2. For the betr Protest Payout, in the event of a runner being relegated on protest (not disqualified) betr will pay out on the original past the post result and the final official result on Fixed Odds Win and Win portion of each way bets.
3. Single bets only, multi bets are not eligible for the Protest Payout.
4. Applies to Win Only and Win portion of Each Way bets.
5. Applies to bets placed on the final field market, pre-post or futures bets are not eligible. It does not apply to multi-Leg Exotics, including the following bet types: Daily Doubles, Trebles, Quadrellas.
6. For the Protest Payout, the Win dividends will be calculated using the final declared dividend displayed on each TABs website or Fixed price as confirmed by customer in their bet slip.
7. The Protest Payout offer only applies for official protests and not disqualifications (including weighing in incorrectly).
8. Only applies to races where the horse that is first past the post is relegated. Where a horse finishes in 2nd or 3rd and falls out of a placing as a result of the protest, there will not be a Protest Payout payment.
9. Protest Payout does not apply to bets placed via telephone operator.
10. Maximum payout for Protest Payout is \$2,000 per customer per race.
11. Bonus or Free Bets are not eligible for Protest Payout
12. No betr account holder can rely upon this rule to be paid out on two runners in the same race.
13. The payout value will equal the full return the Customer would have received had the horse been declared the official winner, subject to betr Terms and Conditions, betting rules and maximum payout limits.

## Same Game Multis

1. A same game multi-bet is where all selections are part of the same event.
2. The dividend for a same game multi-bet is calculated differently to account for the contingency between markets. The price will be clearly displayed and updated as you select/remove legs from your same game multi-bet.
3. If any selection within a Same Game Multi Bet does not start or is voided, then the entire SGM Bet will be voided and your stake will be returned. For multi bets made up of same game multis ('SGM Extra'), if there are any voided legs then that specific SGM will be voided and the remaining SGM's will stand. The new combined SGM price will be reflected in the client's online statement.

4. In the event that a Same Game Multi bet is placed where all selections are completely related contingencies, the bet will be paid out at the highest odds of any single selection.  
For example:
  - a. Man United to win \$1.30 into Man United to win 3-0 \$21, will be paid at \$21
  - b. Nat Fyfe to get 30 or more disposals \$1.50 into Nat Fyfe to get 35 or more disposals \$5 will be paid out at \$5.
5. Same Game Multi Bets cannot be Cashed Out.
6. In the event of a dead heat in one or more Same Game Multi legs, standard Dead Heat Rules apply.

### Same Race Multis

1. Same Race Multi Bets are Multi Bets where the selections relate to a runner winning, finishing top 2, 3 or 4 in the same event. betr's Multi Bet Rules apply in respect of Same Race Multi Bets.
2. In the event that a Same Race Multi bet is placed where all selections are completely related contingencies, the bet will be paid out at the highest odds of any single selection.
3. Same Race Multi odds are calculated based on the inter-relation of the selections in the bet and not a simple multiplication of odds for each selection
4. In the event one or more selections are scratched in a single Same Race Multi bet, that Same Race Multi bet will be voided and stake refunded to the Customer. If that bet has been placed into a Multi containing other Single/s or Same Race Multi's, the Same Race Multi leg in the multi will be voided but the remainder of the multi will stand and odds will be revised to take into account the voided leg.
5. Same Game Multi Bets cannot be Cashed Out.
6. In the event of a dead heat in one or more Same Game Multi legs, standard Dead Heat Rules apply.

### Multi Bets

1. A Multi Bet is a bet that selects two or more legs in a single bet. With the exception of same-game multis, the final dividend for a Multi Bet is the product of all winning legs in the bet. For example, a winning bet for Selection 1 at \$4.00 and Selection 2 at \$5 results in a final dividend of \$20 (\$4 X \$5).
2. If a Selection is scratched, abandoned, or does not start for any reason, we will recalculate the final dividend excluding that leg if the leg is not for an "All In" betting event.
3. The maximum dividend for a Multi Bet is \$1,001. Multi Bets (excluding Same game Multis and Same Race Multis) cannot be placed on "dependent events".
4. Customers who reside in South Australia may only place a multi bet with 11 or less legs. Where a multi bet of more than 11 legs is inadvertently allowed to be placed, betr may at its discretion let the bet stand with the first 11 legs or void the bet in its entirety.

5. If a meeting is abandoned or postponed to another date, affected Multi Bets will be recalculated excluding that leg.
6. The maximum payout for a Multi Bet for a racing/sports or a combination of both is \$100,000. It is your responsibility to ensure you stake accordingly to the limits.
7. Maximum Multi Bet payout limits apply to any one customer or a group of customers who are in betr's reasonable opinion acting together, who have placed bets containing the same selections, including where placed in a series of bets, at a range of prices, over a number of days using different betting accounts and/or across different betting channels. In such cases, the total payout across all bets/channels/accounts will not exceed the maximum payout limit of \$100,000.
8. Should a Customer place a subsequent Multi Bet (including a SGM) that reflects the initial Multi Bet and will result in the Customer exceeding the \$100,000 payout maximum, the additional Multi Bets may be void and wagers refunded.
