IBU Regional Events – Summer and City Events 2025 (Guidelines)

Mission

IBU supports, empowers and inspires the biathlon family to develop and grow the sport (Target30)

Goal

Establish a strategy for the implementation of sustainable regional IBU events focused on developing biathlon

Objectives

1. Support NFs to implement good quality international competitions for young athletes.
2. Address gaps in participation pathways by supporting NFs to introduce programs based on international cooperation.
3. Create the possibility of wide participation in system sports competitions (popularisation).
4. Support NFs to use and keep or build local biathlon facilities and venues to promote biathlon nationally and regionally.
5. Increase the activity and efficiency of biathlon federations/associations and clubs to promote the sport of children and youth.
6. Gain access to additional resources and funding.

IBU Regional Events support principles

1. The project is focused on structured and future-oriented long-term activities.

The NF/OC should present future-oriented long-term activities in collaboration with NFs from the IBU Region. The Regional Coordinator confirms the agreed regional event date/place/budget plan.

In summer 2025 the maximum support per summer event is **7 500 EUR**.

In addition, the City Events organisers may apply for **20 000 EUR** support/event.
The project's duration is from the 1st of July 2025 to the 31st of October 2025.

2. The project promotes cooperation among NFs inside and between the IBU Regions.

*** Suspended IBU members

Participation of a minimum of three NFs in one IBU Regional Event or City Event is required¹. One NF should be represented with a minimum of 3 athletes. As a priority, the IBU NF should take part in their IBU Regional Event series. The NFs are allowed to participate in the IBU Regional Event competition besides their IBU Region only after OC's agreement with other IBU Region.

NFs can register their athletes to participate in REs outside their own region if:

- the NF competed at least one time in the current or preceding trimester in a RE of their home region
- for obvious reasons (lack of snow, unavailability of venues) it is not possible to hold events in their own region, upon agreement with the RE Coordinator
- required for logistical reasons (more efficient traveling, less financial effort), upon agreement with the RE Coordinator

The IBU does not support City Events with travel contributions. The application requires mutual agreement with all NFs presented in the project.

3. IBU support is intended as partial support for organisers.

3.1. **IBU financial support shall not exceed 50% of the total project costs** (to ensure own financial activities from the NF/OC). **The donated services and voluntary work² could not exceed 50% of NF/OC contribution.** The IBU contribution may be reduced if the applicant reduces the budget during project execution due to the 50% rule.

3.2. A NF/OC may apply for one event either as **Regional Event** or as **City Event**. It is not possible to claim both grants for the same event
