

## THE BOARD OF DIRECTORS OF SAFILO GROUP S.P.A. APPROVES THE FINANCIAL RESULTS OF THE FIRST HALF OF 2016

## Sales of the going-forward brands gain momentum with Q2 growing 9%

Progress on cost savings contributed to improved operating performance in Q2

Padua, August 3, 2016 - The Board of Directors of Safilo Group S.p.A. has today reviewed and approved the results of the first half of 2016.

The first half of the year was one of improving overall momentum as the period progressed, in particular from sales of the going forward brands in Europe, North America and Rest of World namely IMEA and in the cost saving and operational improvement programmes.

Net sales for the first six months of 2016 registered a decline of 3.5% at current exchange rates and of 2.1% at constant currencies while sales of the going-forward brands portfolio increased by 5.3%. Business recovered momentum during the second quarter, with revenues broadly flat at current exchange rates (-0.3%) but growing 2.0% at constant exchange rates. This reflected the improved sales performance of the going-forward brands portfolio, increasing in the second quarter by 9.0% at constant exchange rates and more than offsetting the negative impact of the brands that the Group stopped/will stop servicing. Progress was particularly evident in Europe as well as in the Group's core business in North America and in IMEA, while Asia remained subdued.

In the first half of 2016, the gross profit margin was substantially in line with the same period of 2015, at 60.6% of sales. In the second quarter of the year, gross profit margin stood at 60.2% of sales compared to 60.9% in the second quarter of 2015.

At the operating level, H1 2016 adjusted<sup>1</sup> EBITDA margin of 8.9% was 40 basis points lower than in the first half of 2015, but it recorded an improvement of 90 basis points in the second quarter, to 9.5% of sales, thanks to higher costs savings and better operating leverage.

In the first six months of 2016, the Group's *adjusted*<sup>1</sup> net result increased 130.6%, mainly reflecting positive dynamics in net financial charges.

At the end of June 2016, Group net debt stood at Euro 102.8 million, improving from the position of Euro 110.1 million at the end of June 2015.

Luisa Delgado, CEO, commented:

"In the first six months, our going forward brands portfolio made good progress, growing by 5.3% at constant exchange rates, thanks to the broad based positive trends across the different market segments in which we are active. In the second quarter, we achieved sales acceleration, recovering a considerable part of the first quarter performance driven by the service shortfalls that had prevented us to fully leverage the sales opportunities of our order book.

Our gross margin was in line with last year while we progressed our supply network modernization focused on insourcing production into our own worldwide plant network and reshoring back to Italy, and simplifying our manufacturing and logistic flows. At the operating level, we progressed with the implementation of our cost savings program to improve our overheads productivity.

This press release may use 'alternative performance indicators' not foreseen by the IFRS-EU accounting standards (EBITDA, Net debt, Net capital employed and Free Cash Flow), and whose meaning and contents are illustrated in the specific section of the press release and in accordance with the CESR/05-178b recommendation published on 3<sup>rd</sup> November 2005.

We continued to sharpen our focus on our own core brands, by concluding the integration of Polaroid with the closure of the Vale site, qualifying our stylistic direction for Carrera, while Smith built market share despite a difficult sports market environment in North America."

In the first half of 2016, **Group total net sales** of Euro 651.1 million decreased 3.5% at current exchange rates and 2.1% at constant exchange rates compared to Euro 674.9 million in the same period of 2015.

Wholesale revenues equaled Euro 612.4 million compared to Euro 627.9 million in the first half of 2015, decreasing 1.0% at constant exchange rates.

In the first six months of the year, total net sales of the going-forward brands increased by 5.3% at constant exchange rates (wholesale revenues +6.8%).

**Gross profit** of Euro 394.6 million declined 3.7% compared to Euro 409.9 million in the first half of 2015, while the gross profit margin of 60.6% was substantially in line with the margin recorded in the first half of 2015.

**Adjusted<sup>1</sup> EBITDA** of Euro 58.3 million declined 7.0% compared to the adjusted<sup>1</sup> EBITDA of Euro 62.7 million recorded in the same period of 2015. The adjusted<sup>1</sup> EBITDA margin of 8.9% was 40 basis points lower than the 9.3% posted in H1 2015, primarily due to lower sales.

Adjusted<sup>1</sup> EBITDA of the wholesale business equaled Euro 59.0 million, up 0.7% compared to the adjusted<sup>1</sup> EBITDA of Euro 58.6 million recorded in H1 2015. The adjusted<sup>1</sup> EBITDA margin of wholesale increased in the period by 30 basis points, to 9.6% from 9.3% posted in H1 2015.

**Adjusted**<sup>1</sup>**EBIT** of Euro 37.5 million decreased 12.8% compared to the adjusted<sup>1</sup> EBIT of Euro 43.1 million registered in H1 2015. Adjusted<sup>1</sup> EBIT margin of 5.8% compared with 6.4% in H1 2015.

This press release may use 'alternative performance indicators' not foreseen by the IFRS-EU accounting standards (EBITDA, Net debt, Net capital employed and Free Cash Flow), and whose meaning and contents are illustrated in the specific section of the press release and in accordance with the CESR/05-178b recommendation published on 3<sup>rd</sup> November 2005.

In the first half of 2016, total net financial charges were positive for Euro 0.8 million compared to a negative impact of Euro 22.7 million in H1 2015. This reflected lower net interest charges and the positive impacts of the net exchange rates differences and the fair value valuation of the option component embedded in the equity-linked bonds.

The above, coupled with a lower tax rate, enabled Safilo to post a **Group adjusted**<sup>1</sup>**net result** of Euro 22.9 million, up 130.6% compared to the *adjusted*<sup>1</sup> net result of Euro 9.9 million recorded in H1 2015.
