

OmniCover™

Pull Station Protective Covers

Flush Mount

Surface Mount

Weatherproof

The RSG OmniCover™ pull station covers provide the finest in effective protection for pull stations and other manually activated devices such as switches, emergency pushbuttons, and keypads. Made of impact and UV-resistant polycarbonate, each OmniCover™ model is suitable for indoor or outdoor use. Three models are available, and each model is suitable for indoor or outdoor mounting.

Each OmniCover™ is supplied with a gasket to ensure a tight seal on mounting surfaces. A patented magnetic latch secures the lid in the closed position, and optional sounder and LED indicators signal that the cover has been opened, providing additional security. The weatherproof cover is NEMA 4X rated, and all three models are suitable for indoor or outdoor use. Custom text and color options are available.

The OmniCover™ is UL/ULC Listed and CSFM Approved for use in the State of California. All models are certified ADA Compliant.

Features:

- UV and Impact Resistant Polycarbonate Enclosure
- Flammability: UL94 V-2, Wall Thickness: 1/8 inch (3mm)
- Operating Temperature -40°F to 158°F (-40°C to 70°C)
