

Football fortune teller

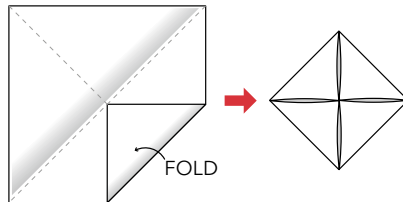

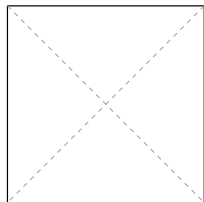

14 June - 14 July

Look into your future... It's time to predict the outcome of your very own football match. Eenie meenie miney mo. Use our fortune teller to predict what will happen in your game - and the games of everyone else in your community. Will it be Player of the Match, or a red card? Was that the whistle? Go.

How to play:

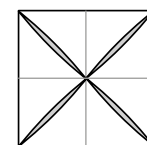

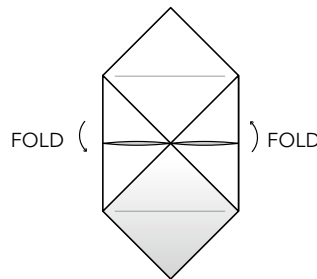

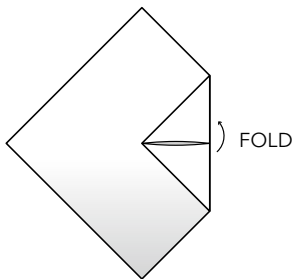

Cut out your fortune teller and fold along the diagonal lines. Then unfold the paper, turn it over and fold along the lines the other way. Now, fold your small square in half, and pull out the four corners. Need help? Follow the step-by-step pictures.

How to play

Ask someone to pick an action from the outside of the fortune teller. Open the fortune teller horizontally and then vertically for the amount of letters in the chosen action. Example, if they choose GOAL, you will open horizontally then vertically, then horizontally and finally vertically. Then, ask them to choose a number from the inside and open and close again for that amount of times. Finally, ask them to choose one more number from the inside. Open that flap and that is their football fortune.
