

It's what we do

## SHARE THESE EXTRAORDINARY RECYCLING FACTS

Amaze your friends and family with these incredible, shareable recycling facts from our friends at Wrap. Then ask your friends to recycle them!

### Who knew? 🙄

We now use about **20 times** more plastic than we did 50 years ago.

### Recycle this!

Apparently, recycling one drink can could save enough energy to power a TV for four hours 📺.

### Chew on this.

If food waste was a country, it'd be the third biggest contributor of CO2 after China and USA 🤔.

### Hands up if you knew this 🙌

It takes 95% less energy to make an aluminium can from recycled materials than from raw materials.

It's what we do
