Profile

With extensive experience in biathlon as an athlete, leader, coach, and volunteer, I have a strong understanding of the implementation of regulations and the development of the sport across different roles.

As biathlon continues to evolve, new requirements will emerge for competition formats, event organisation, and the associated regulations.

I would like to contribute to and support the safe, fair, and sustainable development of the sport while remaining open to innovation and new solutions.

Work experience

Head of Coach Development and Education Norwegian Biathlon Association, 2022-present

Responsible for coach development and education, managing development projects, and serving as a member of the leadership team in the Norwegian biathlon association.
