Kate Farms® is committed to serving the needs of your patients. To support national demand for two commonly used adult products, **Kate Farms® Standard 1.0 Vanilla** and **Kate Farms® Standard 1.4 Plain** will be produced in slightly different packaging for a limited time. You may see this temporary packaging for several months, starting in late January/early February. During the transition, it is possible that customers could receive both types of packaging.

**Please note: There is no change to formulation, carton size/volume, calories per carton, number of cartons per case, labeling, or ordering information.**

**Temporary packaging changes:**

- Carton and cap shape: The shape of the carton and cap will be slightly different.
- Case dimensions: The case will measure 7.44" x 7.94" x 6.25" (3 x 4 cartons) rather than the 14.5" x 5.25" x 6.25" (2 x 6 cartons) that you are used to.
