

<Introduction>

Enjoy the wonder of Japanese architecture with a professional guide!

Ozu City is a region blessed with a beautiful rural environment characterised by mountain ranges and the Hajikawa river that flows through the centre. Today, the old town around the city center retains an atmosphere reminiscent of bygone decades, with nostalgic stone-paved alleys and old-fashioned houses of both Edo and Meiji Period. Ozu Castle, and Garyu Sanso Villa, are great examples of Japanese architecture that your professional guide will explain in detail. As you walk around the city, you will encounter many other historical and cultural buildings.
