bookshelf

we care about you

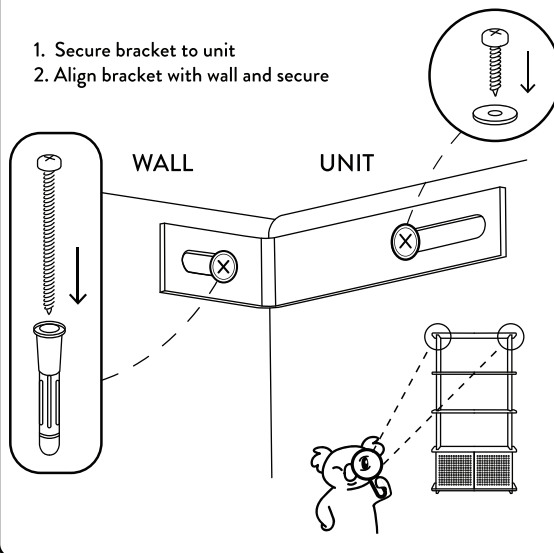

For your safety and those around you, we recommend securing your unit to the wall using the brackets provided.

The Koala Bookshelf is designed to meet Australian safety standards and aligns to the Australian Competition and Consumer Commission (ACCC) requirements. Securing your unit to the wall will make sure it'll handle everything life throws at it. We are 100% committed to an easy assembly experience, your safety is also of utmost importance to us.

To avoid damage to yourself, your property, or your landlords.
Please seek advice from a qualified tradesperson on how to attach the bracket to your wall.

we care about you

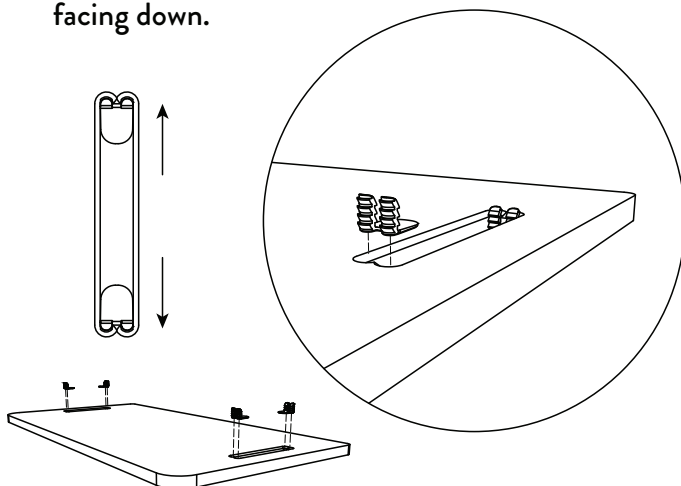

To protect your worldly possessions, and those around you, we recommend securing the top panel of your unit using the kit provided in here.

Installing the parts in this pack alongside the wall mounting anchors provided with the bookshelf, will make sure you, your loved ones, and loved things will be safe and secure.

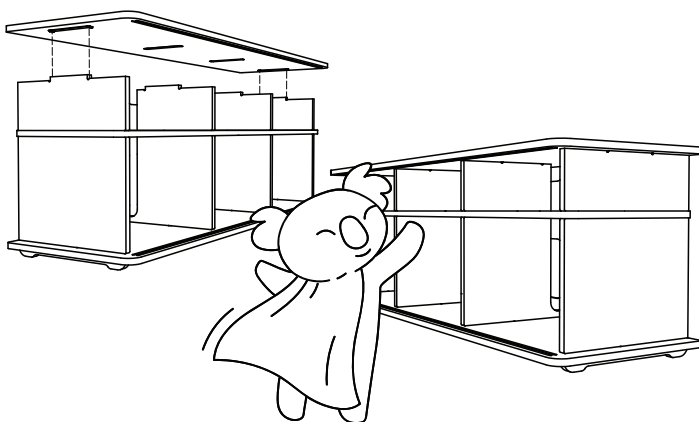

This kit includes 5 x Safety Clips (one's a spare).

1. Turn the top panel of your unit upside down.
2. Press the four clips in place, with the flat section facing down.

3. Turn the panel and align the slots with the top of the vertical panels of your unit.

4. Apply gentle force to press the top panel in place.
Enjoy!
