

ALOIS REITER

* 23 July 1967
from Ruhpolding, Germany
Married / two Children

Biathlon has shaped my professional life for more than three decades - first as an athlete and later in various organizational and technical functions within the sport.

As a former member of the German Biathlon National Team, overall winner of the European Cup and relay World Cup winner, I experienced elite biathlon from an athlete's perspective at the highest international level.

Since 2004, I have continued to contribute to the development of the sport as a sports official in different areas of responsibility. Since 2009, I have been responsible for sports administration and organizational tasks at the Chiemgau Arena in Ruhpolding.

Since 2013, I have served as Competition Director for major biathlon events including the BMW IBU World Cup Biathlon in Ruhpolding as well as the City Biathlon events in Wiesbaden and Dresden.

In 2015, I was appointed IBU Technical Delegate and have since completed 34 assignments across IBU Junior Cup, IBU Cup, BMW IBU World Cup and IBU World Championships competitions.

These experiences have given me broad practical insight into the technical, organizational and operational demands of modern international biathlon - from athlete needs to venue management and competition execution.

Since 2024, I have also served as Head of the German Federal Training Center Ruhpolding/Berchtesgaden.

With my candidacy for the IBU Technical Committee, I would like to contribute this practical experience, my international event expertise and my long standing commitment to the continued development of biathlon.
