for the injury or illness, except that:

- for injuries caused by a motor vehicle accident, we will not collect to the extent that the payment would leave you less than fully compensated for your injury or illness; and
- for injuries or illnesses that are not caused by a motor vehicle accident, we will not collect more than the amount you receive from or on behalf of the other party.

This “Injuries or Illnesses Alleged to be Caused by Other Parties” section does not affect your obligation to pay any applicable Cost Share for these covered Services. The amount of reimbursement due to the Plan is not limited by or subject to the Out-of-Pocket Maximum.

If you do not recover anything from or on behalf of the other party, then you are responsible only for any applicable Cost Share.

To the extent permitted by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against another party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by another party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney, but we will be subrogated only to the extent of the total Charges for the relevant covered Services.

To secure our rights, we will have a lien on the proceeds of any judgment, award, or settlement you or we (when we subrogate) obtain against another party, regardless of how those proceeds may be characterized or designated. Subject to applicable law, the proceeds of any judgment, award, or settlement that you or we obtain shall first be applied to satisfy our lien, regardless of whether the total amount of the proceeds is less than the actual losses and damages you incurred. In the case of motor vehicle accidents, the proceeds shall only be applied to satisfy our lien after you are reimbursed the total amount of the actual losses and damages you incurred.

You must make all reasonable efforts to pursue any claim you may have against another party. After submitting or filing a claim or legal action against another party, you must send written notice of the claim or legal action by personal service or by registered or certified mail to us at:

Equian, LLC  
Attn: Subrogation Operations  
P.O. Box 36380  
Louisville, KY 40233  
Fax: 502-214-1291

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send to us all consents, releases, trust agreements, authorizations, assignments, and other documents, including lien forms directing your attorney, the responsible party, and the responsible party's insurer to pay us directly. You must not take any action prejudicial to our rights.

You must provide us written notice before you settle a claim or obtain a judgment or award, or if it appears you will make a recovery of any kind. Subject to applicable law, if you recover any amounts from another party or any insurer based on your injury or illness, you must pay us or place sufficient funds to satisfy our claims in a specifically identifiable account. Pending final resolution of the claims, you must retain control over the recovered amounts to which we may assert a right.

In addition to the rights set forth above, we shall also be entitled to all of the remedies, benefits, and other rights of sections 742.520 – 742.544, Oregon Revised Statutes.

If your estate, parent, guardian, or conservator asserts a claim against another party based on your injury or illness, your estate, parent, guardian, or conservator and any settlement, award, or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

## **Surrogacy Arrangements**

If you enter into a Surrogacy Arrangement, whether traditional or gestational, you must ensure we are reimbursed for covered Services you receive related to conception, pregnancy, delivery, or postpartum care in connection with that arrangement ("Surrogacy Health Services"), except that the amount we collect will not exceed the payments or other compensation you and any other payee are entitled to receive under the Surrogacy Arrangement. A "Surrogacy Arrangement" is one in which a woman agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate. This includes any person who is impregnated by artificial insemination, intrauterine insemination, in vitro fertilization or through the surgical implantation of a fertilized egg of another person and includes both traditional surrogacy and gestational carriers. Note: This "Surrogacy Arrangements" section does not affect your obligation to pay any applicable Cost Share, or other amounts you are required to pay for these Services. After you surrender a baby to the legal parents, you are not obligated to pay Charges for any Services that the baby receives (the legal parents are financially responsible for any Services that the baby receives).

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or any other payee under the Surrogacy Arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and on any escrow account, trust, or any other account that holds those payments. Those payments (and amounts in any escrow account, trust, or other account that holds those payments) shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receive, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receive
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

Surrogacy Other Party Liability Supervisor  
Equian  
P.O. Box 36380  
Louisville, KY 40233-6380  
Fax: 1-502-214-1137  
Phone: 1-800-552-8314

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this “Surrogacy Arrangements” section and to satisfy those rights. You may not agree to waive, release, or reduce our rights under this “Surrogacy Arrangements” section without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on the surrogacy arrangement, your estate, parent, guardian, or conservator and any settlement, award, or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against that party. We may assign our rights to enforce our liens and other rights.

## **Workers’ Compensation or Employer’s Liability**

We will not reimburse for Services for any illness, injury, or condition to the extent a payment or any other benefit, including any amount received as a settlement (collectively referred to as “Financial Benefit”), is provided under any workers’ compensation or employer’s liability law. We will provide Services even if it is unclear whether you are entitled to a financial benefit, but we may recover Charges for any such Services from the following sources:

- Any source providing a financial benefit or from whom a financial benefit is due.
- You, to the extent that a financial benefit is provided or payable or would have been required to be provided or payable if you had diligently sought to establish your rights to the financial benefit under any workers’ compensation or employer’s liability law.

## **GRIEVANCES, CLAIMS, APPEALS, AND EXTERNAL REVIEW**

The following terms have the following meanings when used in this “Grievances, Claims, Appeals, and External Review” section:

A claim is a request for us to:

- Provide or pay for a Service that you have not received (pre-service claim);
- Continue to provide or pay for a Service that you are currently receiving (concurrent care claim); or

- Pay for a Service that you have already received (post-service claim).

An adverse benefit determination is our denial, reduction, or termination of a Service, or our failure or refusal to provide or to make a payment in whole or in part for a Service that is based on a:

- Denial or termination of enrollment of an individual in a health benefit plan;
- Rescission or cancellation of a policy;
- Imposition of a preexisting condition exclusion, source-of-injury exclusion, network exclusion, annual benefit limit or other limitation on otherwise covered Services;
- Determination that a Service is experimental or investigational or not Medically Necessary or appropriate; or
- Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care.

A grievance is communication expressing dissatisfaction with an adverse benefit determination, without specifically declining any right to appeal or review, that is:

- In writing, for an internal appeal or an external review;
- In writing or orally for an expedited response or an expedited external review; or
- A complaint regarding the:
  - o Availability, delivery, or quality of a Service;
  - o Claims payment, handling or reimbursement for Services and, unless a request for an internal appeal has not been submitted, the complaint is not disputing an adverse benefit determination; or
  - o Matters pertaining to the contractual relationship between the Member and Company.

An internal appeal is a request for us to review our initial adverse benefit determination.

If you miss a deadline for making a claim or appeal, we may decline to review it.

Except when simultaneous external review can occur (urgent pre-service appeal and urgent concurrent appeal), you must exhaust the internal claims and appeals procedure (as described below in this “Grievances, Claims, Appeals, and External Review” section).

## **Member Satisfaction Procedure**

We want you to be satisfied with the Services you receive from Kaiser Permanente. ## **Providing Additional Information Regarding Your Claim**

When you appeal, you may send us additional information including comments, documents, and additional medical records that you believe support your claim. If we asked for additional information and you did not provide it before we made our initial decision about your claim, then you may still send us the additional information so that we may include it as part of our review of your appeal. Please send or fax all additional information to:

We will add the information that you provide through testimony or other means to your claim file and we will review it without regard to whether this information was submitted and/or considered in our initial decision regarding your claim.

## **Sharing Additional Information That We Collect**

If we believe that your appeal of our initial adverse benefit determination will be denied, then before we issue another adverse benefit determination, we will also share with you any new or additional reasons for that decision. We will send you a letter explaining the new or additional information and/or reasons and inform you how you can respond to the information in the letter if you choose to do so. If you do not respond before we must make our final decision, that decision will be based on the information already in your claim file.

## **Internal Claims and Appeals Procedures**

Company will review claims and appeals, and we may use medical experts to help us review them.

There are several types of claims, and each has a different procedure described below for sending your claim and appeal to us as described in this “Internal Claims and Appeals Procedures” section:

- Pre-service claims (urgent and non-urgent)
- Concurrent care claims (urgent and non-urgent)
- Post-service claims

When you file an appeal, we will review your claim without regard to our previous adverse benefit determination. The individual who reviews your appeal will not have participated in our original decision regarding your claim nor will they be the subordinate of someone who did participate in our original decision.

## Pre-service Claims and Appeals

Pre-service claims are requests that we provide or pay for a Service that you have not yet received. Failure to receive authorization before receiving a Service that must be authorized in order to be a covered benefit may be the basis for our denial of your pre-service claim or a post-service claim for payment. If you receive any of the Services you are requesting before we make our decision, your pre-service claim or appeal will become a post-service claim or appeal with respect to those Services. If you have any general questions about pre-service claims or appeals, please call Member Services.

Here are the procedures for filing a non-urgent pre-service claim, an urgent pre-service claim, a non-urgent pre-service appeal, and an urgent pre-service appeal.

### Non-Urgent Pre-service Claim

- You may request a pre-service benefit determination on your own behalf. Tell us in writing that you want to make a claim for us to provide or pay for a Service you have not yet received. Your request and any related documents you give us constitute your claim. You must mail or fax your claim to us at:

Kaiser Foundation Health Plan of the Northwest  
Member Relations Department  
500 NE Multnomah St., Suite 100  
Portland, OR 97232-2099  
Fax: 1-855-347-7239

- If you want us to consider your pre-service claim on an urgent basis, your request should tell us that. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will review your claim and, if we have all the information we need, we will make a decision within a reasonable period of time, but no later than two business days after we receive your claim.

We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you prior to the expiration of the initial decision period.

If more information is needed to make a decision, we will ask you for the information in writing within two business days after we receive your claim, and we will give you 15 calendar days to send the information.

We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within 15 calendar days after we send our request, we will make a decision based on the information we have no later than 15 calendar days following the date the additional information was requested.

If we notify you of our decision orally, we will send you written confirmation no later than two business days after the oral notification.

- We will send written notice of our decision to you and, if applicable, to your provider.

### **Urgent Pre-service Claim**

- If your pre-service claim was considered on an urgent basis, we will notify you of our decision orally or in writing within a timeframe appropriate to your clinical condition, but no later than two business days after we receive your claim.
- We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you prior to the expiration of the initial decision period.
- If more information is needed to make a decision, we will ask you for the information in writing within 2 business days after we receive your claim, and we will give you 15 calendar days to send the information.
- We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.
- We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.
- If we do not receive any of the requested information (including documents) within 15 calendar days after we send our request, we will make a decision based on the information we have no later than 15 calendar days following the date the additional information was requested.

If we notify you of our decision orally, we will send you written confirmation no later than two business days after the oral notification.

- If we deny your claim (if we do not agree to provide or pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

### **Non-Urgent Pre-service Appeal**

- Within 180 calendar days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our denial of your pre-service claim. Please include the following:
  - (1) Your name and health record number;
  - (2) Your medical condition or relevant symptoms;
  - (3) The specific Service that you are requesting;
  - (4) All of the reasons why you disagree with our adverse benefit determination; and
  - (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest  
 Member Relations Department  
 500 NE Multnomah St., Suite 100  
 Portland, OR 97232-2099  
 Fax: 1-855-347-7239

- We will acknowledge your appeal in writing within five calendar days after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.

- We will review your appeal and send you a written decision within 30 calendar days after we receive your appeal.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

### **Urgent Pre-service Appeal**

- Tell us that you want to urgently appeal our adverse benefit determination regarding your pre-service claim. Please include the following:
  - (1) Your name and health record number;
  - (2) Your medical condition or relevant symptoms;
  - (3) The specific Service that you are requesting;
  - (4) All of the reasons why you disagree with our adverse benefit determination; and
  - (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail, call, or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest  
 Member Relations Department  
 500 NE Multnomah St., Suite 100  
 Portland, OR 97232-2099  
 Phone: 503-813-4480  
 Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our initial adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your pre-service appeal qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Grievances, Claims, Appeals, and External Review” section), if our internal appeal decision is not in your favor.
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and give you oral or written notice of our decision as soon as your clinical condition requires, but no later than 72 hours after we received your appeal. If we notify you of our decision orally, we will send you a written confirmation within three calendar days after the oral notification.

- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

### **Concurrent Care Claims and Appeals**

Concurrent care claims are requests that Company continues to provide, or pay for, an ongoing course of covered treatment to be provided over a period of time or number of treatments, when the course of treatment already being received is scheduled to end. If you have any general questions about concurrent care claims or appeals, please call Member Services.

Unless you are appealing an urgent care claim, if we either (a) deny your request to extend your current authorized ongoing care (your concurrent care claim) or (b) inform you that authorized care that you are currently receiving is going to end early and you appeal our adverse benefit determination at least 24 hours before your ongoing course of covered treatment will end, then during the time that we are considering your appeal, you may continue to receive the authorized Services. If you continue to receive these Services while we consider your appeal and your appeal does not result in our approval of your concurrent care claim, then you may have to pay for the Services that we decide are not covered.

Here are the procedures for filing a non-urgent concurrent care claim, an urgent concurrent care claim, a non-urgent concurrent care appeal, and an urgent concurrent care appeal:

#### **Non-Urgent Concurrent Care Claim**

- Tell us that you want to make a concurrent care claim for an ongoing course of covered treatment. Inform us in detail of the reasons that your authorized ongoing care should be continued or extended. Your request and any related documents you give us constitute your claim. You must mail, call, or fax your claim to us at:

Kaiser Foundation Health Plan of the Northwest  
Member Relations Department  
500 NE Multnomah St., Suite 100  
Portland, OR 97232-2099  
Phone: 1-800-813-2000  
Fax: 1-855-347-7239

- If you want us to consider your claim on an urgent basis and you contact us at least 24 hours before your authorized care ends, you may request that we review your concurrent claim on an urgent basis. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will review your claim, and if we have all the information we need, we will make a decision within a reasonable period of time.

If you submitted your claim 24 hours or more before your authorized care is ending, we will make our decision before your authorized care actually ends.

If your authorized care ended before you submitted your claim, we will make our decision, but no later than 15 calendar days after we receive your claim.

We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we send you notice before the initial decision period ends.

If more information is needed to make a decision, we will ask you for the information in writing before the initial decision period ends, and we will give you until your care is ending or, if your care has ended, 45 calendar days to send us the information.

We will make our decision as soon as possible, if your care has not ended, or within 15 calendar days after we first receive any information (including documents) we requested.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within the stated timeframe after we send our request, we will make a decision based on the information we have within the appropriate timeframe, not to exceed 15 calendar days following the end of the timeframe we gave you for sending the additional information.

- We will send written notice of our decision to you and, if applicable, to your provider.

### **Urgent Concurrent Care Claim**

- If we consider your concurrent care claim on an urgent basis, we will notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 24 hours after we received your claim. If we notify you of our decision orally, we will send you written confirmation within three calendar days after the oral notification.
- If more information is needed to make a decision, we will give you seven calendar days to send the information.
- We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

We will notify you of our decision within 48 hours of receiving the first piece of requested information or by the deadline for receiving the information, whichever is sooner.

- If we deny your claim (if we do not agree to provide or pay for extending the ongoing course of treatment), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

### **Non-Urgent Concurrent Care Appeal**

- Within 180 calendar days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our adverse benefit determination. Please include the following:
  - (1) Your name and health record number;
  - (2) Your medical condition or relevant symptoms;
  - (3) The ongoing course of covered treatment that you want to continue or extend;
  - (4) All of the reasons why you disagree with our adverse benefit determination; and
  - (5) All supporting documents.

Your request and all supporting documents constitute your appeal. You must either mail or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest  
Member Relations Department  
500 NE Multnomah St., Suite 100  
Portland, OR 97232-2099  
Fax: 1-855-347-7239

- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision as soon as possible if your care has not ended but no later than 30 calendar days after we receive your appeal.
- If we deny your appeal, our adverse benefit determination decision will tell you why we denied your appeal and will include information about any further process, including external review, which may be available to you.

### **Urgent Concurrent Care Appeal**

- Tell us that you want to urgently appeal our adverse benefit determination regarding your urgent concurrent claim. Please include the following:
  - (1) Your name and health record number;
  - (2) Your medical condition or relevant symptoms;
  - (3) The ongoing course of covered treatment that you want to continue or extend;
  - (4) All of the reasons why you disagree with our adverse benefit determination; and
  - (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail, call, or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest  
Member Relations Department  
500 NE Multnomah St., Suite 100  
Portland, OR 97232-2099  
Phone: 503-813-4480  
Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your concurrent care claim qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Grievances, Claims, Appeals, and External Review” section).
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.

- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three calendar days after the oral notification.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

### **Post-service Claims and Appeals**

Post-service claims are requests that we pay for Services you already received, including claims for out-of-Plan Emergency Services. If you have any general questions about post-service claims or appeals, please call Member Services.

Here are the procedures for filing a post-service claim and a post-service appeal:

#### **Post-service Claim**

  - (4) Why you think we should pay for the Services; and

We will not accept or pay for claims received from you after 12 months from the date of Services, except in the absence of legal capacity.

- We will review your claim, and if we have all the information we need, we will send you a written decision within 30 calendar days after we receive your claim.

We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you within 30 calendar days after we receive your claim.

If more information is needed to make a decision, we will ask you for the information in writing before the initial decision period ends, and we will give you 45 calendar days to send us the information.

We will make a decision within 15 calendar days after we receive the first piece of information (including documents) we requested.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within 45 calendar days after we send our request, we will make a decision based on the information we have within 15 calendar days following the end of the 45 calendar day period.

- If we deny your claim (if we do not pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

### **Post-service Appeal**

- Within 180 calendar days after you receive our adverse benefit determination, tell us in writing that you want to appeal our denial of your post-service claim. Please include the following:

Kaiser Foundation Health Plan of the Northwest  
Member Relations Department  
500 NE Multnomah St., Suite 100  
Portland, OR 97232-2099  
Fax: 1-855-347-7239

- We will acknowledge your appeal in writing within five calendar days after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 30 calendar days after we receive your appeal.
- If we deny your appeal, our adverse benefit determination will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

### **External Review**

If you are dissatisfied with our final adverse benefit determination, you may have a right to request an external review. For example, you have the right to request external review of an adverse decision that is based on any of the following:

- Whether a course or plan of treatment is Medically Necessary, experimental, or investigational.
- Whether a course or plan of treatment is an active course of treatment for purposes of continuity of care when a Participating Provider's contract with us is terminated.
- Whether a course or plan of treatment is delivered in an appropriate health care setting and with the appropriate level of care.
- Whether an exception to the prescription drug formulary or step therapy prescribing criteria should be granted.

You must exhaust our internal claims and appeals procedure for your claim before you may request external review unless one of the following is true:

- External review is permitted to occur simultaneously with your urgent pre-service appeal or urgent concurrent care appeal;
- Your request qualifies for expedited external review;
- We have failed to comply with federal requirements regarding our claims and appeals procedures.

**You are not responsible for the costs of the external review, and you may name someone else to file the request for external review for you if you give permission in writing and include that with your request for external review. Company will be bound by and act in accordance with the decision of the independent review organization (IRO) notwithstanding the definition of Medically Necessary care. If we do not follow a decision of an IRO, you have the right to sue us.**

Within 180 calendar days after the date of our appeal denial letter you must send your request for external review to Member Relations in writing (via mail, fax, or online through our website at **kp.org**). If you wish to mail or fax your request, you may send it to us at:

Kaiser Foundation Health Plan of the Northwest  
Member Relations Department  
500 NE Multnomah St., Suite 100  
Portland, OR 97232-2099  
Fax: 1-855-347-7239

In order to proceed with your request for external review, you must also provide us with a signed waiver form that enables us to disclose your protected health information, including pertinent medical records, to the IRO that will evaluate your request. The appeal denial letter that we send to you explains the external review process and how you may obtain the waiver form. Member Relations will forward your request and signed waiver form to the director of the Oregon Department of Consumer and Business Services (DCBS) within two business days after receiving your request. Your request for external review will be assigned to one of the nationally accredited IROs contracted by DCBS along with any necessary authorizations no later than the next business day after the director receives your request for external review from us.

Within two business days of receiving notice of your request, DCBS will send you a written description of the IRO they selected along with more information about the process. They will also notify us of the IRO they selected, and within five business days after receiving notification from DCBS, we will send the IRO any documents and information we considered in making our adverse benefit determination.

If we do not have the required signed waiver form upon receipt of your request for external review, we will send you a waiver form and a letter within two business days of receiving your request for external review, describing the need for the waiver and instructions on where to send it. Unless your external review is expedited, we will also call you within five business days of receiving your request for external review to remind you that we need the signed waiver. If your external review is expedited, we will call you to request that you immediately fax us the completed waiver form. The “Authorization for Kaiser Permanente to Use/Disclose Protected Health Information” form is also available at **[info.kaiserpermanente.org/northwest/roi/forms.html](http://info.kaiserpermanente.org/northwest/roi/forms.html)**.

If we do not receive the signed waiver within five business days after we receive notification of the IRO assignment from DCBS, your request is considered ineligible for external review, and we will be unable to proceed with the external review process at that time. However, if you supply the signed waiver after the end of the five business days but before the end of the 180 calendar day eligibility period for external review, we will accept it, proceed with the external review, and send the relevant information to the IRO.

You or your provider may also forward additional information directly to the IRO. The IRO will have one business day after receiving this information to forward that information to us. We may also forward

additional information directly to the IRO. The IRO will have one business day after receiving the additional information to forward that information to you.

Unless your external review is expedited, the IRO will issue a decision within 30 calendar days after the date when we receive your request for external review. The IRO will notify you and us of its decision no later than five calendar days after the decision is issued.

You may also contact DCBS directly to request an external review. If DCBS receives a request for external review directly from you, they will notify us of your request no later than the next business day. Upon receipt of your request from DCBS, we will follow the process described above. You may contact the Oregon DCBS by mail, e-mail, telephone, or online at:

### **Expedited External Review**

We shall expedite the external review:

- If the adverse benefit determination concerns an admission, the availability of care, a continued stay or a health care Service for a medical condition for which the enrollee received Emergency Services and has not been discharged from a health care facility; or
- If a provider you have an established relationship with certifies in writing and provides supporting documentation that the ordinary time period for external review would (a) seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.

## **TERMINATION OF MEMBERSHIP**

If your membership terminates, all rights to benefits end at 11:59 p.m. PT on the termination date. In addition, Dependents' memberships end at the same time the Subscribers' membership ends.

You will be billed as a non-member for any Services you receive after your membership terminates. Company and Participating Providers and Participating Facilities have no further liability or responsibility under this *EOC* after your membership terminates.

### **Termination During Confinement in a Hospital**

If you are hospitalized on the date when your membership terminates, we will continue to cover otherwise covered Services in that hospital if all of the following conditions are met:

- The coverage under this *EOC* is being immediately replaced by another insured group health insurance policy.
- You are an inpatient receiving covered Services on the date your membership ends.
- You must continue to pay any applicable Cost Share.

Your coverage under this provision continues until the earlier of:

- Your discharge from the hospital or
- Your exhaustion of hospital benefits under this *EOC*.

## Termination Due to Loss of Eligibility

You and your Dependents must remain eligible to maintain your Group coverage. You must immediately report to your Group any changes in eligibility status, such as a Spouse's loss of eligibility due to divorce or a Dependent child who has reached PEBB's dependent limiting age. If you no longer meet the eligibility requirements described in this *EOC*, please confirm with your Group's benefits administrator when your membership will end.

## Termination for Cause

If you or any other Member in your Family knowingly commits fraud in connection with membership, Company, or a Participating Provider, we may terminate your membership under this employer's *Agreement* by sending written notice, including the specific reason for termination with supporting evidence to the Subscriber at least 31 days before the membership termination date. Some examples of fraud include:

- Misrepresenting eligibility information about yourself or a Dependent.
- Presenting an invalid prescription or physician order for Services.
- Intentionally misusing a Company ID card (or letting someone else use your ID card to obtain Services pretending to be you).
- Giving us incorrect or incomplete material information.
- Failing to notify us of changes in Family status or Medicare coverage that may affect your eligibility or benefits.

We may report fraud and other illegal acts to the authorities for prosecution.

If we terminate your membership for cause, we will:

- Refund any amounts we owe your Group for Premium paid for the period after the termination date.
- Pay you any amounts we have determined that we owe you for claims during your membership.

We may deduct any amounts you owe Company, Participating Providers, or Participating Facilities from any payment we make to you.

If your coverage is terminated for any of the above reasons, you have the right to file an appeal. For more information, please contact Member Services.

## Termination of Your Group's *Agreement* With Us

If your Group's *Agreement* with us terminates for any reason, your membership ends on the same date. We require the Group to notify Subscribers in writing if the *Agreement* with us terminates.

## Termination of Certain Types of Health Benefit Plans by Us

We may terminate a particular Plan or all Plans offered in the group market as permitted by law. If we discontinue offering a particular Plan in the group market, we will terminate the particular Plan upon 90 days prior written notice to you. If we discontinue offering all Plans in the group market, we may terminate the *Agreement* upon 180 days prior written notice to you.

## **CONTINUATION OF MEMBERSHIP**

### **Strike, Lock-Out, or Other Labor Disputes**

If your compensation is suspended directly or indirectly as a result of a strike, lock-out, or other labor dispute, you may continue membership under this *EOC* by paying Premium for yourself and eligible Dependents directly to the Group for up to six months. If the Group's coverage is terminated by Company, reinstatement with Company is subject to all terms and conditions of your Group's *Agreement* with Company. When your Group continuation coverage under this *EOC* stops, you and your Dependents may be eligible to purchase an individual plan offered by Company.

### **Illness, Temporary Plant Shut Down, or Leave of Absence**

If you are off work due to illness, temporary plant shutdown, or other leave of absence authorized by your Group, you may make arrangements to make monthly payments through your Group for up to 12 weeks. The 12-week period may be extended by advance arrangements confirmed in writing by Company. Once the 12-week period is exhausted, you may also be eligible to convert to an individual plan. (See the "Conversion to an Individual Plan" section.)

### **Continuation of Group Coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA)**

You may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by the federal COBRA law. COBRA applies to most employees (and most of their covered dependents) of most employers with 20 or more employees (however, it does not apply to church plans as defined by federal law). Please contact your Group for details about COBRA continuation coverage, such as how to elect coverage and how much you must pay your Group for the coverage.

### **Federal or State-Mandated Continuation of Coverage**

Termination of coverage will be postponed if the Member is on a leave of absence and continuation of coverage is required by the federal or state-mandated family or medical leave act or law, as amended.

### **State Continuation Coverage for Surviving, Divorced, or Separated Spouses 55 or Older**

If your Group has 20 or more employees, you and your Dependents may be able to continue your coverage under this *EOC* through your Group if you meet all of the following criteria:

- You are the Subscriber's Spouse.
- You are age 55 or older.
- The Subscriber died, or you divorced or are legally separated from the Subscriber.
- You are not eligible for Medicare.

To continue coverage, you must notify Member Services in writing within 60 days after legal separation or divorce, or the Group must notify us in writing within 30 days after the death of the Subscriber. Within 14 days after we receive the notice, we will send you an election form, payment information, and instructions for electing continuation coverage. You must return the completed election form no later than 60 days after the date we mailed it to you.

The first Premium payment must be paid within 45 days of your coverage election date. Your right to continue coverage as a surviving, separated, or divorced Spouse will end upon the earliest of the following events:

- You fail to pay your Premium.
- The Group's *Agreement* with us terminates.
- You become covered under another group health coverage.
- You, as a separated or divorced Spouse, remarry.
- You become eligible for Medicare.

## **State Continuation Coverage after Workers' Compensation Claim**

If you are a Subscriber and you file a workers' compensation claim for an injury or illness, you may be able to continue coverage under this *EOC* for up to six months after you would otherwise lose eligibility. Please contact your Group for details such as how to elect coverage and how much you must pay your Group for the coverage.

## **Uniformed Services Employment and Reemployment Rights Act (USERRA)**

If you are called to active duty in the uniformed services, you may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by federal law (USERRA).

You must submit an USERRA election form to your Group within 60 days after your call to active duty. Please contact your Group if you want to know how to elect USERRA coverage and how much you must pay your Group for the coverage.

## **Conversion to an Individual Plan**

After your Group notifies us to terminate your membership, we will send a termination letter to the Subscriber's address of record. The letter will include information about options that may be available to you to remain a Member. You may contact Member Services if you have questions.

## **Moving to Another Kaiser Foundation Health Plan Service Area**

If you move to another Kaiser Foundation Health Plan service area, you should contact your Group's benefits administrator to learn about your Group health care options. You may be eligible to enroll in a plan in the other Kaiser Foundation Health Plan service area. Eligibility requirements, benefits, premium, deductible, copayments, and coinsurance may not be the same in the other service area.

## **MISCELLANEOUS PROVISIONS**

### **Administration of *EOC***

We may adopt reasonable policies, procedures, and interpretations to promote orderly and efficient administration of this *EOC*.

### ***EOC* Binding on Members**

By electing coverage or accepting benefits under this *EOC*, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all provisions of this *EOC*.

### **Amendment of *Agreement***

Your Group's *Agreement* with us will change periodically. If these changes affect this *EOC*, your Group is required to make revised materials available to you.

## Applications and Statements

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this *EOC*. In the absence of fraud, all statements made by an applicant, Group, or Subscriber shall be deemed representations and not warranties. No statement made for the purpose of effecting coverage shall void coverage or reduce benefits unless contained in a written instrument signed by the Group or Subscriber, a copy of which has been furnished to the Group or Subscriber.

## Assignment

You may not assign this *EOC* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without our prior written consent.

## Attorney Fees and Expenses

In any dispute between a Member and Company or Medical Group or Kaiser Foundation Hospitals, each party will bear its own attorney fees and other expenses, except as otherwise required by law.

## Exercise of Conscience

We recognize the right to exercise religious beliefs and conscience. If a Participating Provider or Participating Facility declines to provide a covered Service for reasons of conscience or religion, we will make arrangements to provide the covered Services.

## Governing Law

Except as preempted by federal law, this *EOC* will be governed in accord with Oregon law and any provision that is required to be in this *EOC* by state or federal law shall bind Members and Company whether or not set forth in this *EOC*.

## **Group and Members not Company Agents**

Neither your Group nor any Member is the agent or representative of Company.

## **Information about New Technology**

When a new medical technology or procedure needs review, our Inter-regional New Technology Committee examines and evaluates data from government agencies, medical experts, medical journals, and medical specialty societies. Recommendations from this inter-regional committee then are passed onto the local committee. The committee reviews the national recommendations to see how they apply to local medical practices. Once this review takes place, the committee makes recommendations for the new technology or procedure to become a covered benefit. In addition, the committee communicates practice guidelines to network providers and related health care providers. If the committee's recommendation is accepted, the new technology is added to the covered benefits, either immediately or when this contract renews.

## **No Waiver**

Our failure to enforce any provision of this *EOC* will not constitute a waiver of that or any other provision or impair our right thereafter to require your strict performance of any provision.

## **Nondiscrimination**

We do not discriminate in our employment practices or in the delivery of Services on the basis of race, ethnicity, nationality, actual or perceived gender, age, physical or mental disability, marital status, sexual orientation, genetic information, or religion.

## **Notices**

We will send our notices to you to the most recent address we have for the Subscriber. The Subscriber is responsible for notifying us of any change in address. Subscribers who move should call Member Services as soon as possible to give us their new address.

## **Overpayment Recovery**

We may recover any overpayment we make for Services from anyone who receives an overpayment, or from any person or organization obligated to pay for the Services.

## **Privacy Practices**

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers to protect your PHI. Your PHI is individually identifiable information about your health, health care Services you receive, or payment for your health care. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, health research, and health care operations purposes, such as measuring the quality of Services. We are sometimes required by law to give PHI to others, such as government agencies or in judicial actions. In addition, Member-identifiable health information is shared with your Group only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices*. Giving us this authorization is at your discretion.

You have the right to request that Kaiser Permanente send your PHI directly to you, and not to the Subscriber of your Plan. You have the right to tell us where you want us to redirect communications containing your PHI, including a different mailing address, email address or telephone number. To make a request for confidential communication, please call Member Services and ask for a "Confidential

Communication Request” form. It may take up to 30 days from the date of receipt of the form for us to process your request.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices*, which provides additional information about our privacy practices and your rights regarding your PHI, is available and will be furnished to you upon request. To request a copy, please call Member Services. You can also find the notice at your local Participating Facility or on our website at **kp.org**.

## **Unusual Circumstances**

In the event of unusual circumstances that delay or render impractical the provision of Services, such as major disaster, epidemic, war, riot, civil insurrection, labor disputes, disability of a large share of personnel at Participating Facilities, and complete or partial destruction of Participating Facilities, we will make a good faith effort to provide or arrange for covered Services within the limitations of available personnel and facilities. Kaiser Permanente shall have no other liability or obligation if covered Services are delayed or unavailable due to unusual circumstances.
