

## - Open Call for Gray Zone Performance Series -

**Gray Zone** (working title) is a Berlin-based performance series organized by the **MMpraxis curatorial platform** in collaboration with **Contemporary Arts Alliance (CAA)**.

During Gallery Weekend, the series will invite two Berlin-based emerging choreographers to adapt existing stage works to a gallery space. For this, we will offer the following framework: A 7-day rehearsal period with technical support and a mentoring program in which the artists receive support from dramaturges and curators. During the residency, strategies will be discussed and developed to sustain the visibility of the productions beyond the individual events.

### About the organizers

The **MMpraxis curatorial platform** organizes exhibitions and events at the intersection of performing and visual arts with a focus on choreography, time-based media, and performance art.

The **Contemporary Arts Alliance Berlin** is a private platform for the promotion of contemporary culture in Berlin. It supports young artists from the fields of visual arts, theater, music and dance both financially and in practical matters.

### Performance dates

During Gallery Weekend on **29-30.04.2022**.

### What we offer

- An opportunity for artists to adapt an already existing stage work to a visual art context and present it to a wider audience;
- 2500€ budget per performance, including all production costs;
- 7-day rehearsal period with technical support;
- Mentoring program in which the artists receive support from a mentor of their choice;
- Communication and documentation of the event.

### What we expect

Please note that all proposed projects have to be already presented stage works. Please fill out the **application form** and send it to [mmpraxisberlin@gmail.com](mailto:mmpraxisberlin@gmail.com) in a pdf-format by **13 February 2022**.

- Application Form -

**1. General information**

Name(s) of artist(s)

Title

Contact person and contact details (name, address, phone, e-mail)

**2. Attachments for the application (all files in pdf-format):**

- Description of the project (max. 2 Din A4 pages);
- Biographies of the participants;
- Technical requirements;
- Link of the work, if available also of earlier works;
- Information on accessibility of the work.
