14. On the basis of the information gathered from the company's departmental managers, from the Internal Audit function, and during periodic meetings with the Auditing Firm, the Board believes that the principles of correct management were constantly observed.
15. The Board gathered information about and monitored the company's organisational structure to the extent of our responsibilities.
16. Based on the analyses performed and the information obtained during meetings with the Director in charge of the internal control system, with the Internal Control Manager, with the Manager in charge of preparing the accounting documentation and during meetings of the Control Risk and Sustainability Committee and the

Supervisory Board, the Board verified the adequacy and reliability of the internal control system and risks management.

17. The Board verified the adequacy of the administrative and accounting system and the reliability of the same in correctly representing business operations.
18. The Board verified the adequacy of the manner in which the parent company hands down instructions to its main subsidiaries.
19. During systematic meetings between the Board of Statutory Auditors and the Auditing Firm under art. 150, paragraph 2, Legislative Decree 58/1998, no significant findings emerged.
20. The Remuneration Report is prepared pursuant to art. 84 quarter of the Issuers' Regulations and to Consob resolution No. 11971/1999 and subsequent amendments.
21. The 2019 Report on Corporate Governance and Ownership Structure prepared by the Board of Directors contains a description of the governance of the Company and the Group that appears to be in line with the principles of the Self-Regulation Code and the Issuers' Regulations. This Report also presents information on the ownership structure pursuant to art. 123 bis of the TUF (consolidated finance act). The Board of Statutory Auditors monitored implementation of the corporate governance rules, which appear to be in line with the model adopted by the company.
22. The Chief Executive Officer and the Manager responsible for preparing the company's financial statements provided the statements required by article 154-bis, paragraph 5, regarding the financial statements and consolidated financial statements in accordance with the model provided in appendix 3c-ter of the Issuers' Regulations.
23. The evaluation of the goodwill in the consolidated financial statement, based on impairment test results, led to an impairment loss equal to the total balance of 227,062 thousand Euro, already booked in the half year report as of 30 June 2019 based on a five-year first financial projection for the period 2019 – 2023 (First Financial Projections), approved by the Board of Directors on 30 July 2019. In the elaboration of these assumptions and projections, management has used its best estimates based on available information at that time about the most recent developments concerning the Group's brand portfolio, market context and competitive landscape.

On 10 December 2019 the Board of Directors approved a new Group Business Plan 2020-2024, which was communicated to the market on 11 December 2019. The assumptions and the overall outcome of the new business plan were substantially similar to the "First Financial Projections".

Following the approval of the new business plan, despite the write-off of the total amount of goodwill as of 30 June 2019, management performed a new impairment test as of 31 December 2019 to test the Group's net invested capital for possible impairment losses.

Furthermore, as disclosed in the Notes to the Consolidated Financial Statements, following the divestiture of the Retail business by July 2019, and the Group Business Plan 2020-2024 publication, Safilo has decided to update its cash generating unit model, from the previous 5-CGU structure into a new one single CGU structure. Management has conducted the impairment test under this new structure which did not highlight any further impairment needed.

In the Notes to the Consolidated Financial Statements, note 4.8, has been widely described objectives and strategies of the Group Business Plan 2020-2024, the complex evaluation process, as well as the assumptions on which the impairment test is based. The value of the Company that can be deduced from the Stock Market's prices is still lower than the evaluation of the Equity Value for the impairment test, obtained with the application of the DCF (Discounted Cash Flow) method, however, as commented in the Notes to the Consolidated Financial Statements, the Board of Directors considers that the assumptions included into the Business Plan approved

for the impairment test are reasonable, also taking into account all the other elements considered in the test's execution.

24. The Board also took note about the topics described in the "Key Audit Matters" paragraph included in the report of Independent Auditor.
25. Consolidated Non-Financial Information Statement: the Board verified the compliance with the provisions pursuant to the Legislative Decree 30 December 2016 no.254, regarding the consolidated non-financial information statement of Safilo Group S.p.A. and its subsidiaries (hereinafter NFD). The Board of Statutory Auditors finds that the Company has prepared, in its capacity as Parent Company and following the provisions of the Legislative Decree 30 December 2016 no. 254 ("Implementation of Directive 2014/95/EU of the European Parliament and of the Council of 22 October 2014, amending Directive 2013/34/EU as regards disclosure of non-financial and diversity information by certain large undertakings and groups" – hereinafter "Decree"), the 2019 Consolidated Non-Financial Information Statement of the Safilo Group, as required by Articles 3 and 4 of the Decree and by the "Global Reporting Initiative Sustainability Reporting Standards" (hereinafter "GRI Standards"), defined in 2016 by the GRI - Global Reporting Initiative – adopted by the directors as reporting standards. The Board of Statutory Auditors supervised about the compliance with the provisions established by the Decree in the preparation of the NFD, verifying that it allows the understanding of the business, its performance, its results and its impacts produced, and that reports about the relevant topics such as environmental, social, people, respect of human rights and anticorruption, taking into account the business and characteristics of the Company, in compliance with the provisions of the Article 3 of the Decree. The Board of Statutory Auditors also noted that, pursuant to the Article 3 paragraph 10, the company Deloitte & Touche S.p.A., in charge of auditing the Group's financial statements, issued on 18 March 2020 a specific Report on the Consolidated Non-Financial Information Statement, attesting the compliance of the information provided in this Document with Articles 3 and 4 of the Decree and the GRI Standards.
26. The Board confirms that no omissions, irregularities or wrongful actions emerged from our supervisory activities that would need to be reported to the Supervisory Bodies or Shareholders.

To conclude, the Board expresses its approval, to the extent of its responsibilities, of the 2019 financial statements as presented by the Board of Directors in the Management Report, and of Directors' proposal to carry forward the loss of the period.
