

## **Notice of rule filing to temporarily suspend Rule 11.190(f)(1)**

Long-Term Stock Exchange, Inc. ("LTSE") has filed a rule change to temporarily suspend Rule 11.190(f)(1), Order Price Collars, until September 8, 2020. The rule change is immediately effective upon filing.

The Order Collar provisions of Rule 11.190(f)(1) are a prophylactic measure to prevent trade executions outside of certain price bands. The Exchange has in effect other provisions to address trade executions at prices outside of these price bands, such as Rule 11.270 (Clearly Erroneous Executions). More information about this change is available in the [rule filing](#).
