Director of Finance and Administration Hannes Kleineisen presented the financial development for the financial years 2024/2025 and 2025/2026. Total income remained at a high level, supported particularly by media revenues and the IOC contribution for the 2022 Olympic Winter Games. He noted operating surpluses in both years, strong financial investment performance, and the impairment of the IBU Event and Marketing GmbH in 2025/2026. He also highlighted that IBU income had increased by 121% since 2017/2018 and that direct support to National Federations, Organising Committees and athletes had increased substantially over the same period.

Lead auditor Paul Amon of Crowe presented the independent audit. The audits were conducted in accordance with International Standards on Auditing and the financial statements were prepared in accordance with Austrian GAAP. Crowe issued unqualified audit opinions for both financial years and confirmed that IBU funds had been used in accordance with the Constitution.

In response to a question from Brazil, the auditor confirmed that the audit scope included the internal control system to the extent required for the audit opinion, and that no matter had arisen requiring reporting to the Executive Board in this respect.

The Congress was informed that 52 National Federations, representing 84% of the membership, had submitted the governance framework by May 2026.
