

B4A Project Coordinators Meeting 2026

“Grow as we do”: The intermediate effects of the Biathlon 4 All project and a need for future consolidation

Invitation

Dear National Federations,

Dear B4A Project Coordinators,

Since 2023, after three years of the Biathlon 4 All programme, hundreds of events delivered, and more than 645 laser and optical rifle sets distributed, we would like to come together to reflect on the programme, exchange experiences, and define a plan for the future.

Under the motto “Grow as we do,” we would be delighted to welcome you to Salzburg for a series of information and discussion sessions designed to support and motivate you in your future work.

By bringing together the B4A Project Coordinators from all 48 participating countries, as well as representatives of other National Federations, we aim to create a platform for face-to-face exchange and discussion of your individual efforts and experiences.

We would greatly appreciate your time and participation in these sessions.

Kind regards,

IBU Development Team
