

Co-op Food Own-brand Supply Chain Transparency

Our Co-op Future of Food ambition strategy for a sustainable future sets out a range of human rights goals and commitments, along with detailed targets to achieve these long-term goals.

One of our commitments is focused on supply chain transparency. In 2019, we identified 8 priority areas of activity, covering 17 sourcing countries. You can read more about these [here](#). Below is a list of our Tier 1 supply chain, including disaggregated worker data.

In 2022 we are continuing to map our supply chains beyond the first tier in high-risk categories and will be sharing details of suppliers at all tier levels for three high-risk supply chains.

It's what we do
