Report IBU Material Distribution, Hochfilzen 2025

Development Department

The Material distribution project is a part of the Supplying Partner project carried out in cooperation with the Sport & Event Department.

The Sport & Event Department is responsible for:

1. Contracts and yearly meeting
2. Wax cabin and accreditation

The Development Department is responsible for:

1. Communication and Advertising
2. Material distribution
3. Administration

1. General principles

The IBU provides material support for all developing NF members through cooperation with IBU's Supplying Partners. According to the current development principles, support is given to NFs from B, C, D, and E development categories, which have at least 4 athletes competing in a minimum of 2 IBU Competitions. A-Nations (advanced structure) are excluded from the material distribution. Each year, biathlon equipment that is needed to develop biathlon on a national level like skis, ski boots, bindings, poles, ammunition, rifle parts, XC clothing, gloves, wax, and many other items are delivered.

The distribution is based on the wishlist (on request) provided by NFs. This year the platform „IBU Scope 2.0“ was used to ask the NFs for their wishes. The packages were prepared upfront.

The value of the equipment package is **based on:**

- the **number of athletes** participating in IBU Events from the previous season;
- **wishlist** from NF (submitted via IBU Scope);
- **available equipment** from Partner & Suppliers.

In season 2025/2026 according to our current development structure, B-Nations (17) received 54%, C-Nations (15) received 38%, and D- Nations (5) received 8% of the material to do the allocation fairly and transparently.

In total, 37 NFs were supported with material from 28 Supplying Partners. Ski rollers (SRB and Marwe) used for the Summer Biathlon World Championships and the LOOP ONE Festival were also distributed to NFs. In addition, some of the material provided by the Supplying Partners is used for the IBU-IOC Camps, Biathlon4All, and the IBU Academy Coach Education Courses.

Additionally, Supplying Partners provided all the materials that are needed for common waxing. This includes the waxes as well as the equipment like wax machines, ski profiles, brushes, and many other items.

2. Place and date of the Material distribution

Place: Kulturhaus Hochfilzen, Schulgasse 1, 6395 Hochfilzen

Date: 9 December 2025 (Deliveries); 10-11 December 2025 (Distribution)

3. Project Manager: Anna Kitzbichler

4. Supplying Partners 2025/2026

Deliveries for Material distribution

Partner	Products
