

FOR IMMEDIATE RELEASE

FISKER HOLDS LARGEST GLOBAL MEETUP OF OWNERS IN COMPANY HISTORY

- Owners gathered at 24 locations in the US and six in Europe on January 20.
- Approximately 2,500 current owners and prospective customers in total attended.
- Hundreds of test drives took place at numerous locations.
- Fisker expects to organize additional owner meetups in 2024.

Meetup attendees gathered in Raleigh, NC.

LOS ANGELES (Jan. 22, 2024) – [Fisker Inc.](#) (NYSE: FSR) (“Fisker”), driven by a mission to create the world’s most emotional and sustainable electric vehicles, held a global meetup of owners that brought together approximately 2,500 current owners and prospective customers on two continents this past weekend.

"This meetup exceeded our expectations," Chairman and CEO Henrik Fisker said. "It was fantastic to see such a robust turnout, with some owners defying winter weather in parts of the US to connect with each other. I am also thrilled that we could extend the event to Europe, where we have many enthusiastic owners and where we sold our first Oceans in 2023."

Meetup participants also braved the cold in Trenton, NJ.

Fisker held the nationwide meetup in the US on January 20 in cooperation with [Fiskerati.com](https://www.fiskerati.com), a website that provides news and information about the Fisker and the electric-mobility industry.

In Europe, Fisker organized meetups at several of its Center + locations. These Center + locations showcase Fisker vehicles, conduct test drives and deliveries, and provide service.

In total, owners and prospective customers gathered at 24 locations in the US and six in Europe to share their experiences with the Fisker Ocean SUV, enjoy refreshments provided by Fisker, collect Fisker merchandise, and interact with Fisker team members. During this time, owners expressed significant interest about future features and models, including the recently announced [Fisker Ocean Extreme Monterey Edition](#), a luxury

addition to the Ocean lineup; the Fisker Alaska pickup truck; the Fisker PEAR crossover. Over the course of the day, Fisker conducted hundreds of test drives at multiple locations.

About Fisker Inc.

Forward-Looking Statements

This press release includes forward-looking statements, which are subject to the "safe harbor" provisions of the US Private Securities Litigation Reform Act of 1995. These statements may be identified by words such as "feel," "believes," "expects," "estimates," "projects," "intends," "should," "is to be," or the negative of such terms, or other comparable terminology and include, among other things, the quotation of our CEO, the statements regarding the planned launch timing, pricing, delivery, production, and estimated range of the Fisker Ocean, the planned timing of the opening of Fisker facilities, the Company's future performance, expansion of operations, software updates, and other future events that involve risks and uncertainties. Such forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties, which could cause actual results to differ materially from the forward-looking statements contained herein due to many factors, including, but not limited to: Fisker's limited operating history; Fisker's ability to enter into additional manufacturing and other contracts with Magna or tier-one suppliers in order to execute on its business plan; the risk that OEM and supply partners do not meet agreed-upon timelines or experience capacity constraints; Fisker may experience significant delays in the design, manufacture, regulatory approval, launch and financing of its vehicles; Fisker's ability to execute its business model, including market acceptance of its planned products and services; Fisker's inability to retain key personnel and to hire additional personnel; competition in the electric vehicle market; Fisker's inability to develop a sales distribution network; and the ability to protect its intellectual property rights; and those factors discussed in Fisker's Annual Report on Form 10-K, under the heading "Risk Factors", filed with the Securities and Exchange Commission (the "SEC"), as supplemented by Quarterly Reports on Form 10-Q, and other reports and documents Fisker files from time to time with the SEC. Any forward-looking statements speak only as of the date on which they are made, and Fisker undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date of this press release.
