

# EXPAND

your efficiency with streamlined  
Invisalign® case submissions

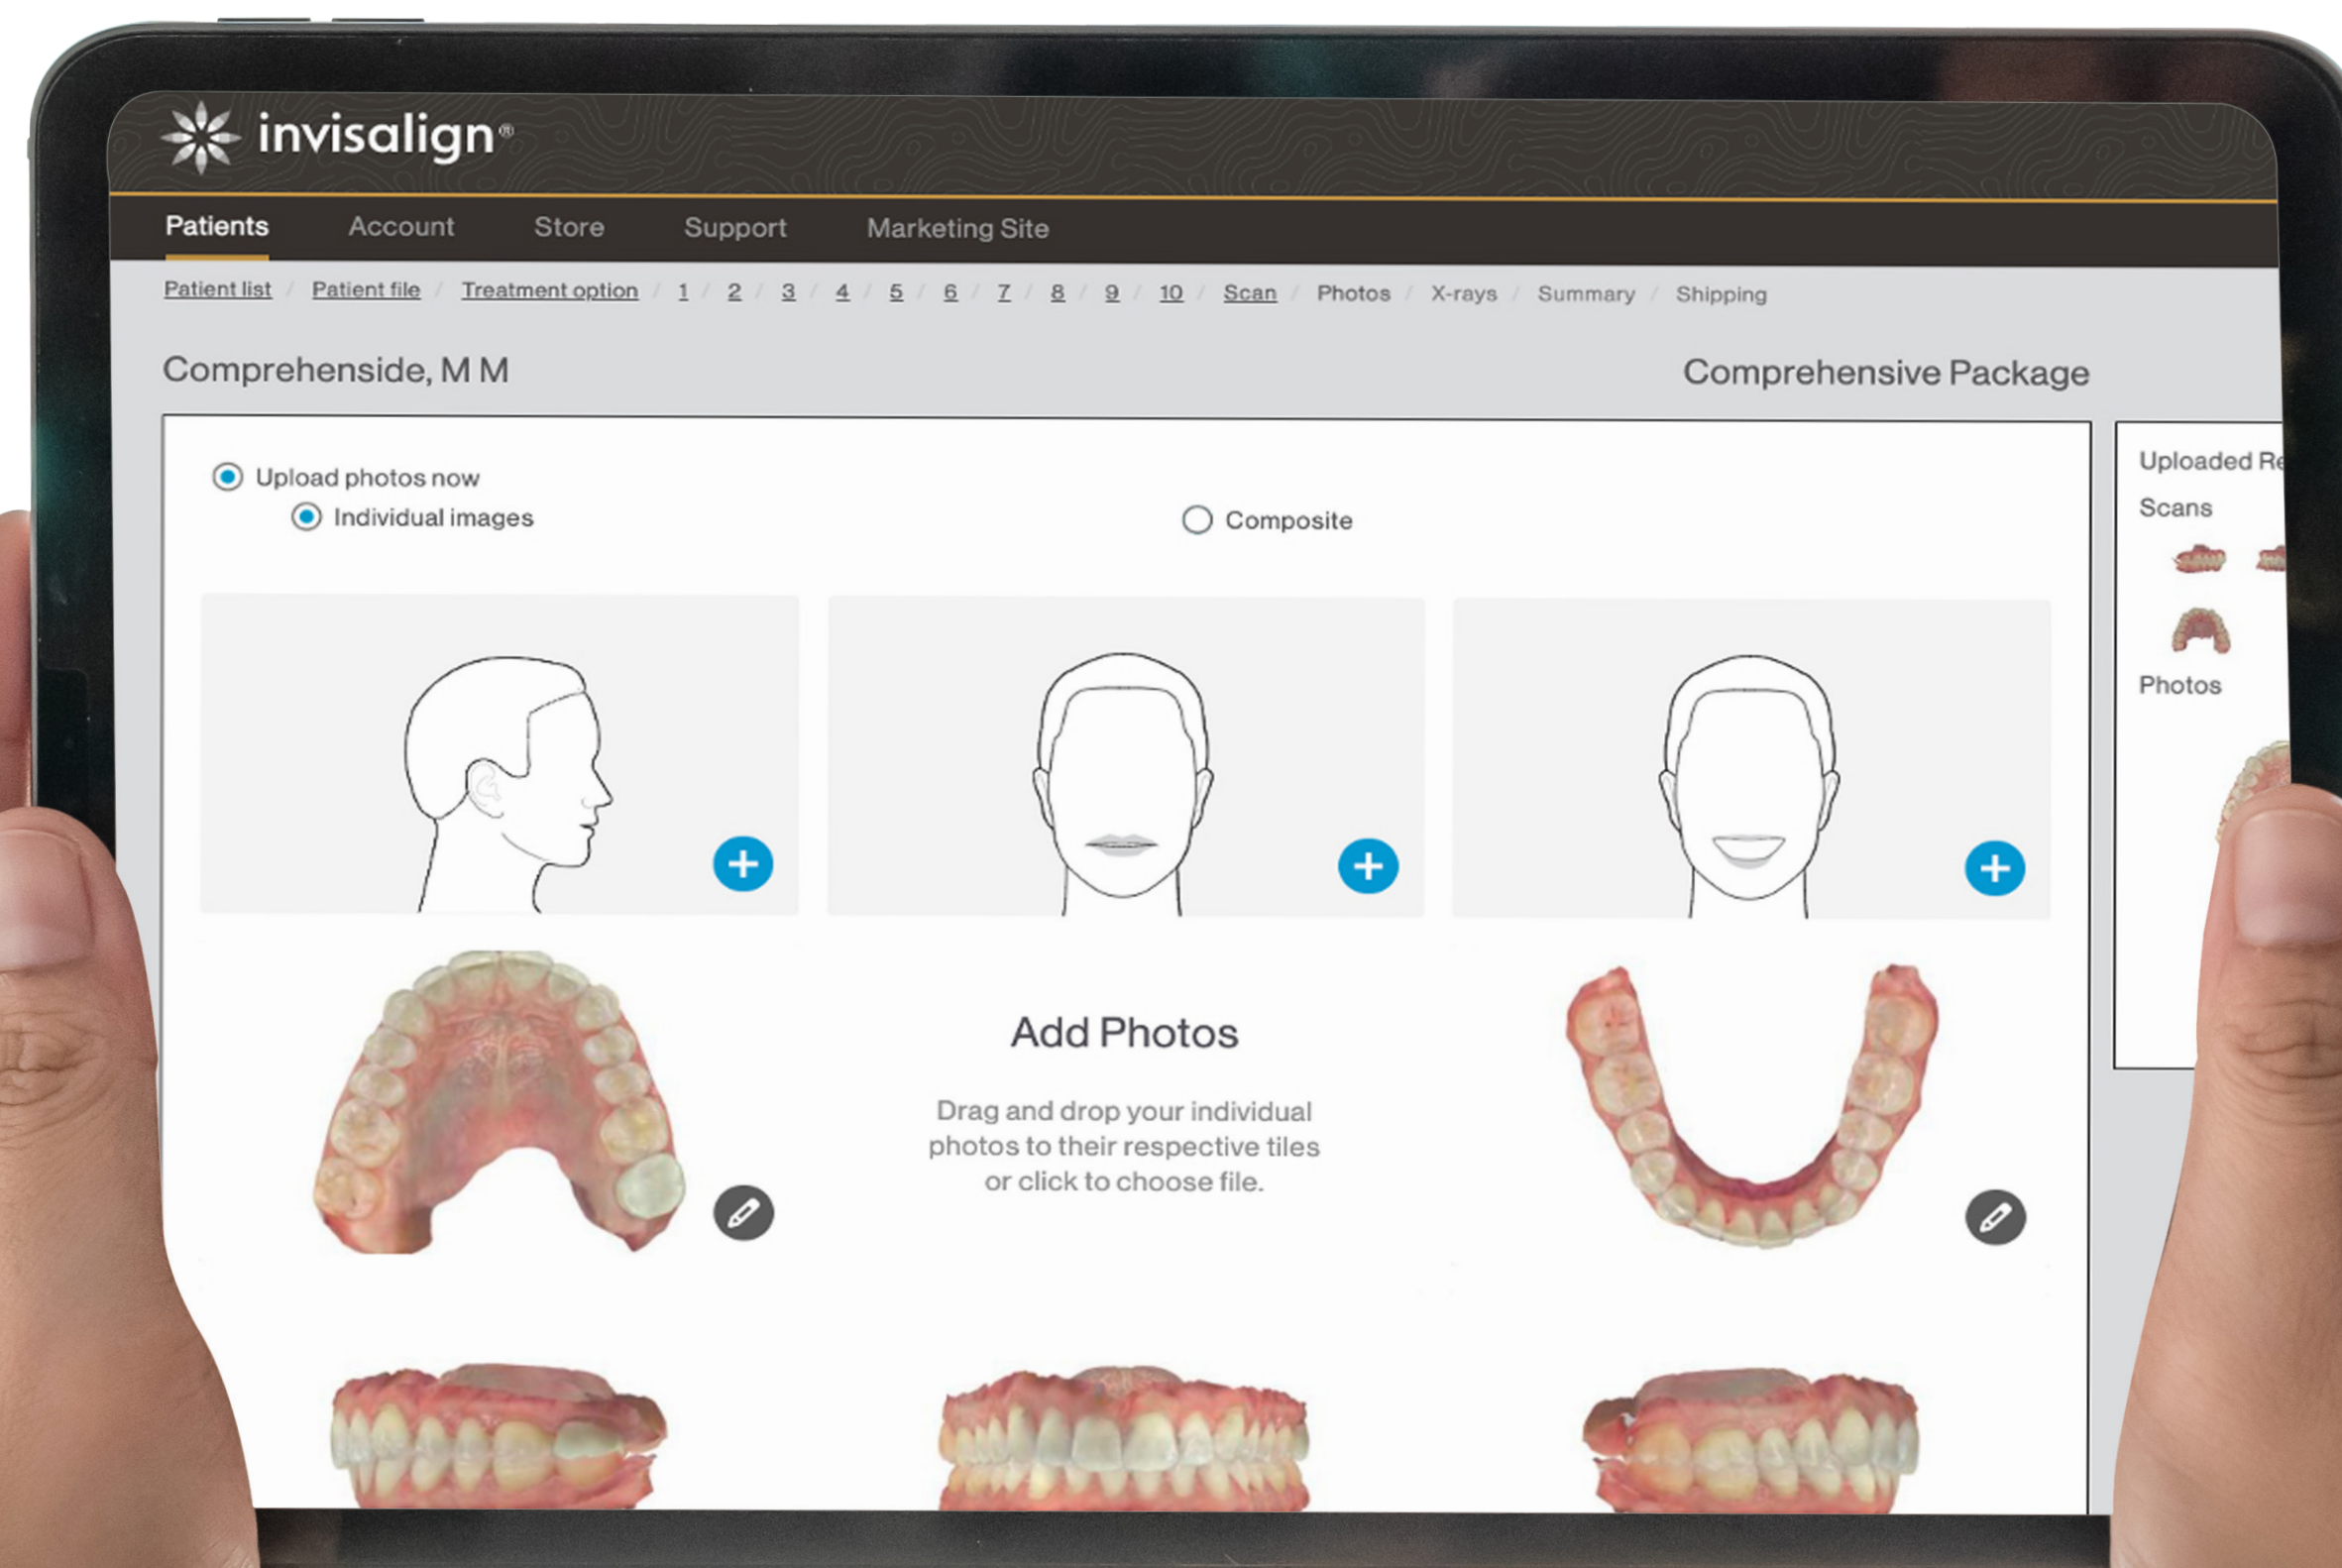

it starts with **iTero®**

# Introducing the new way to submit Invisalign® cases without taking intraoral photos.

Powered by the iTero Element® 5D and 5D Plus imaging systems.

Auto-upload feature in the Invisalign Doctor Site

iTero Element 5D scans will automatically upload into Invisalign Doctor Site prescriptions.

It's about...

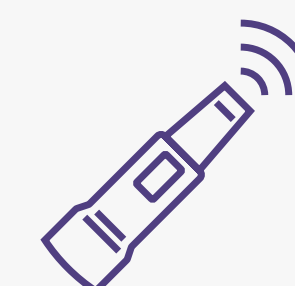

Streamlining Invisalign submissions<sup>1</sup>

Increasing practice productivity

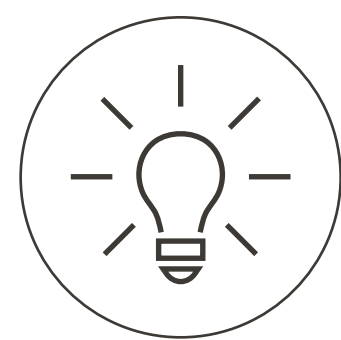

Provide a more comfortable patient experience by removing cheek retractors and additional photographs

**Exclusive to iTero Element 5D and iTero Element 5D Plus imaging systems.**

No other intraoral scanner on the market has this feature.

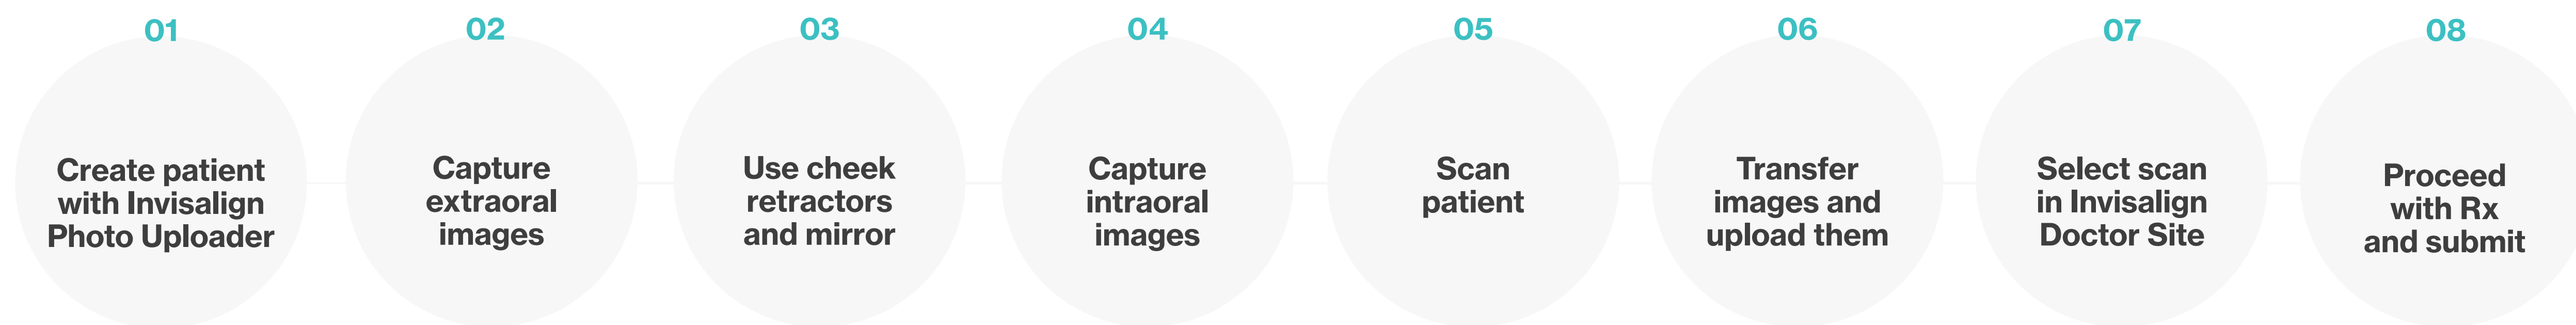

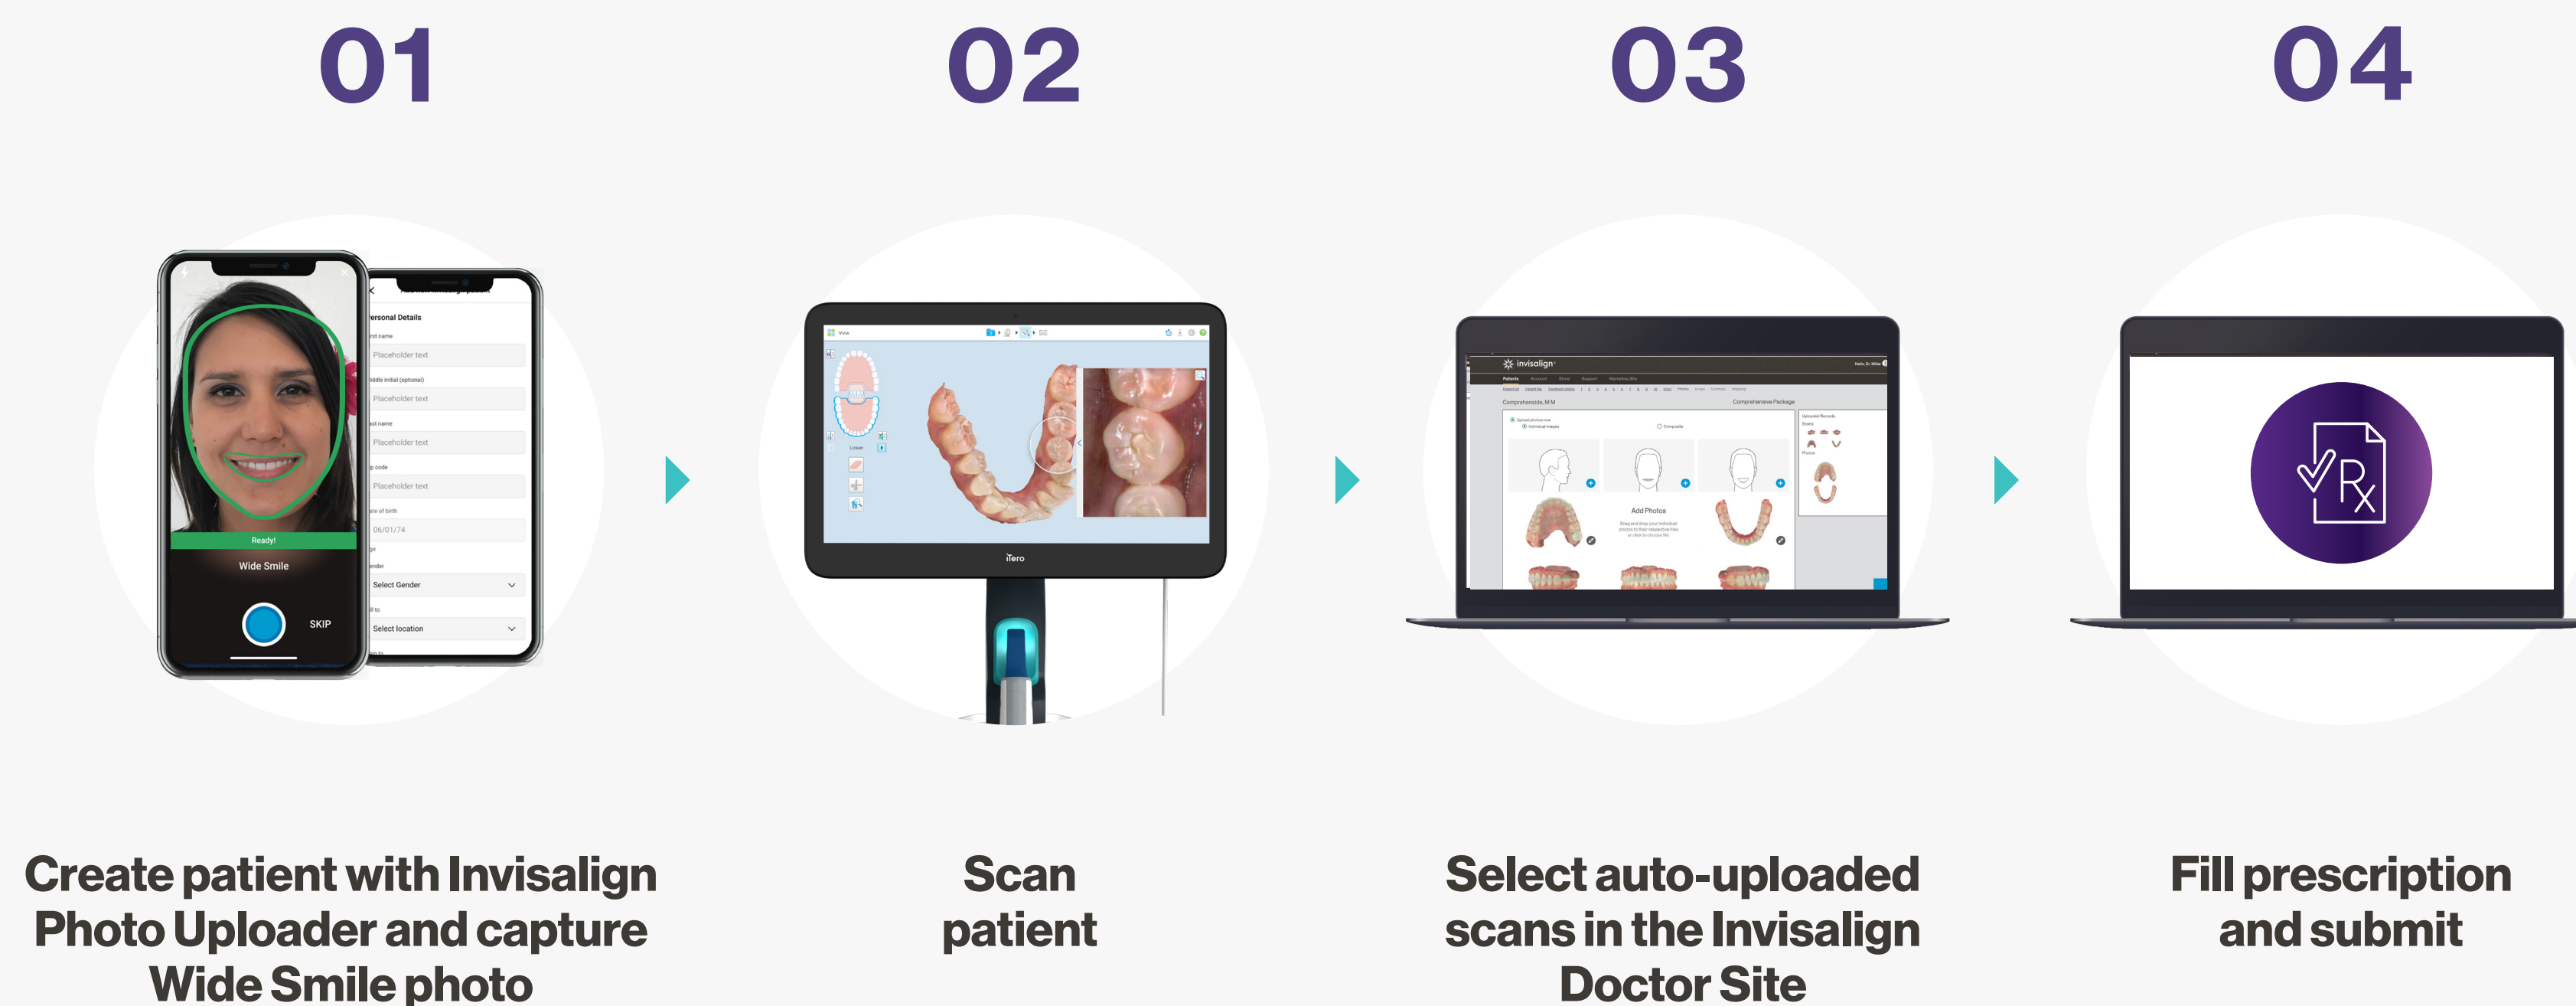

# Shift to a fully digital workflow with significantly **fewer steps**.

Invisalign case submission process is streamlined with the iTero Element 5D imaging systems.

## Without auto-uploads.

## With auto-uploads.

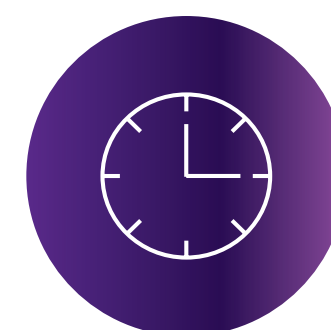

## A better experience for **you and your patients.**

The iTero Element 5D auto-upload  
feature is truly something to smile about.

### **Reduce manual touchpoints.**

No tray molds, cheek retractors, or  
digital camera uploads required.

### **Treat more cases in less time.<sup>1</sup>**

Save time submitting cases and spend  
it where it counts: with your patients.

### **Connect with patients.**

Provide a memorable, interactive  
chairside experience.

# Take advantage of the full range of enhanced features available on **iTero Element 5D Plus Series.**

The latest cutting-edge iTero technology speeds up everything from scanning to submitting Invisalign cases.

**Enhanced image sharpness**

**Dual Processors**

**Move 50% faster during scanning<sup>2</sup>**

**25% faster image rotation capability<sup>2</sup>**

**Scans auto-upload functionality**
