# Beyond Venture Capital:

A Unique Approach to Cultivate Startups and Connect Ecosystems

# Whatis Trimble Ventures?

**LAUNCH** 2021

**PURPOSE** 

To nurture innovation, connect ecosystems, and scale Trimble's platform to deliver value. It involves finding investments and "freethinkers" to accelerate value and reimagine industries.

**PRINCIPLE** "More than just a typical corporate

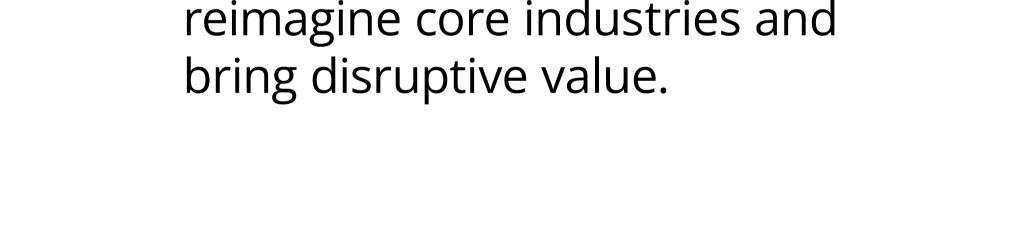

**FOCUS** 

Uncovering, engaging with, and investing in early innovators to reimagine core industries and

investment vehicle."

Majority of time, activity is focused

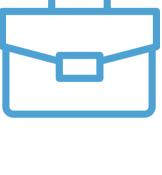

TIME ALLOCATION

on engagement and deal flow with startup founders, entrepreneurs, and other investors.

Over 500 formal engagements.

**ENGAGEMENTS IN LAST YEAR** 

**INVESTMENTS SINCE 2021** Invested in a dozen companies.

How We Operate?

Evaluation Criteria - Divided into two buckets:

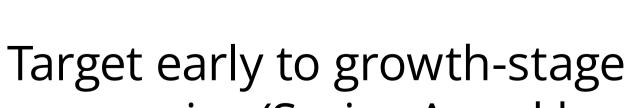

**STRATEGIC** 

(construction, transportation, geospatial, etc.). Innovative or disruptive solution/technology

Relevant to Trimble's core industries

(e.g., AI, supply chain, autonomy & robotics, AR/MR, sustainability, reality capture, mapping & positioning). Ability to extend Trimble's platform, integrate

with solutions, and add value to customers.

**FINANCIAL** 

companies (Series A and beyond). Proven market viability (e.g.,

\$500,000+ in recurring revenue).

Great teams and business model

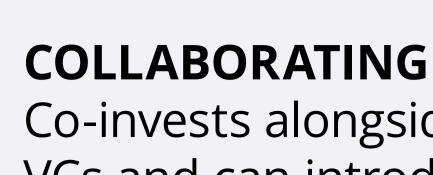

pursuing large, attractive markets supporting venture-scale growth.

### Connect with credible VC firms (e.g., Ironspring

**PARTNERING** 

Ventures, Space Capital) and corporate innovation teams (e.g., Hilti Venture, Hensel Phelps Diverge).

## Co-invests alongside credible lead

VCs and can introduce companies to potential lead VCs from its network.

# Benefits for Startups: Access & Exposure

beyond capital, primarily through unparalleled access and exposure within critical industries.

Trimble Ventures offers startups significant benefits

## KNOWLEDGE,
