

FAQ

NF's Development Projects Support

1. What does it mean by the "official registration document" in the registration form?

An official document that shows that your federation is officially registered within your country.

2. What does it mean by the "costs related to the cost of equipment" used in the application form 'Support of training venue'?

This might be costs related to the shooting targets or laser rifle equipment as:

- shooting mats
- the shooting set up items (flags, numbers. etc.)
- transport/shipment of the equipment
- installation costs (only from the NF's side)

3. What are the application deadlines for this season (2022/2023)?

Development Projects

Call for applications: 08th April 2022 until 23rd May 2022 NEW DEADLINE 31st of May

Duration of projects: 01st June 2022 to 31st March 2023

Review of applications: 19th and 20th June 2022

Announcement of results: 21st June 2022

IBU Regional events

Call for SUMMER EVENT applications: 17th May 2022 until 13th June 2022

Call for WINTER EVENT applications: 17th May 2022 until 15th September 2022

Duration of projects: 01st July 2022 to 30th October for SUMMER events, and 1st November 2022 to 31st March 2023 for WINTER events

Review of applications: 19th/20th June 2022, and Nov. 2022

Announcement of results: 21st June 2022, and Nov. 2022

4. Are the Development projects and Regional events grants additional funding to the annual NF's "Financial support"?

Yes, the Development projects and Regional events grants are offered in addition to the yearly financial Support paid by IBU (Activity Bonus, Participation Bonus, Travel Contribution...).

5. What is the maximum amount the NF can apply for?

When it comes to the development projects, the NF can apply for:

- A maximum of 20 000 EUR support for individual project (s) from projects groups Youth and Junior Athlete's development, Biathlon expert support, Support of training venues
- A maximum of 20 000 EUR support for individual project (s) from projects groups Dual Career and Sustainable Business development
- A maximum of 20 000 EUR for the partnership project (maximum of 3 partnerships projects can be led by NF from A and B development categories group)

IBU will cover no more than 50% of each project's costs. Only the partnership project does not require reporting NFs contributions.

6. Can we ask for the assistance of a foreign shooting coach and put his expenses into the project?

Yes, the costs of an external expert can be included in the project.

7. Project "Youth and Junior athletes development": Can costs related to national and international events be included?

The costs related to the participation of athletes in the national (National championships) and international events (all IBU events, including junior and regional events) will not be considered by the IBU within the scope of the Youth and Junior Athlete development project.

8. Project "Expert support and Human resource management": Can costs of athletes for national and international training camps be included?

The project 'Expert Support and Human resource management support' intends to help develop the structure and strategy of the National Federation. So, the costs of the camps can not be included in this project.

9. Project "Support for training venues": Documentation of training range; what does NF has to provide?

If NF wants to buy biathlon targets, the IBU would like to know where NF wants to use them. NF has to present the venue documentation from the existing or building venue. If NF is going to buy laser rifles, it has to give the info only about the beneficiaries (NF, club, school kids etc.).

10. Is it necessary to upload all receipts of the expenses?

NF is requested to provide only the list of incurred costs using the appropriate excel form provided in the IBU Scope. In addition, NF also includes donated or voluntary services. However, the IBU may request the invoices under the request.
