Avoid dust formation.  
Keep in suitable, closed containers for disposal.  
Rinse with plenty of water.

### SECTION 7. HANDLING AND STORAGE

- Advice on protection against fire and explosion      :    No special precautions necessary.
- Advice on safe handling      :    Avoid dust formation.  
Do NOT breathe dust because it is hazardous to respiratory system.  
Avoid contact with skin and eyes.  
The Cement contained in this product reacts alkaline when in contact with water or humidity. This may cause severe irritation of skin or mucous membranes. The humidity of the skin or mucous membranes is enough for this reaction. Prolonged direct contact to the dry product should be avoided therefore.  
Pour downwind and allow as little free fall as possible while emptying bags into equipment.  
Breathing must be protected when large quantities are decanted without local exhaust ventilation.
- Further information on storage conditions      :    Containers should be stored tightly sealed in a dry place.
- Materials to avoid      :    Keep away from water.  
Segregate from metals.  
Segregate from acids and bases.
