

It's important that we all do our bit for the environment, so **here's something you can do locally.**

Co-op has launched a soft plastics recycling scheme, which means there's now a place to take packaging, like crisp packets, chocolate wrappers, bread bags and fruit and veg bags, in our community.

What's more you don't have to have bought the product in Co-op to recycle its packaging there - they'll accept soft plastics from any other retailer. Pretty co-operative, eh?

To find out more about **Clean it. Scrunch it. Co-op it.** and find out which of your local stores are part of the initiative, visit **coop.co.uk/soft-plastics**
