Conceal utilities and equipment with smart and stylish enclosures.

Keep your outdoor space, private, tidy, and looking its best with our selection of attractive utility enclosures and privacy screens.

1.5 HV Lattice Enclosure in Verde Green

SCREEN & ENCLOSURE STYLES

Compiled in this Product Guide is a collection of our most popular styles of Screens and Enclosures. These products are a smart, attractive way to keep your outdoor space private, tidy, and looking its best.

Enclosures are designed as customizable sets of panels and gates so that they're easily configured to fit a range of space sizes. Offered in seven different styles, our enclosures will conceal unsightly utilities and equipment across a multitude of architectural aesthetics.

Our lattice privacy screens are also offered in a range of designs and sizes to suit any number of backyard situations. These multipurpose lattice panels can be used to showcase climbing plants, as a visual barrier for backyard storage, or as a privacy screen for a patio, pool, or driveway.

A comprehensive list of available styles and sizes is provided at the end of this document.

ENCLOSURE DESIGN EXAMPLES

Designed from a pre-defined set of panel sizes, these enclosures can be customized to fit any space with a range of available panel heights and widths, as well as single and double gates. The enclosures featured here are only a few of the many configurations possible.

MATERIALS

All Enclosure styles are offered in low-maintenance solid cellular vinyl and White Cedar, with the exception of the Spaced Horizontal and Louvered Enclosures that are not available in Cedar. Lattice Screens are available in Solid Cellular Vinyl only. Solid Cellular Vinyl products can be painted a variety of vinyl-safe colors as shown above. Cedar products may be stained in these same colors or left to age naturally into a silvery-gray color.
