

Check out these extraordinary recycling facts from our friends at Wrap

We've made it easy to share them with friends
and family on your social channels, either

**1: Copy and paste the wording straight
from the PDF**

or

**2: Screen grab the images on each
page to share as image posts **

It's what we do

Almost

**1.5 million
tonnes**

of plastic packaging is consumed
by UK households every year

That's the equivalent
weight of over

**8,000 blue
whales**

**co
op**

It's what we do

It takes

75%
less energy

to make a plastic bottle from
recycled materials than
from raw materials

Hands up if
you knew this 🙋

It's what we do

Recycle this!

India 

is top of the worldwide
recycling charts.

60%

of all its plastic
waste is recyclable

It's what we do
