POST AND POST CAP OPTIONS

Each of the arbor styles are designed with our standard 5½” square posts with steel core and come standard with the Westport post cap. Several additional post and post cap styles are available as optional upgrades for most Arbor styles.

GATE HARDWARE

Arbor gates are accented with a collection of quality hardware that is crafted from low carbon steel, hot dip galvanized, and finished with a semi-gloss black powder coating. Powder-coated stainless steel options are available for coastal locations. Choose from our standard hardware kit with twisted ring latch or the contemporary kit.

ADD-ON OPTIONS

LATTICE WING PANELS
