

Clean in. Scrunch it. Co-op it.

Hello neighbour!

I wanted to do my little bit for the community and the environment by sharing this news with you.

Our Co-op at _____ now offers a soft plastics recycling scheme.

This means that we now have a place to recycle soft plastic packaging, like crisp packets, chocolate wrappers, bread bags and fruit and veg bags, in our community. You don't have to have bought the product in Co-op to recycle its packaging there - they'll accept soft plastics from any other retailer. Pretty co-operative, eh?

All you need to remember is '**Clean it, Scrunch it, Co-op it**' - that means rinse your packaging out first, scrunch it up tight and pop it into a recycling bin at Co-op.

If you want to know more about what kind of plastics you can recycle, head to coop.co.uk/soft-plastics

Best wishes from _____, a Co-op Member

Your neighbour/s at number _____

PS. Don't forget to recycle this note in your paper bin!

Clean in. Scrunch it. Co-op it.
