FISKER CELEBRATES NUMEROUS FISKER OCEAN AWARD WINS IN 2023 FOR BEST ELECTRIC VEHICLE, BEST SUV, AND BEST PRODUCT DESIGN

LOS ANGELES (December 21, 2023) – [Fisker Inc.](#) (NYSE: FSR) (“Fisker”), driven by a mission to create the world’s most emotional and sustainable electric vehicles, celebrates an award-winning 2023 after the all-electric Fisker Ocean has won six European awards for the Fisker Ocean in Germany, France, Denmark, and the United Kingdom.

Judged in several competitions against gasoline vehicles, hybrids, plug-in hybrids, and electric vehicles, the all-electric Fisker Ocean won the following awards in 2023:

- **Red Dot Product Design Award (Germany) – Best Electric Vehicle**

The all-electric Fisker Ocean wins for beautiful aesthetics, excellent function, and ease of use. An international jury of over 50 design experts evaluated the Fisker Ocean against global competition on four key design qualities including product function, aesthetics, ease of use, and responsibility / sustainability.

- **Automobile Awards (France) – Full Electric Vehicle of the Year (ABB E-mobility Award)**

The Fisker Ocean SUV wins for its design, engineering, and value in an electric vehicle in an open competition against all electric vehicles including compacts, sedans, coupes, and small, mid-size and full-size SUVs.

- **Automobile Awards (France) – SUV of the Year**

The Fisker Ocean wins most innovative SUV of the year for its outstanding aesthetics, practicality, and technology in a Sport Utility Vehicle against 20 other electric, hybrid, diesel, and gas SUVs.

The Fisker Ocean is the first double winner in the history of the prestigious French Automobile Awards.

- **Danish Car of the Year Awards – Design Award**

The all-electric Fisker Ocean wins the Design Award organized by Danske Motorjournalister, an Association of Danish Motor Journalists for its innovative approach to design in both form and function.

- **Carwow Car of the Year Awards 2024 (UK) – ‘Highly Commended’ in ‘2024’s Most Anticipated New Car’**

The Fisker Ocean SUV earns ‘Highly Commended’ accolade in the ‘2024’s Most Anticipated New Car’. Expert editorial judges assessed hundreds of vehicles including the Fisker Ocean against a comprehensive series of parameters including price, performance, efficiency, comfort, and practicality. Judges

recognized the Fisker Ocean as class-leading for its innovations and value to the consumer in the United Kingdom.

- **German Design Awards – Excellent Product Design, Passenger Vehicles**

The Fisker Ocean won the German Design Award for Excellent Product Design 2024 in the Passenger Vehicles category for its striking, aerodynamic form and clean design. This award recognizes groundbreaking design achievements that provide solutions to contemporary challenges – from sustainable and circular design processes to environmentally friendly production.

“I am honored that the Fisker Ocean has been recognized for its timeless design, innovative technology, affordability, and focus on clean mobility” Chairman and CEO Henrik Fisker said. “We have the opportunity to radically change one of the most polluting industries in the world, and these awards reaffirm our mission to create the world’s most emotional and sustainable vehicles.”

The Fisker Ocean is designed to disrupt the automotive industry with its futuristic exterior design, sleek surfaces, and aggressive stance. Its spacious interior appointed with sustainable materials seats up to five adults and offers space to store fun outdoor equipment for seasonal activities. Inside, the Fisker Ocean offers an immersive experience with premium features and an intuitive digital in-car experience.

The Fisker Ocean is designed with several unique and best-in-class features: the world's first digital radar in a customer vehicle; Revolve, the 17.1-inch touchscreen that rotates from portrait to 16:9 widescreen Hollywood Mode for streaming video while fast-charging; SolarSky roof, which uses the sun's rays to generate up to 2400 km of free range per year; and California Mode, which opens the SolarSky roof and all seven windows at one button push, creating a convertible feeling in a safe and functional SUV.

Fisker is currently delivering the all-electric Ocean SUV in the US, Canada, and Europe. In Europe, The Fisker Ocean Extreme has a WLTP range of 707 km/439 UK miles¹, which is the longest range of any electric SUV sold in Europe today. In the US, the Ocean has an EPA range of 360 mi², which is the longest range of any new electric SUV in its class³.

Customers can see local pricing, configure, and order a Fisker Ocean at [fiskerinc.com](https://www.fiskerinc.com).

###

¹This WLTP range number applies to Fisker's European markets. WLTP measurements conducted with standard 20" wheels. Actual range will vary with conditions such as external environment, vehicle configuration, wheel size and vehicle use.

²EPA estimated range. Mid-size SUVs. Measurements conducted with standard 20" wheels. Actual results may vary for many reasons, including driving conditions, wheel size, state of battery charge, and how the vehicle is driven and maintained.

³Mid-size SUVs with an MSRP under \$200,000.

Forward-Looking Statements

This press release includes forward-looking statements, which are subject to the "safe harbor" provisions of the US Private Securities Litigation Reform Act of 1995. These statements may be identified by words such as "feel," "believes," "expects," "estimates," "projects," "intends," "should," "is to be," or the negative of such terms, or other comparable terminology and include, among other things, the quotation of our CEO, the statements regarding the planned launch timing, pricing, delivery, and estimated range of the Fisker Ocean, the planned timing of the opening of Fisker facilities, the Company's future performance, and other future events that involve risks and uncertainties. Such forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties, which could cause actual results to differ materially from the forward-looking statements contained herein due to many factors, including, but not limited to: Fisker's limited operating history; Fisker's ability to enter into additional manufacturing and other contracts with Magna or tier-one suppliers in order to execute on its business plan; the risk that OEM and supply partners do not meet agreed-upon timelines or experience capacity constraints; Fisker may experience significant delays in the design, manufacture, regulatory approval, launch and financing of its vehicles; Fisker's ability to execute its business model, including market acceptance of its planned products and services; Fisker's inability to retain key personnel and to hire additional personnel; competition in the electric vehicle market; Fisker's inability to develop a sales distribution network; and the ability to protect its intellectual property rights; and those factors discussed in Fisker's Annual Report on Form 10-K, under the heading "Risk Factors", filed with the Securities and Exchange Commission (the "SEC"), as supplemented by Quarterly Reports on Form 10-Q, and other reports and documents Fisker files from time to time with the SEC. Any forward-looking statements speak only as of the date on which they are made, and Fisker undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date of this press release.
