Capillary Waterproofing Admixtures

# Certificate of Conformance

## MasterLife® 300 Series Crystalline Capillary Waterproofing Admixtures

### This is to certify

- That MasterLife 300 Series admixtures are integral crystalline capillary waterproofing admixtures for concrete; and
- That, MasterLife 300 Series admixtures are also available in a red-pigmented version; and
- That, neither calcium chloride nor any chloride-based ingredient is used in the manufacture of MasterLife 300 Series admixtures; and
- That, MasterLife 300 Series admixtures are certified by NSF to NSF/ANSI Standard 61-Drinking Water System Components-Health Effects, and that it is therefore suitable for use in properly cured concrete structures in contact with potable water; and
- That, MasterLife 300 Series admixtures meet the requirements for a Type S, Specific Performance Admixture specified in ASTM C494/C494M and AASHTO M194, the Standard Specifications for Chemical Admixtures for Concrete.
