# Privacy, Style, and Room to Play

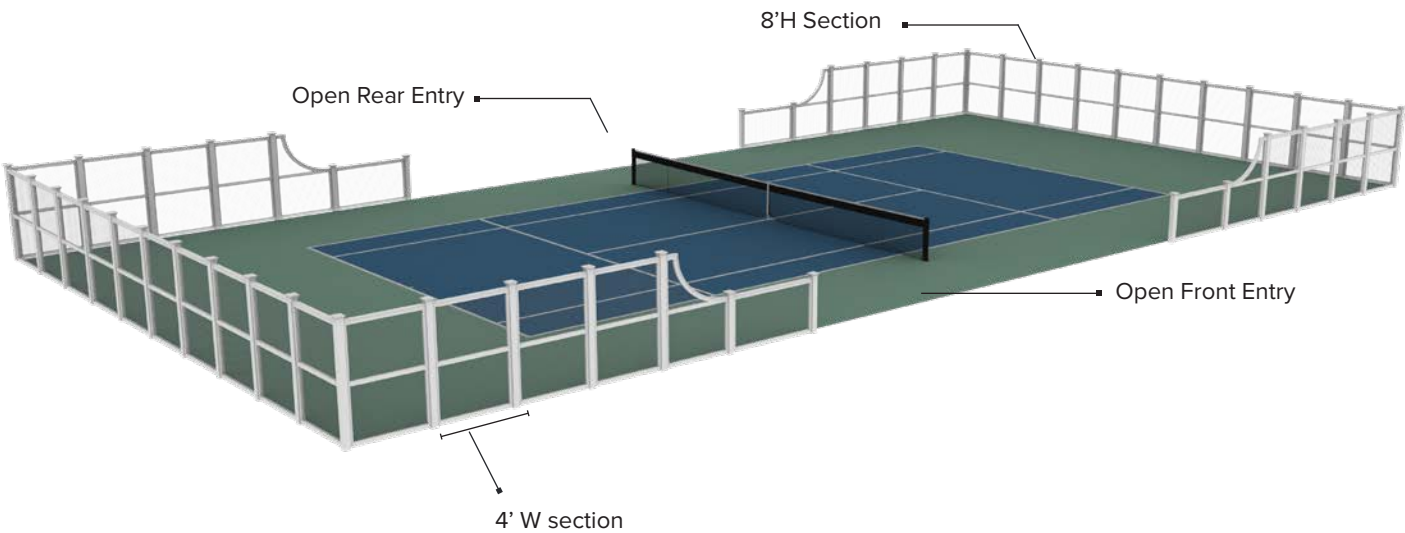

The right racquet court fence not only stops balls from flying out to sea or onto the lawn, it complements and extends the aesthetics of your home. A well designed enclosure should define the areas both inside and outside the court, while integrating beautifully into the landscape.

## RACQUET COURT FENCE STYLES

In our more than 90 years of experience, we've found that the best outdoor spaces feature intentional design solutions that combine practicality with aesthetic appeal. We've curated a handpicked selection of our most popular racquet court fence designs to complement a range of architectural styles. We offer four distinctive fence styles, with a variety of customization and add-on options.

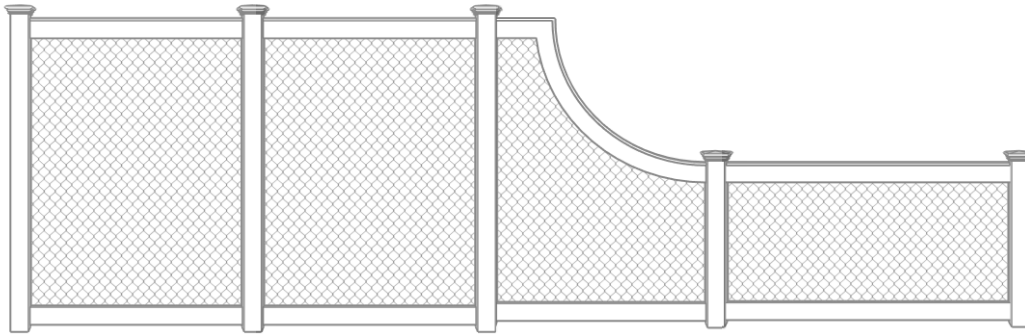

Our expert Design Consultants are available for in-person or virtual design discussions and site visits (within Design Center locations) to take detailed measurements and plan layout concepts. Customers choose a layout and fence style, followed by the selection of material, color, fabric, and post caps—as well as any add-on features such as angled California corners, equipment sheds, or viewing pergolas.

### Aquidneck

The Aquidneck court fence is a simple and elegant style consisting of a basic frame and 1¾" black chain-link fabric. It features 5½" tall rails top and bottom, a flat fence cap, courtside fascias, as well as coverboards to obscure chain link attachments to rails. The Aquidneck is offered in Solid Cellular Vinyl as well as Western Red Cedar.

See Page 24 for a complete list of available section and gate sizes.

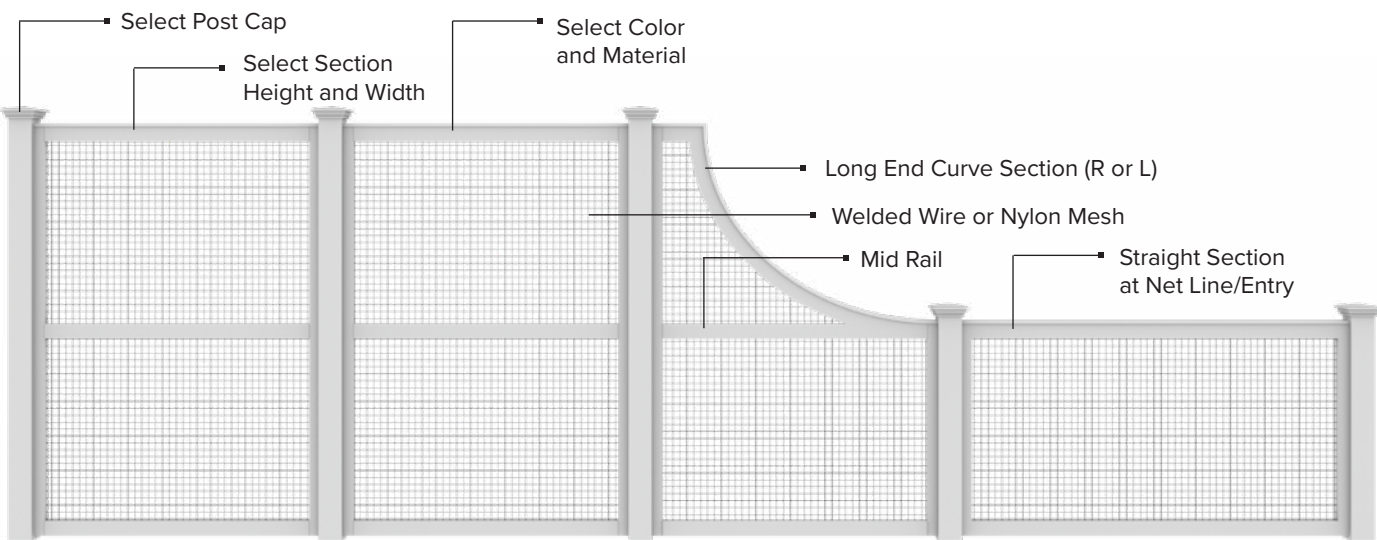

# RACQUET COURT FENCE STYLES

## Sag Harbor

The Sag Harbor's contemporary framing features sleek lines and maximum transparency without sacrificing durability. The fence is fabricated in panel sections with 3½" tall rails, 2½" wide side frames, and a flat fence cap. 1½" x 12-gauge welded wire or nylon soft mesh is internally wrapped. Offered in Solid Cellular Vinyl only.

See Page 20 for a complete list of available section and gate sizes.

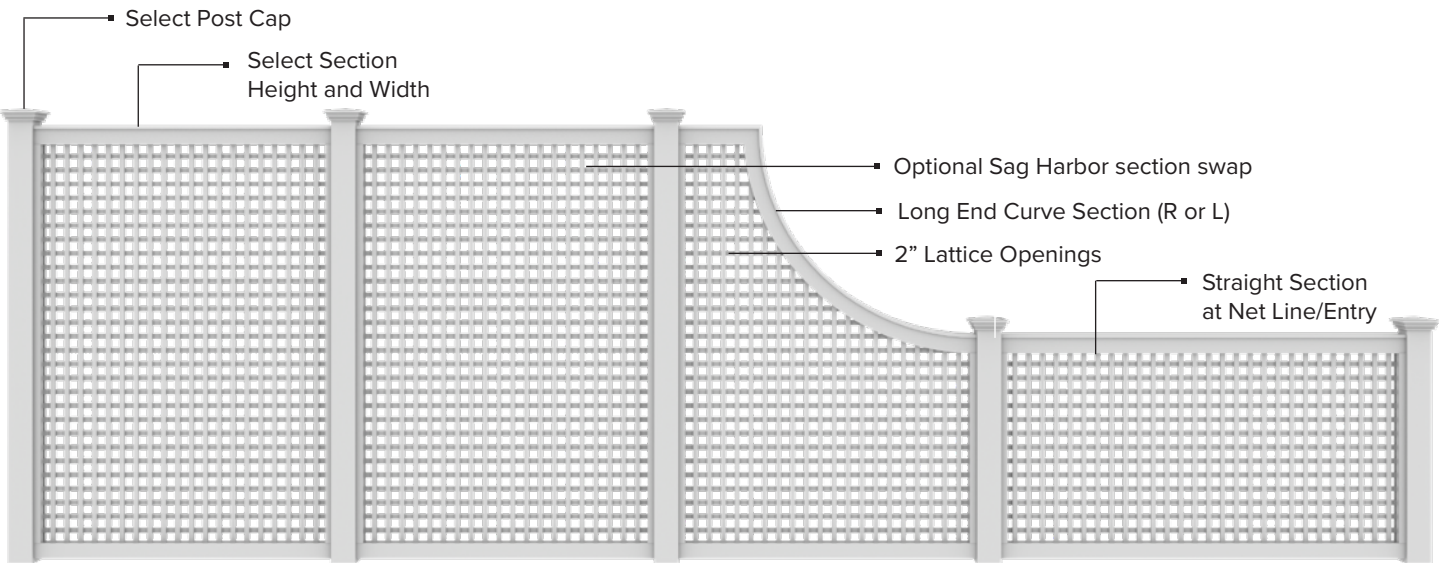

# RACQUET COURT FENCE STYLES

## 2" Horizontal-Vertical Lattice

With its neatly woven straight lines, this lattice fence's 2" square openings create a classically elegant look for racquet courts. To add visual interest or to showcase a view, Sag Harbor fence sections can be interspersed throughout the 2" HV Lattice fence perimeter.

See Page 22 for a complete list of available section and gate sizes.

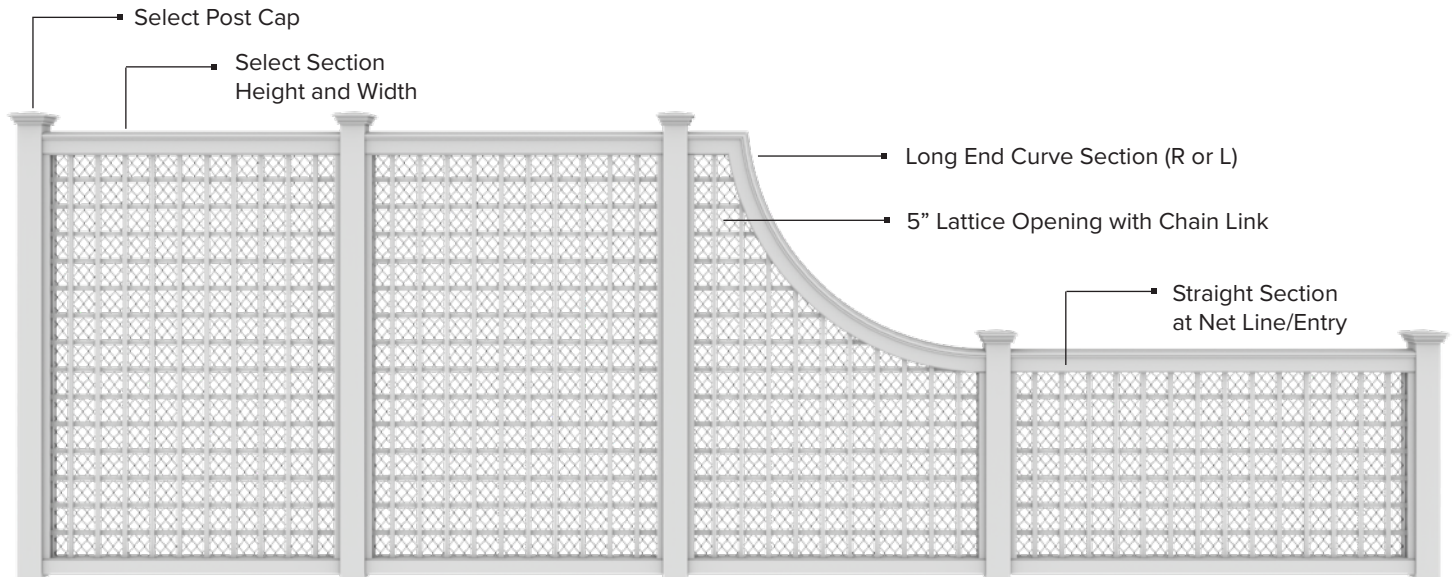

## RACQUET COURT FENCE STYLES

### 5" Horizontal-Vertical Lattice

This meticulously crafted and classically elegant fence creates a bright, and airy perimeter around your racquet court. Chain-link wire is secured to the fence to corral any wayward shots.

See Page 23 for a complete list of available section and gate sizes.
