

How empowering Store Staff using See-watch helped top global fashion retailers, increase their sales and staff productivity

Inovretail is partnering with top retail brands such as Levi's, Benetton, G-Star and Adidas to help them achieve their performance ambitions and drive sustainable development by empowering retail store staff.

We are embracing the power of AI on wearable devices to boost sales performance, through real-time individual targets, customer insights and help request notification, allowing sales staff to react in real-time to the customer needs, providing seamless store experience to drive excellent customer engagement.

DEPLOYED SOLUTION

- Real-time individual sales targets & HQ comms
- Low stock warnings & replenishment suggestions
- Omnichannel instant delivery
- Fitting room assistance & recommendations
- Real-time customer data & insights
- Product info & availability
