

# Instructions

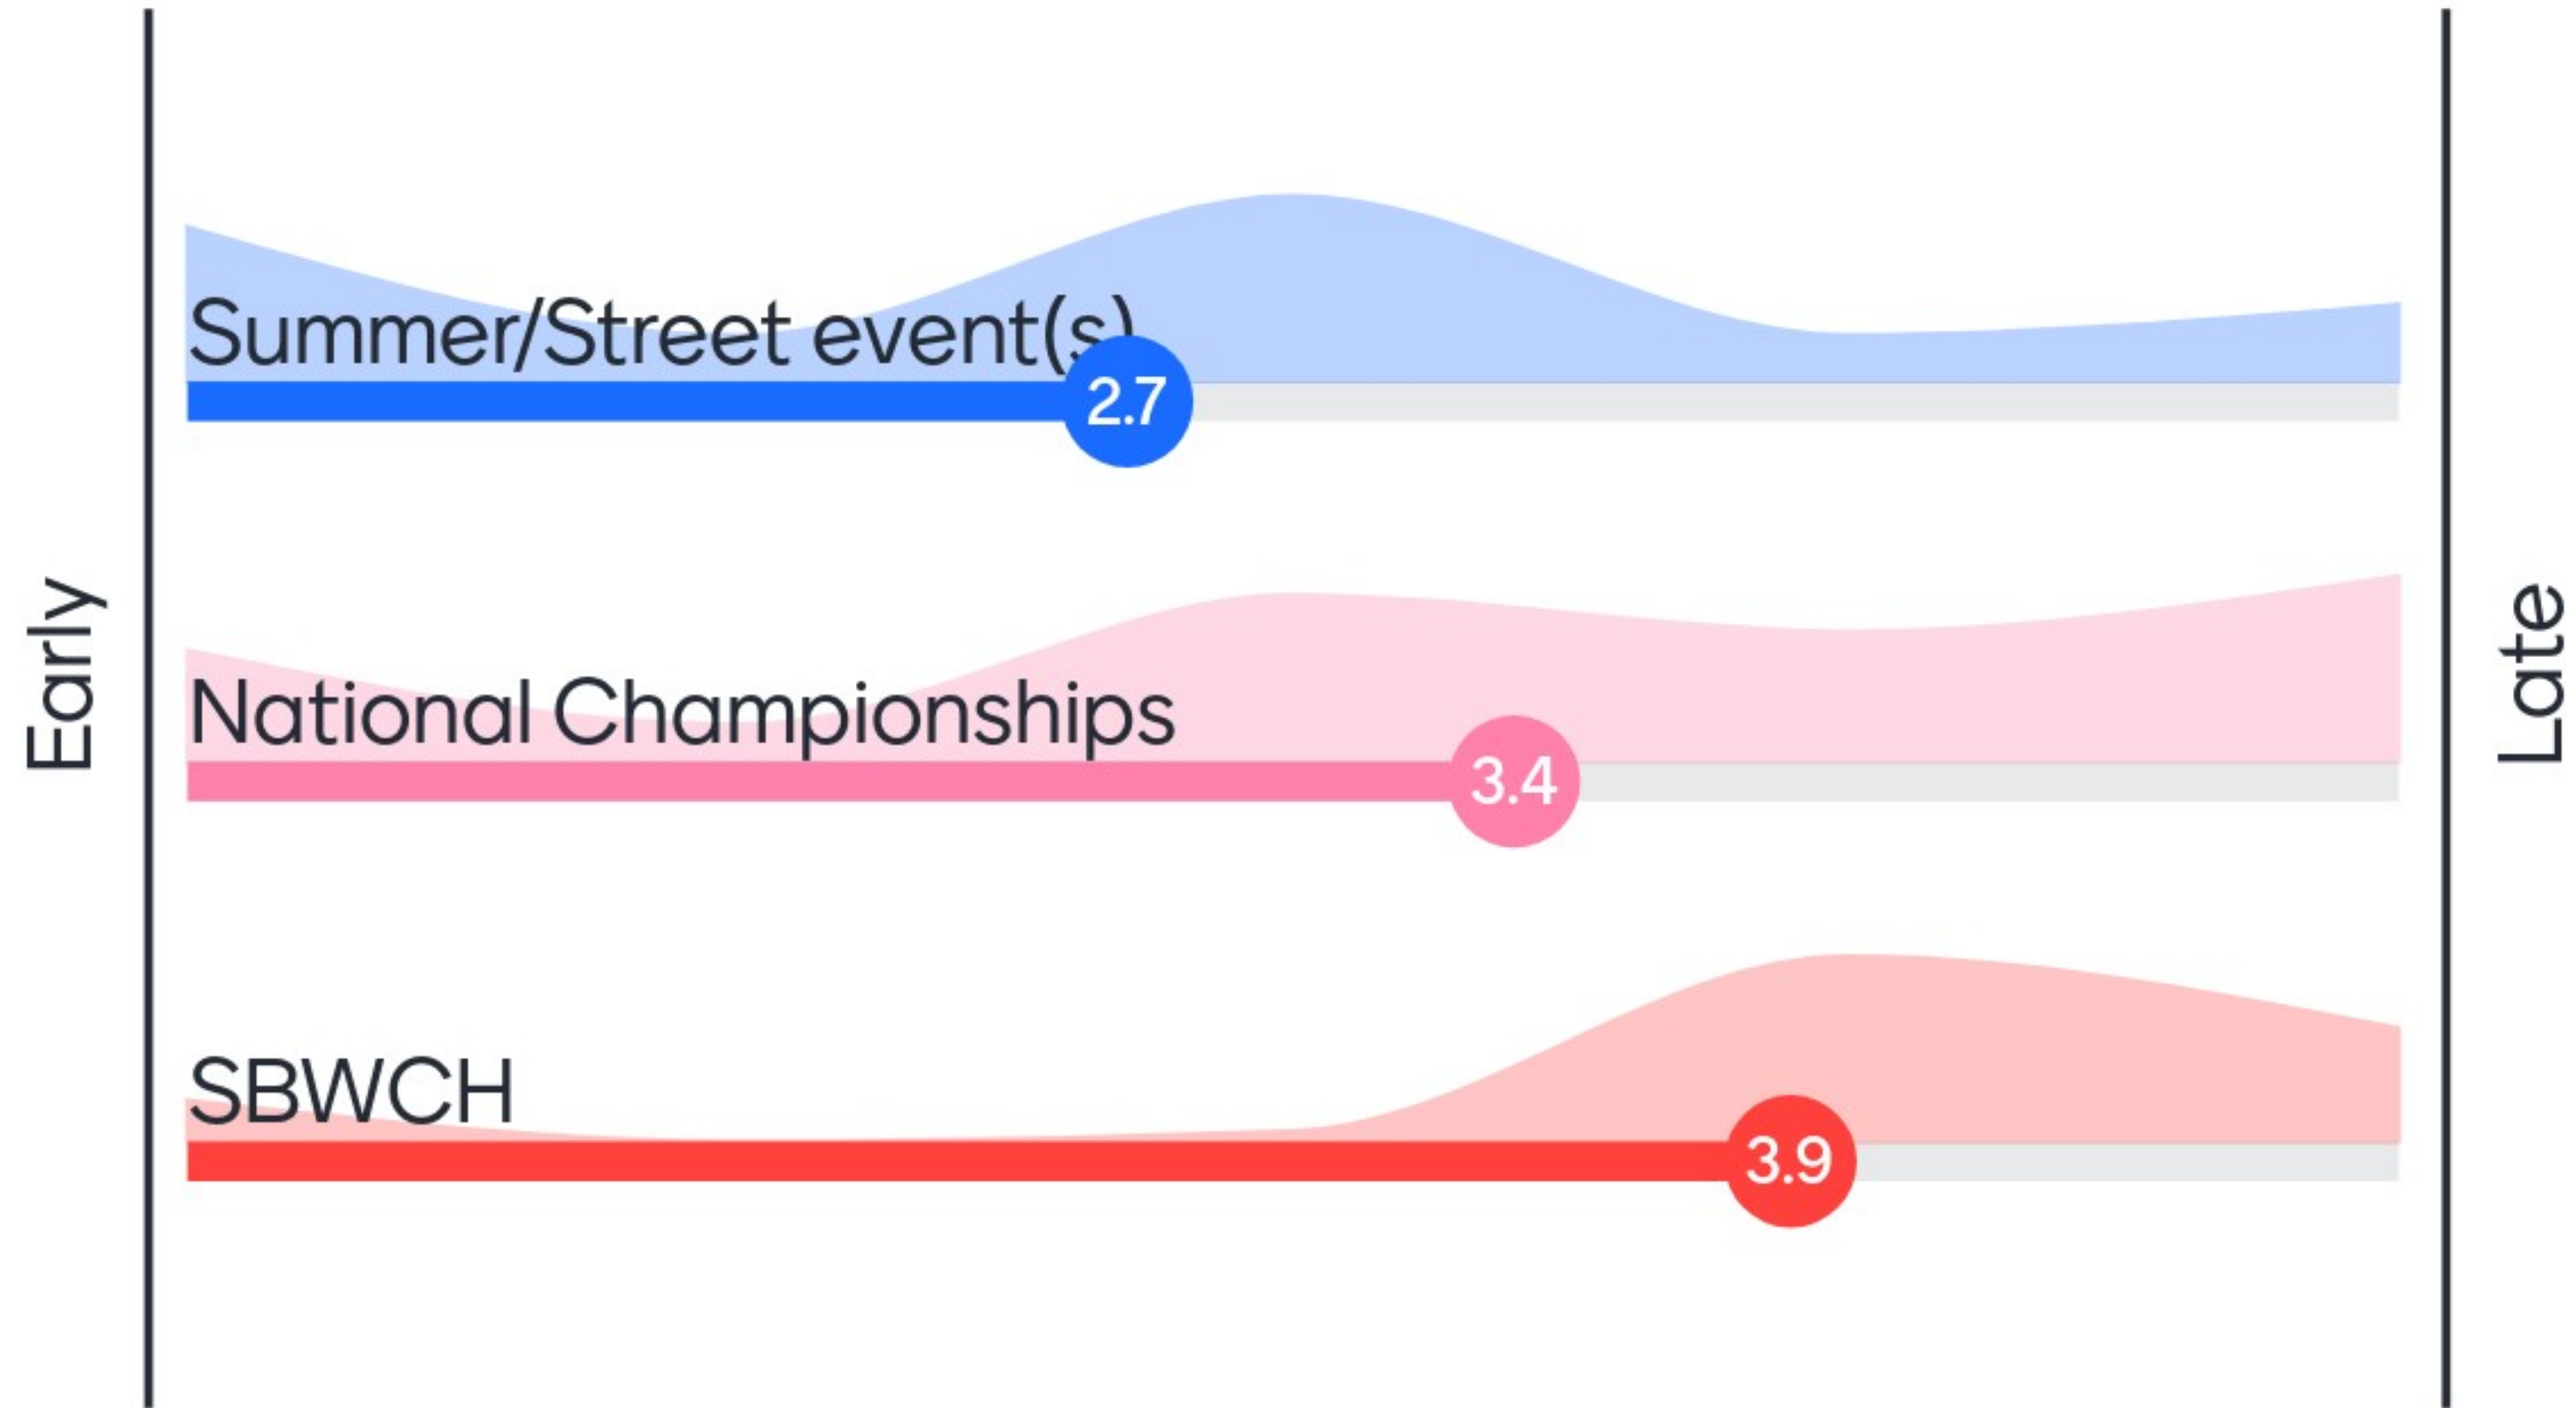

# Should IBU engage in other events beside SBWCH and how?

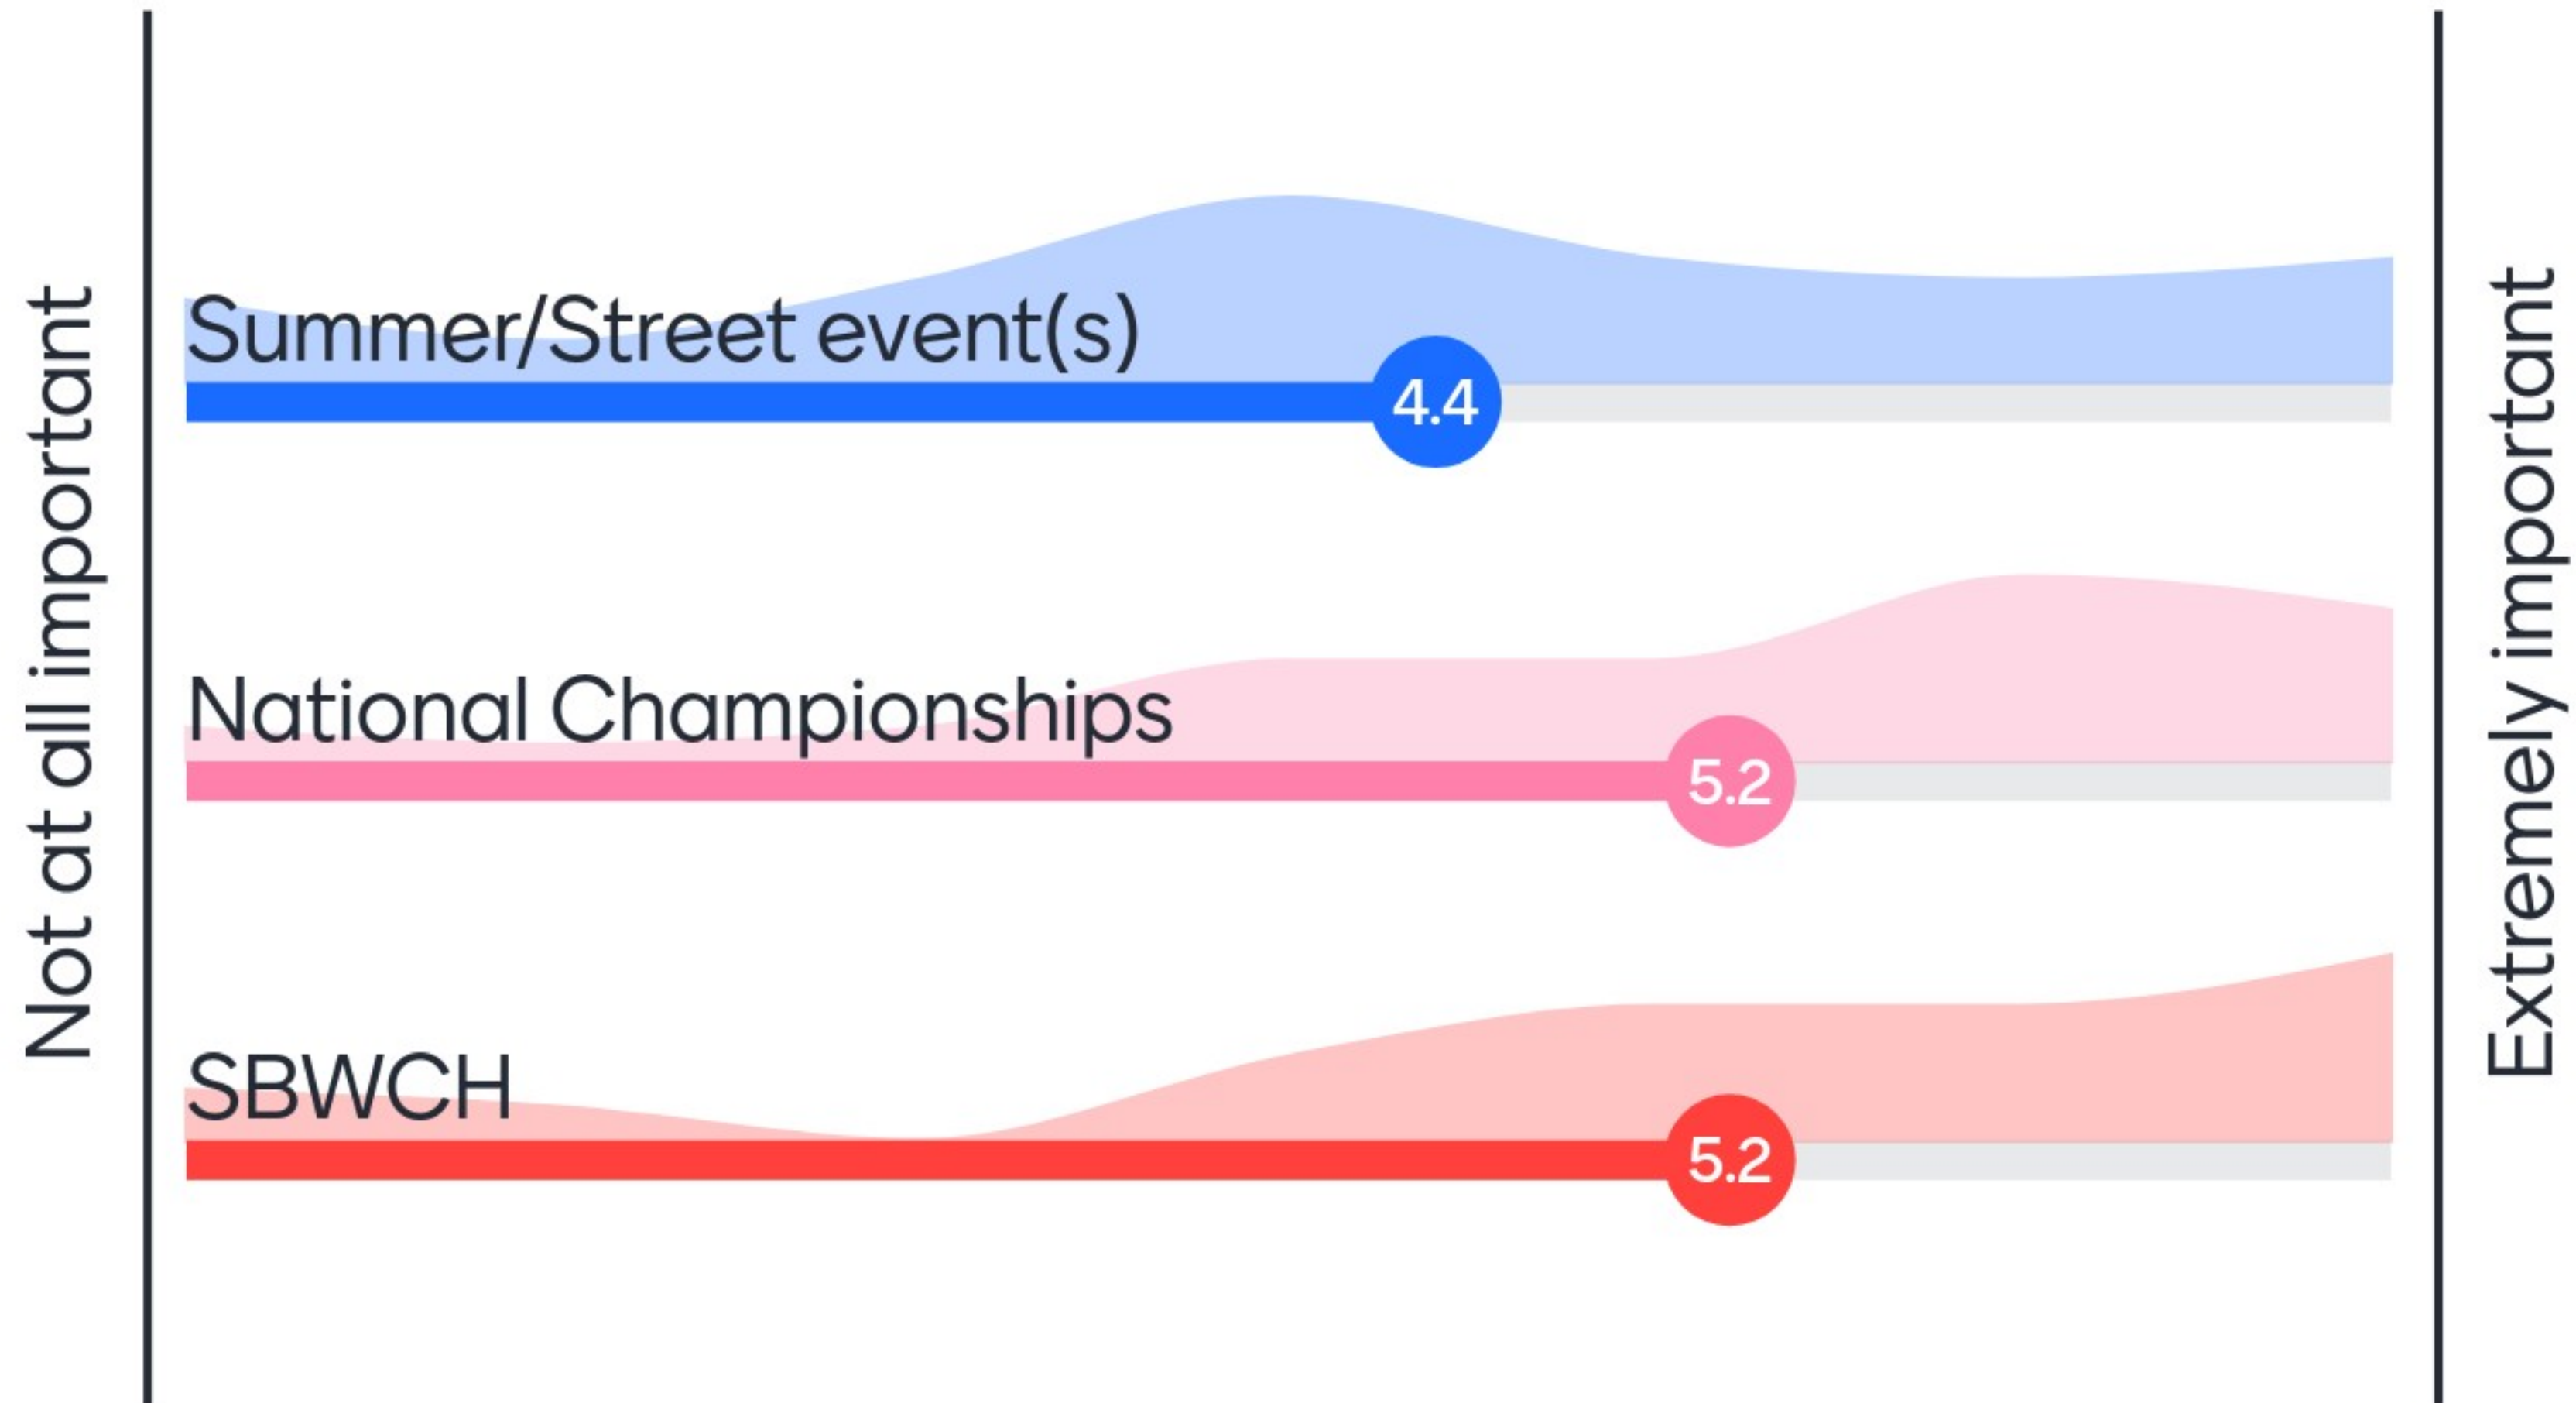

# How many events besides the SBWCH should be hosted?

# Ideal timeline of events? (early= End July; late = early September)

# Importance of events?

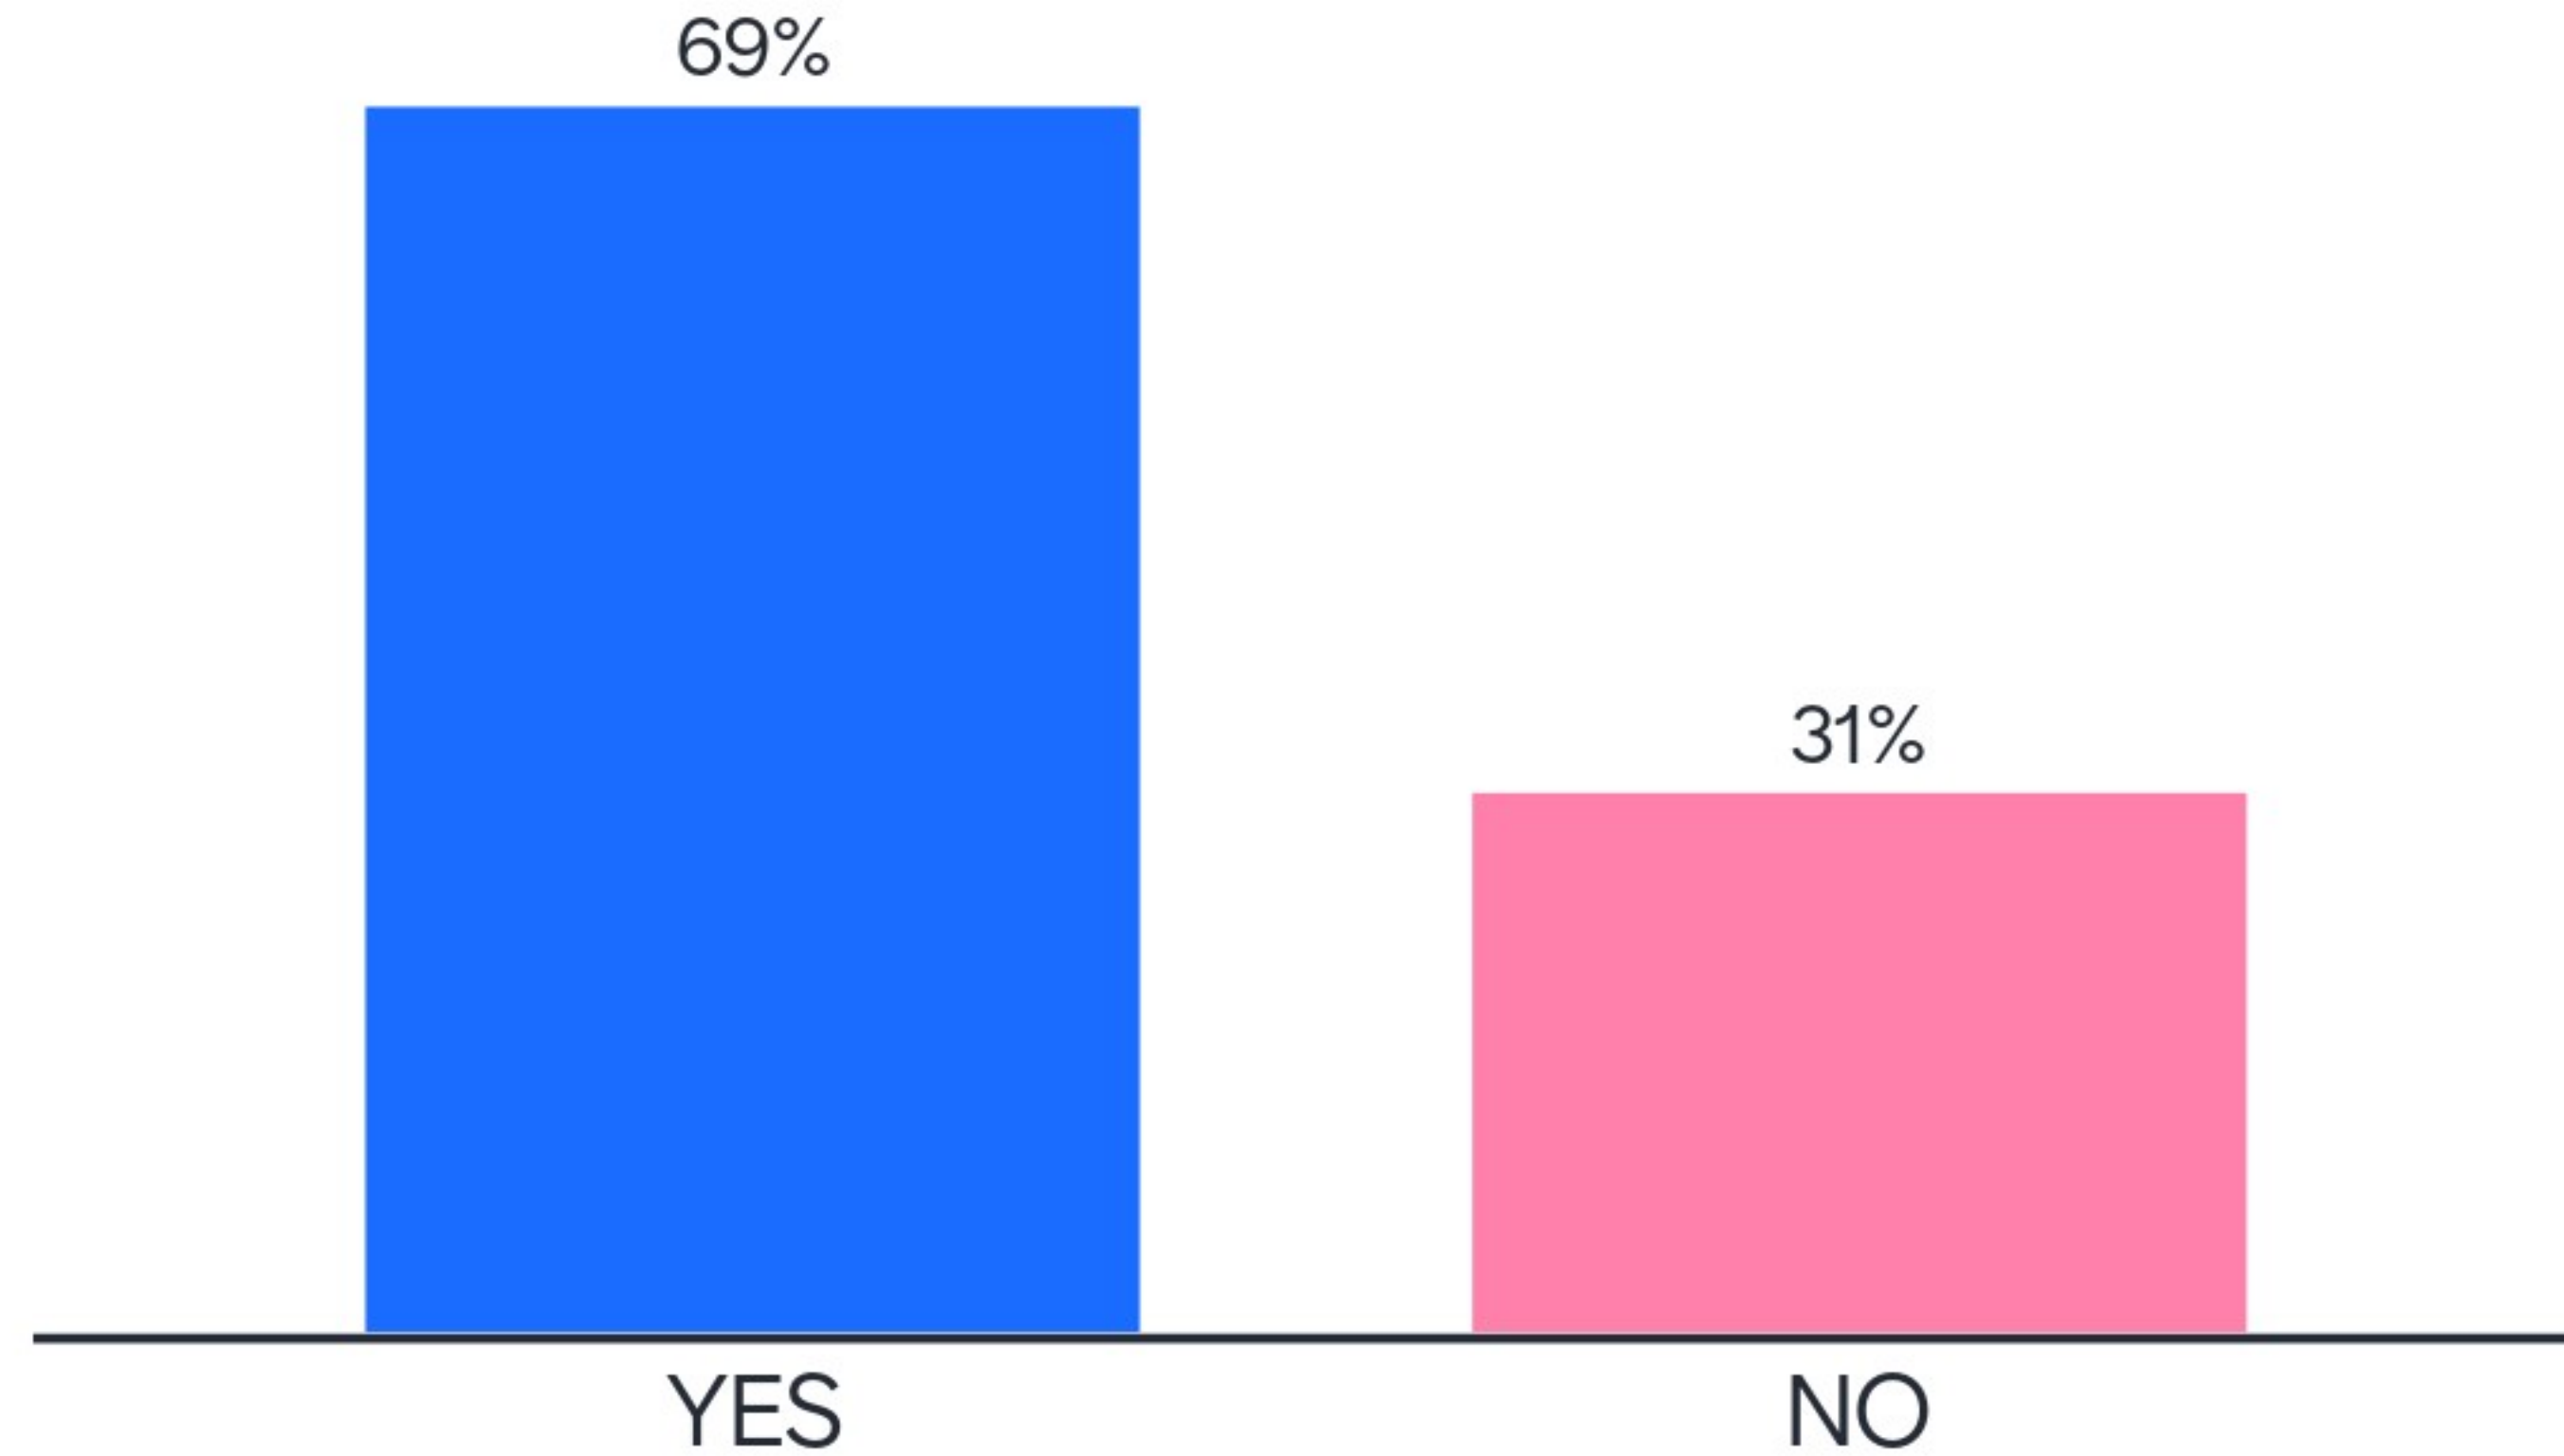

# Competition format at city/street events?

# Competition formats at SBWCH?

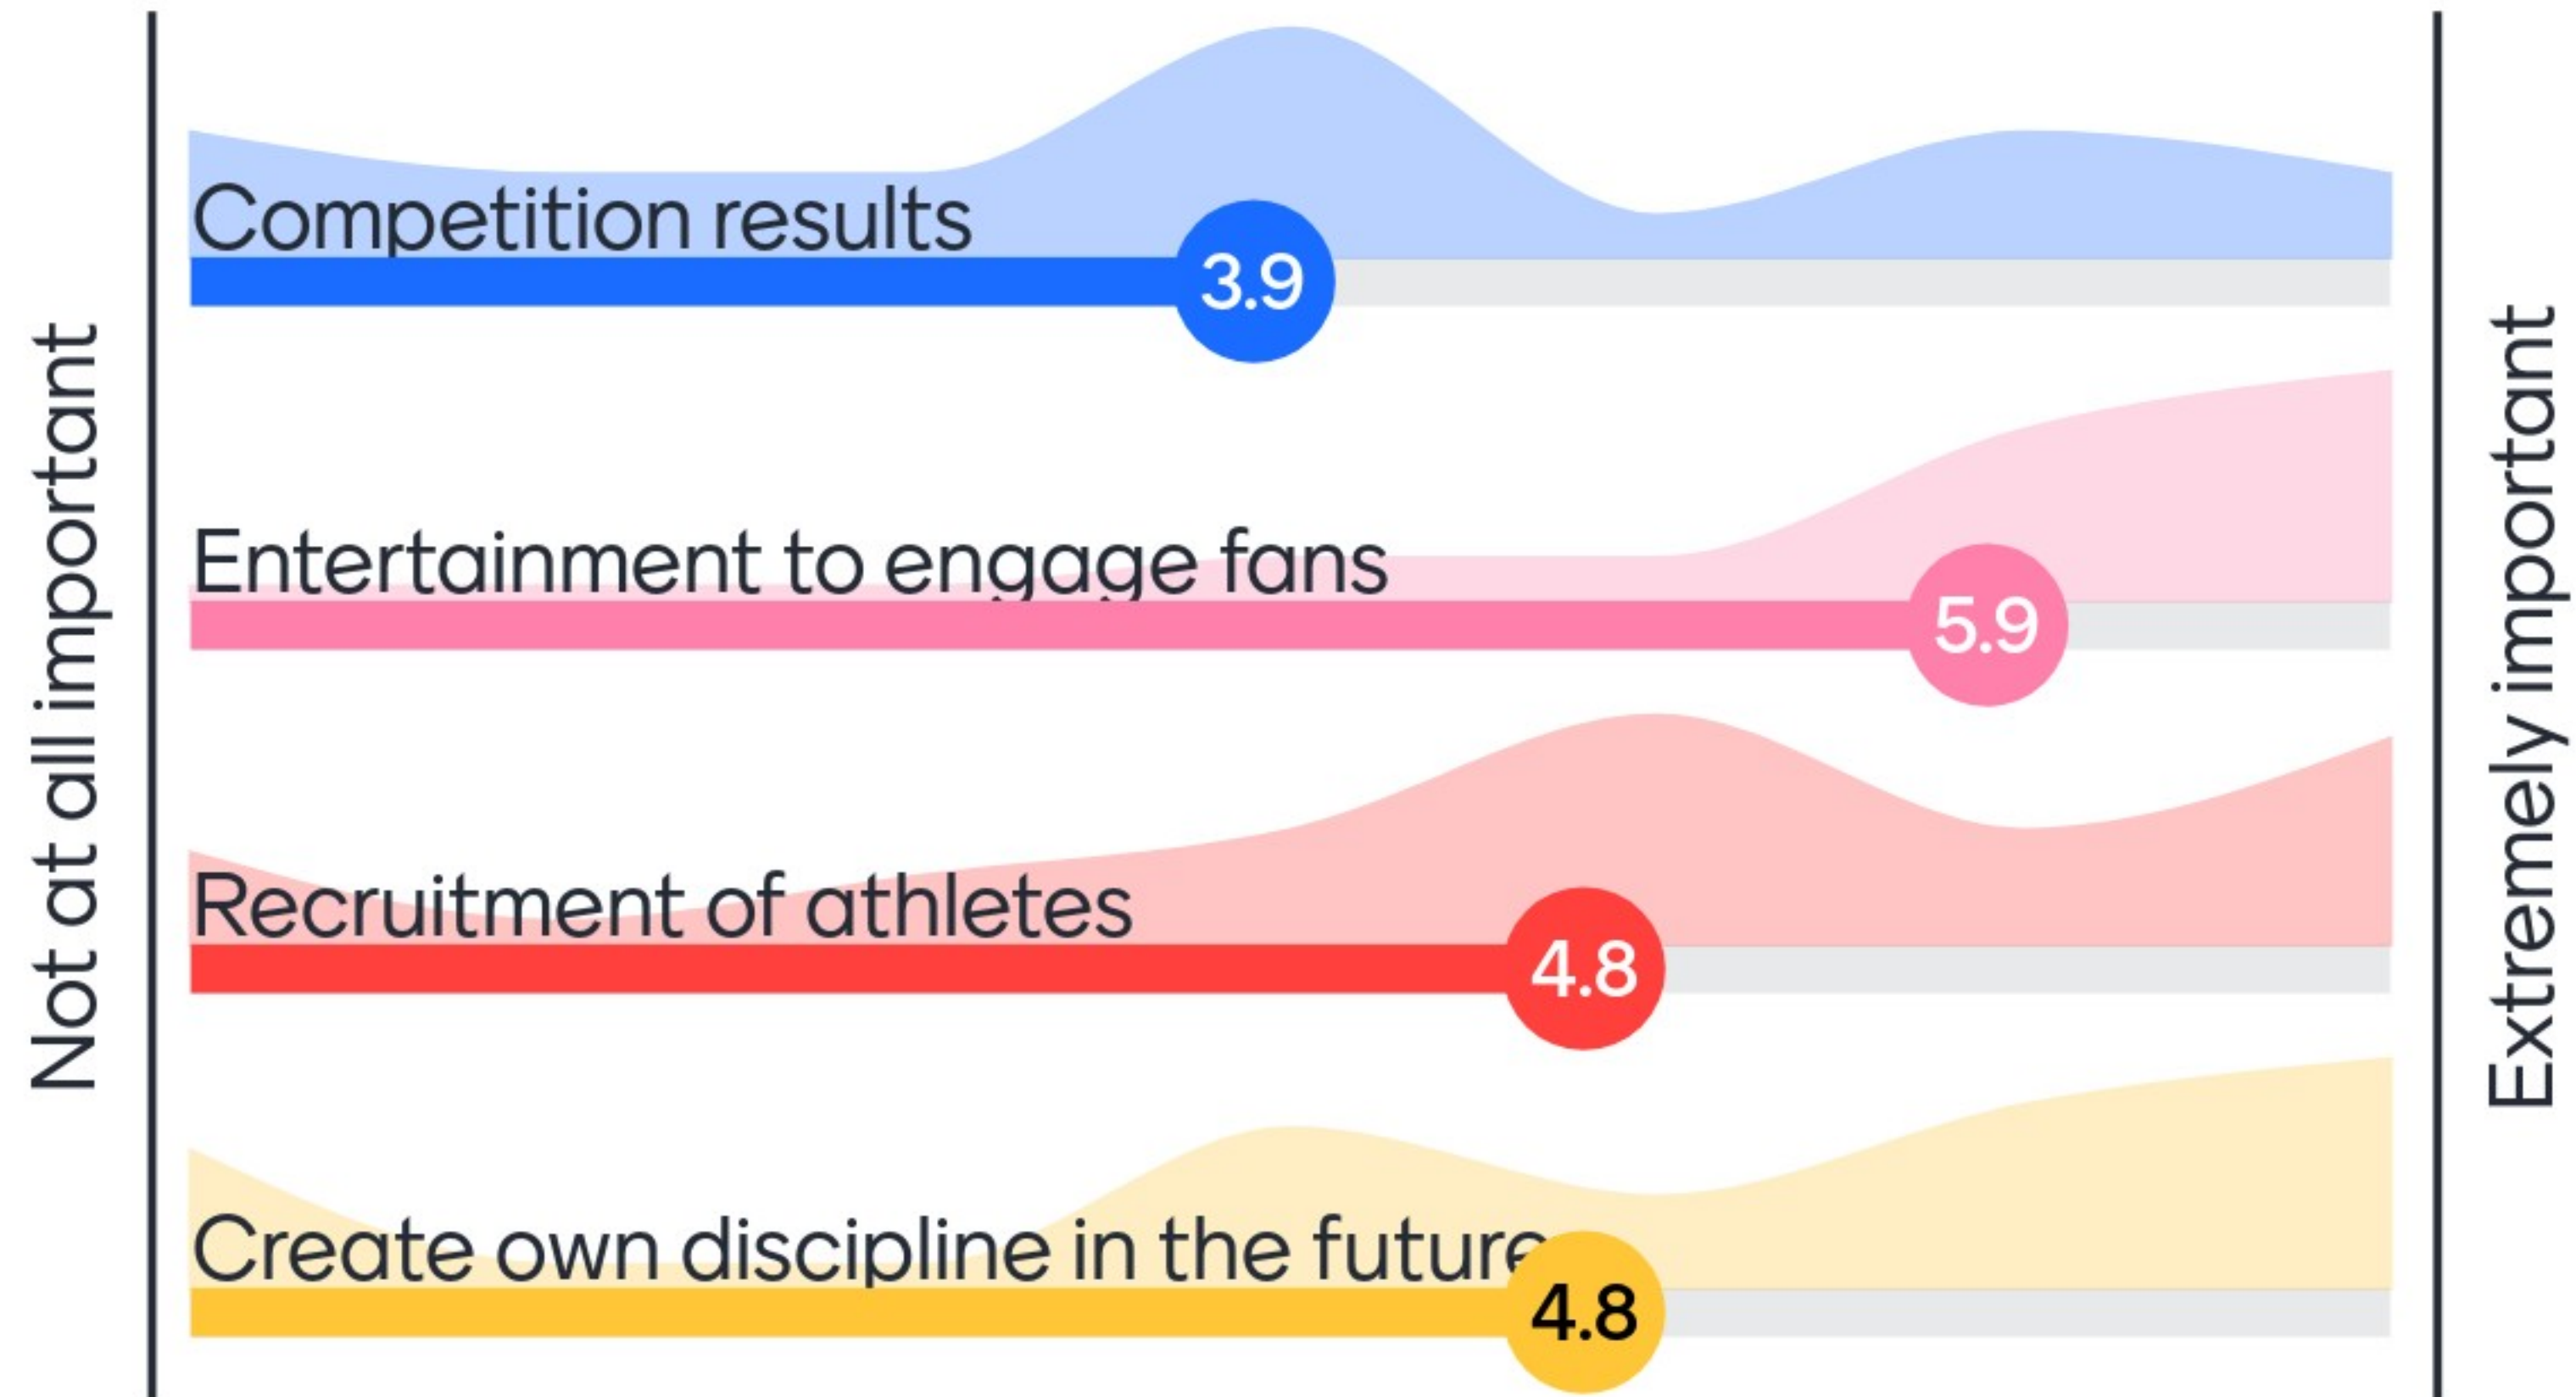

# Should the SBWCH remain „World Championships“?

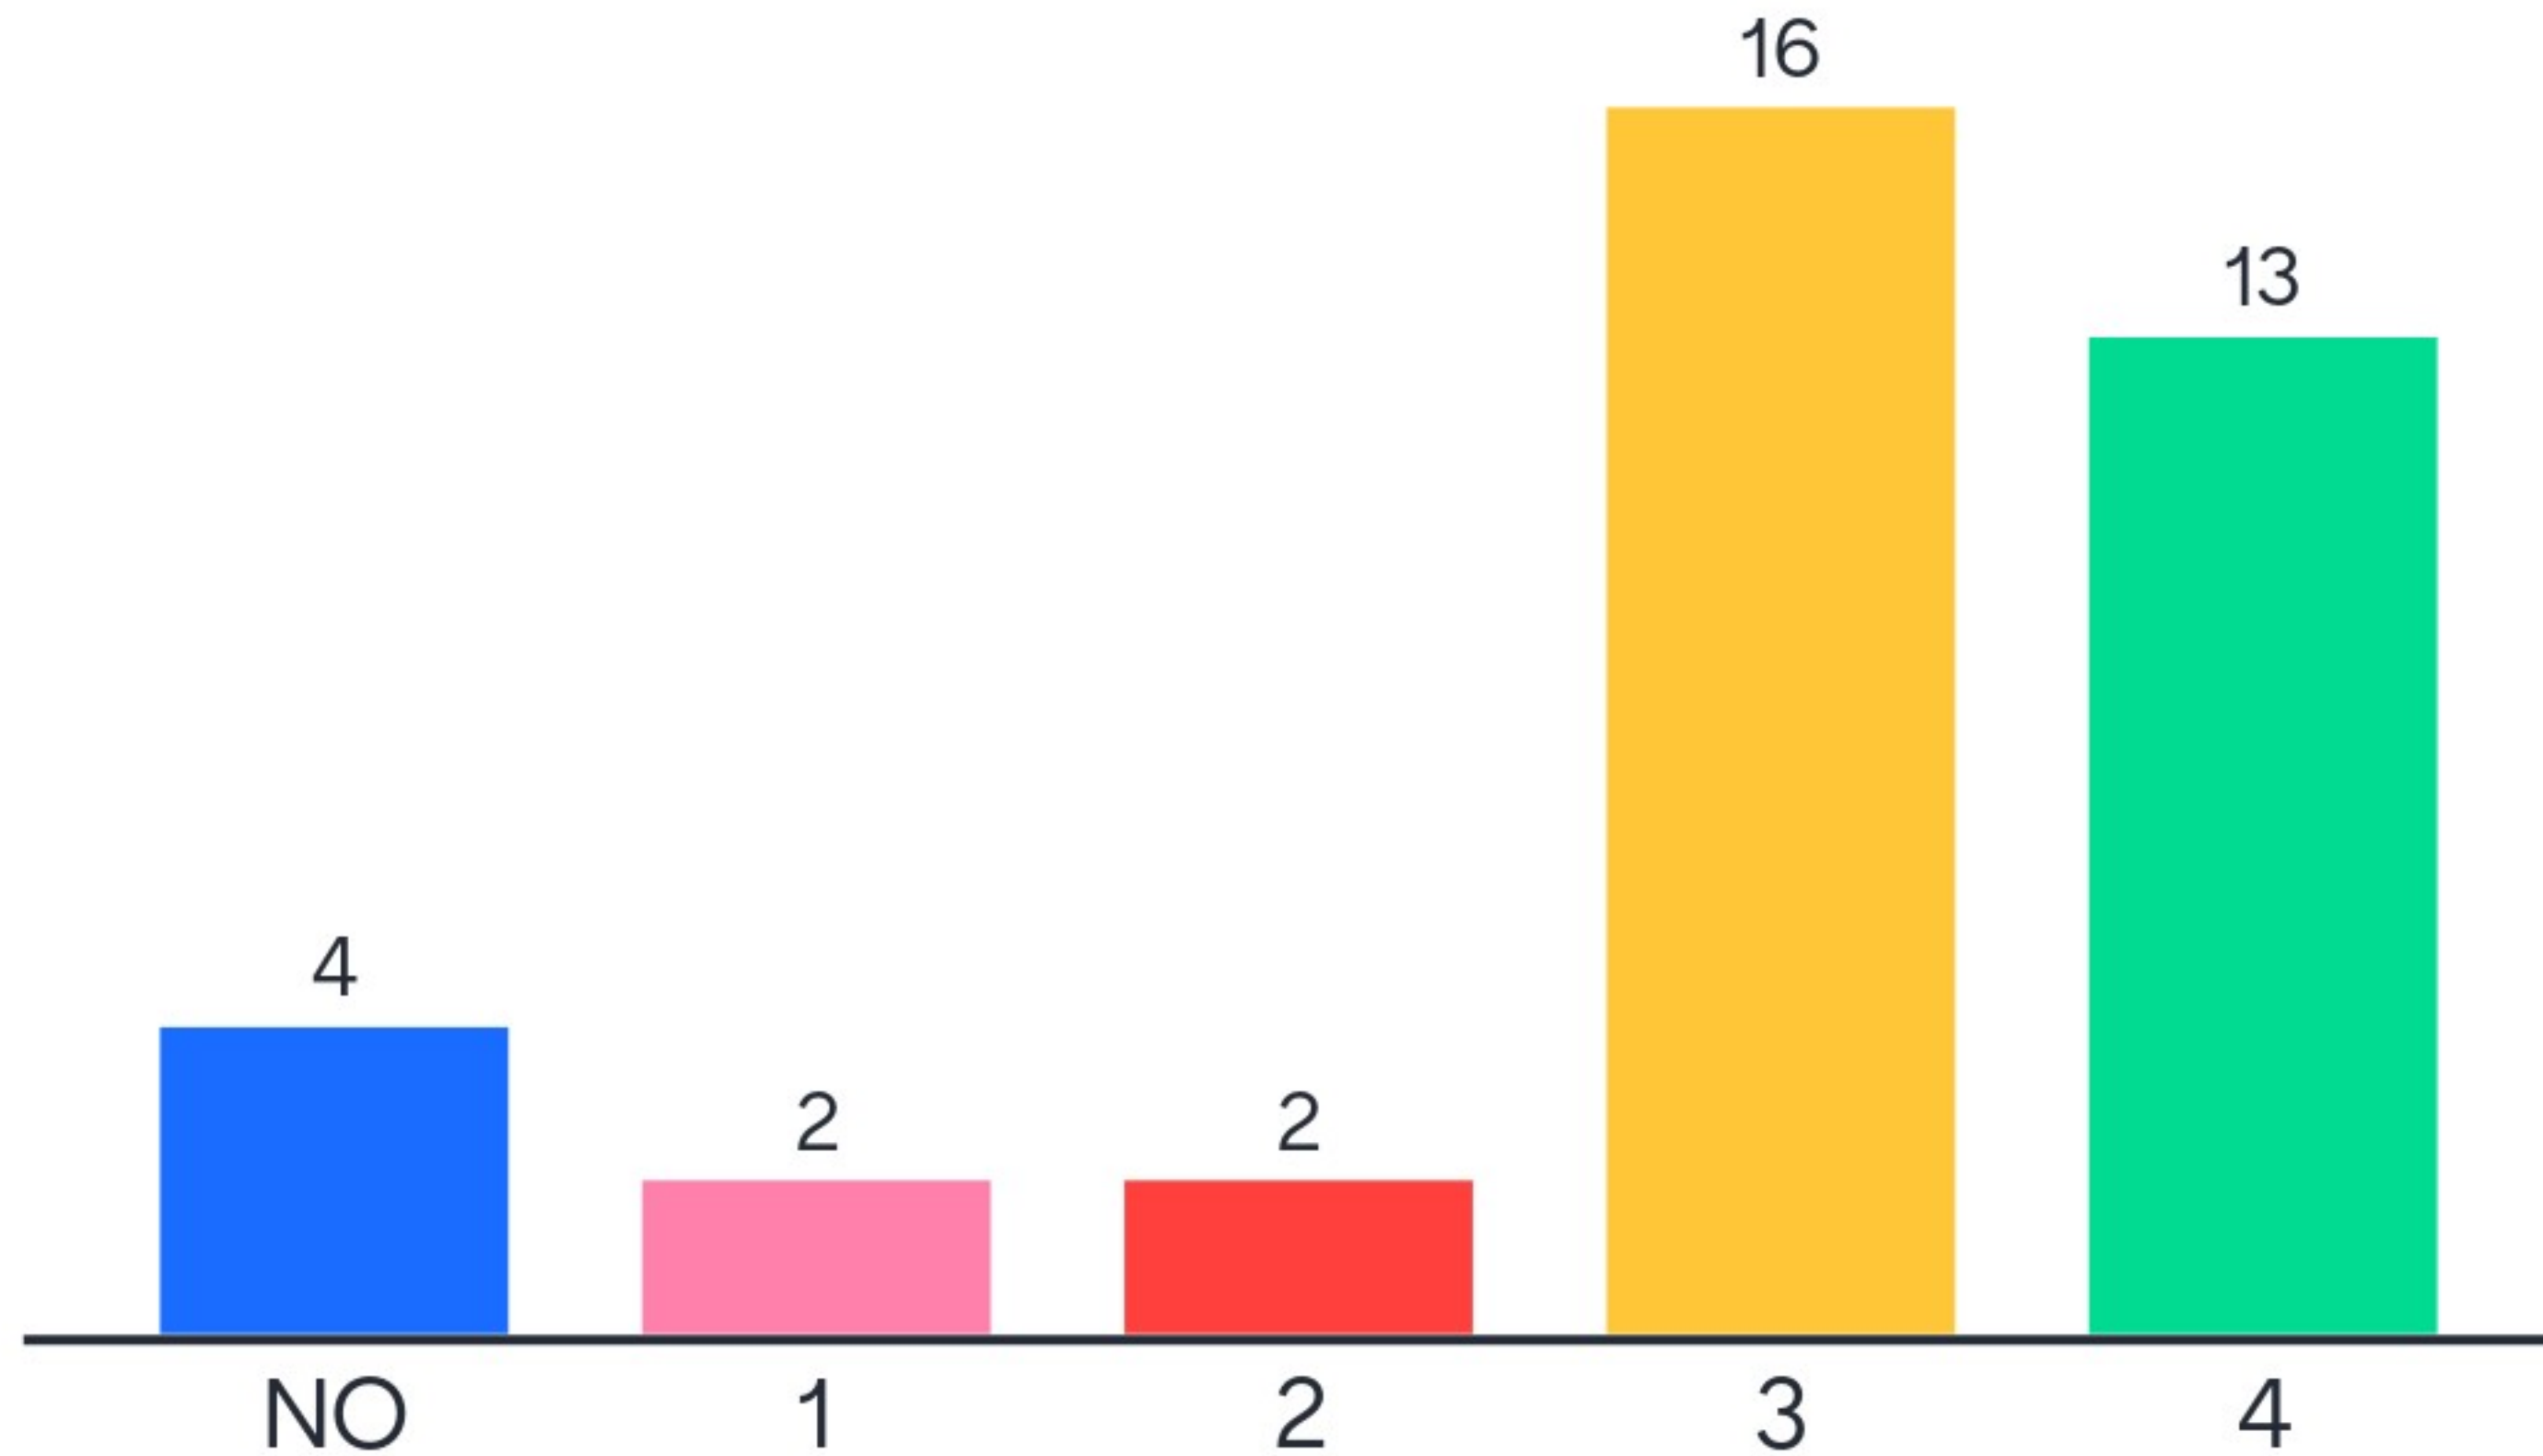

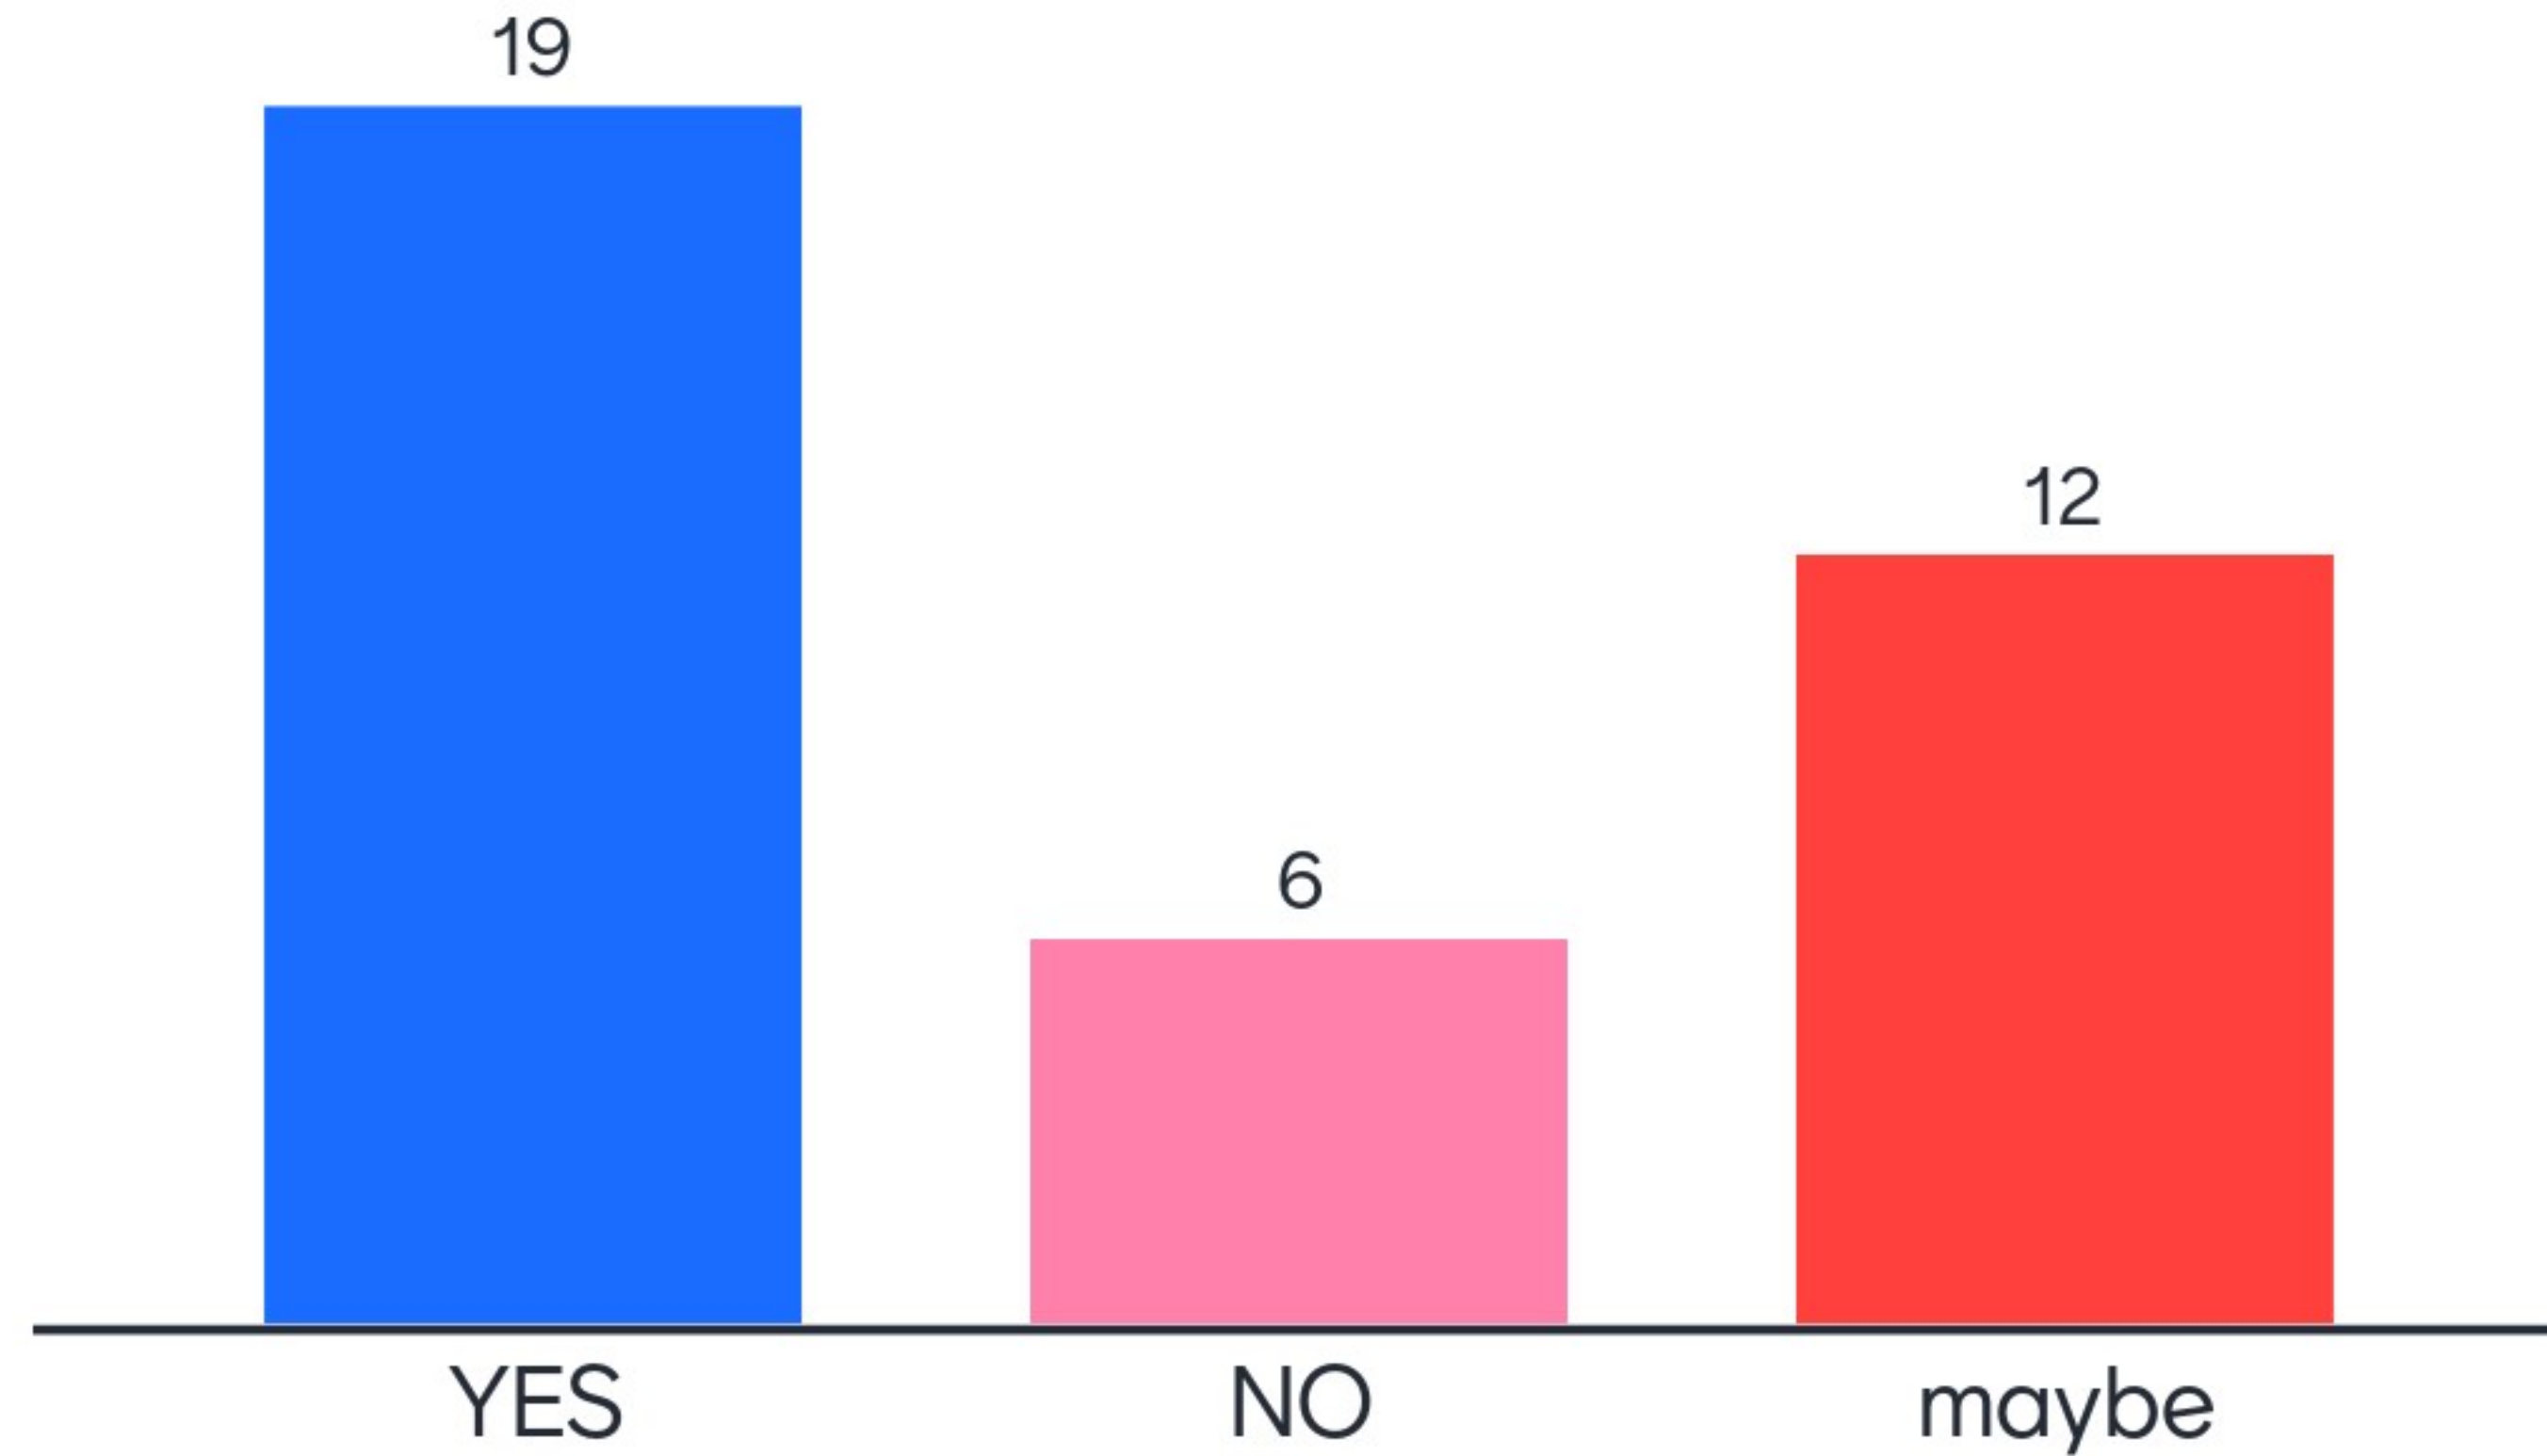

# Rank the importance of topics for you at city/street events?

# Same (pool of) venue(s) with huge interest of fans/spectators for SBWCH?

# Could you imagine to award NC points at Summer events?

# Any comments/suggestions?

These events in new locations to raise the profile of the sport.

Use summer biathlon as an opportunity to grow the sport in non biathlon nations rather than for nations cup etc etc

Do the survey in different languages. Try summer Biathlon in countries, that don't have much snow?

Good to have NC points for one event!

..

Diversify event and encourage participation. Innovate delivery of event and create entertainment feeling

Good to have well organised IBU own summer event in IBU calendar.

Provided rollerski are essential

Could we combine events with nordic and Para nordic to build the biathlon family

# Any comments/suggestions?

Very important to have NC points  
Focus on WCH and 2 IBU events

Summer mostly promotion, we should have one Championships

We think summer event should stay some shows with a qualification system enabling more athletes to take part like Blink festival

Good to have well organised IBU summer events.

Convenient logistics

Summer event are very important for Non Snow country to promote Biathlon. Thailand can get some money support from government when we attend event organize by IF. And Also it's good for Non Snow country can be host event as well.

Rotation of some fixed venues is good

For small NF summer biathlon is very interesting to promote biathlon.

Travel contribution adjusted to be more similar to the winter

# Any comments/suggestions?

possibly unfair to nations far away from events whose travel challenges are a potential block to participation

Summer Biathlon will be good tool to invite more Summer Nation like South East Asia.

Do we have a longer term strategy to see summer biathlon in the commonwealth games and the Olympic Games ?  
Australia is hosting in 2032 the OG's which would be a great opportunity to see SB as a discipline

Shows in street biathlon with the guaranty of presence of Top athlètes is important. These shows are on short distance and don't disturb the training period as a SBWCH can do.

We have to choice a laser weapon system, that we can use for summer events, also for running events who we can reach a lot of athletes and new Biathlon fans in our family. It have to be a second option to our offer of sport, venues and athletes,...

Go to city venues with WCH that will invest in a proper temporary venue

For flour recommened for all athletes / teams the same waxes. Here we can do our sport more interesting ...shooting and skis / And clear Condition of athete ... could made revolution and more interesting our spectators
