<https://ovs.tour-list.com/DPSearch/?HotelCode=halepuna&Language=en>

Pricing List

Our Search Field

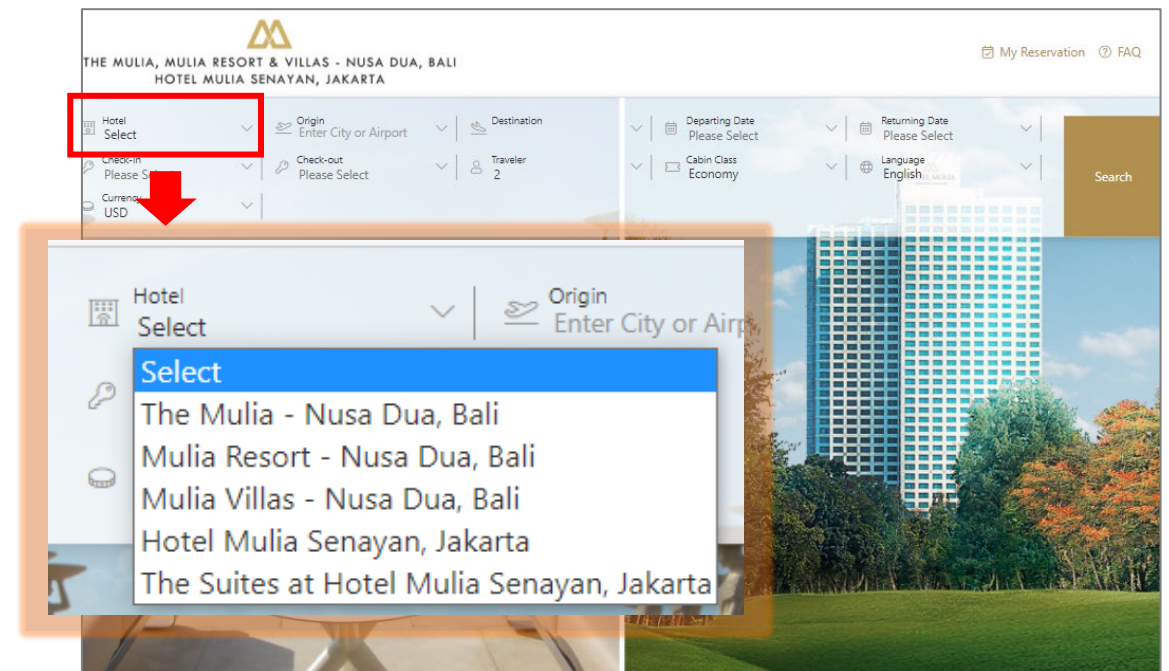

We have 2(two) types of “Search Field Page” ; for both single property and for multiple hotels.
Please let us know which type you would like to use (you can use both types if needed).

▼For single-property:

- “Search Field Page” will be created for each property with property logo & main background
- You will have one (1) URL for each property

▼For multiple-properties

- “Search Field Page” with a hotel list will be created. One (1) logo and one (1) Main image can be registered
- Customers select a hotel to stay first, and then continue to check the availability.
- You will have one (1) URL for the group.

Idea#2 Place a Widget

Overview

- Place a widget (for flight package) on the top website.
- Customer Journey: ①Visit your site & Enter the required travel → ②See Pricing List & move forward with booking.
- Our widget is available for a single-property and multiple-properties.

Development on Your Side

- Embed an iframe URL on your website/the existing booking widget.
- Iframe URL will be provided by once the system integration is completed.

IMPORTANT NOTICE

The hotel will not be permitting any guests to check-in if they are under Protocol 1 (unwell and tested positive), 2 (well and tested positive) or 3 (issued a Health Risk Warning) according to the Ministry of Health's advisory of 9 October 2021.

All checked-in guests above the age of 12 must be: i) fully vaccinated; ii) are medically ineligible for COVID-19 vaccination; or iii) have recovered from COVID-19 in the past 180 days, for

Our Widget

We have 2(two) types of “Widget” ; for both single property and for multiple hotels.
#More details will be shared after the System Usage Agreement is signed.

Time Design create a widget (blue part).

- Provide as iframe tag URL
- Mobile responsive
- Some Colors/Font of icon/button on widget can be customized
- Approx. 1 week to prepare

NOTE: *When guest select “Children” , the additional field will be shown to enter the age of child. If you select “Children=2”, the additional two (2) fields will be added).
*We can provide a sample iframe tag URL if needed.

#Below information will be required for our preparation;

1. Widget size (width x height) *min-height:216px
2. Breakpoints
3. Colors/Font of icon/button on widget
