1. Introduction

The European Commission is committed to protect your personal data and to respect your privacy. This Data Protection Notice (DPN) explains the reason for the processing of your personal data in the context of the Research and Innovation Days 2022. It explains the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

The information in relation to processing operation of the Research and Innovation Days 2022, undertaken by the Directorate-General for Research and Innovation (DG RTD) of the European Commission, is presented below.
