Layflat Cover 210x210mm
Square / 216 x 216mm

Place your design within **'Artwork' layer** and **delete 'Guide' layer** once finished. PDF must be exported as a spread containing all three pages placed together.
Failure to remove guide layer will result in template printing over artwork design.

Please ensure:
• Colour: CMYK (RGB will be converted)
• Fonts: Embeded or converted to outlines
• Image Resolution: 300dpi or higher
• Crop marks and 3mm bleed are included
• Accepted format: PDF (one file)

Finished Size - This is the finished size of the product once trimmed.

Safe Area - We recommend keeping text and images out of the grey area, remaining in white box.

Wraparound - Please extend your artwork into this section. Anything within this area will be used as a wraparound for the casing of the cover.

How To Assemble Your Cover

1. Choose the **Spine** pages of this document (page 2).
2. Under the Pages tab select ⬚ **Edit Page Size > Custom** and **match the width** to the size provided by our **spine calculator**.
3. Under the Pages tab **attach the Spine** and **Front Cover** to the **Back Cover** using the **drag and drop** option.
4. Add your design to the template's **'Artwork' layer** and **export your PDF as a Spread**.
