RMS SERIES

Manual Pull Stations

Die-cast, single- or dual-action stations for indoor, weatherproof and explosion-proof locations — made in the USA.

The RMS manual pull station is a high-quality, non-toxic die-cast station with a low-profile design and smooth edges. Every component is powder-coated or plated to inhibit corrosion. A 10 A snap-action switch is offered in all contact arrangements — SPST, DPST, SPDT and DPDT, with gold contacts available — on a terminal block or pigtail leads. Stations operate with or without a break-glass rod, replaced without special tools.

Key lock, key operated, key switch, lift & pull cover, break-glass adapter, custom color, text and branding are all built on the same base unit — one family covers the whole specification.

RMS-1T shown · standard red, raised white lettering · custom badge area at the base

10 A	DIE-CAST	4 CONTACTS	4¾ × 3¼ × ⅞ "	SINGLE GANG
SNAP-ACTION SWITCH	POWDER-COATED METAL	SPST · DPST · SPDT · DPDT	H × W × D	OR RSG BACK BOX

ONE STATION. THREE ENVIRONMENTS.

Same handle, same switch, same options — choose the enclosure for the location.

Indoor

Flush on a standard single-gang box, or surface mounted on an RMS-BB / RMS-DBB back box. Terminal block (-T) or pigtail (-P).

RMS-1T · 2T · 3T · 6T · 1P · 2P

Weatherproof

NEMA 4X rated for outdoor and wet locations. Supplied with a gasketed cast weatherproof back box. All contacts and options available.

RMS-1T-WP · 2T-WP · 3T-WP · 6T-WP · 1P-WP · 2P-WP

Explosion-Proof

NEMA 4X rated for hazardous locations. DPDT station with a threaded explosion-proof back box; lift & pull, break-glass and color variants.

RMS-6T-EXP · -LP · -DAH-Yellow · -LP-Blue

CUSTOM & OEM PROGRAMS

CUSTOM BADGING & BRANDING · CUSTOM TEXT & LANGUAGE · CUSTOM COLOR · MULTIPLE LISTING

Private-label stations ship under your brand with your own listing. English, Spanish and French-bilingual (Canada) legends in stock.
