Perimeter Warning

CD4080 Series Compact Surface Mount

Code 3's CD4080 Series provides powerful exterior and perimeter warning for ambulance, fire and police emergency vehicles. Engineered for maximum light output with an SAE Class I rating, these compact and powerful lights are among the brightest perimeter lights in the industry. Matrix® compatibility allows for advanced sync capabilities that enhance first responder safety and calm the scene. They feature 20 single-colour and 55 dual-colour flash patterns, available in amber, blue, green, red and white LED colour combinations with waterproof aluminium black housing.

Model

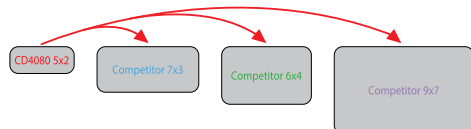

PART NO.	LED COLOUR	AMPS	FLASH PATTERNS	VDC
CD4081X	    	1.77A	20	12-24
CD4081XX	    	1.77A	55	12-24

REPLACE
"X" with A = Amber, B = Blue, G = Green, R = Red, W = White

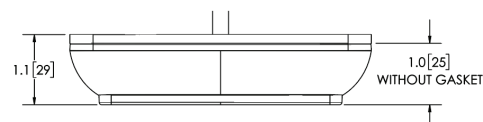

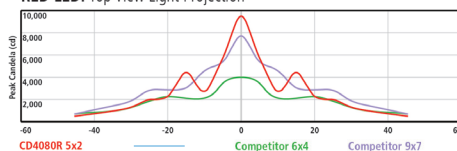

Design Features

- Brighter than larger perimeter lights
- Black aluminium housing
- Polycarbonate lens
- Matrix® compatible
- C3DNA compatible
- Sync up to 8 units

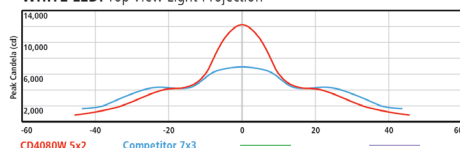

THE CD4080 SERIES 5X2 IS BRIGHTER THAN COMPETITOR'S LARGER PERIMETER LIGHTS.

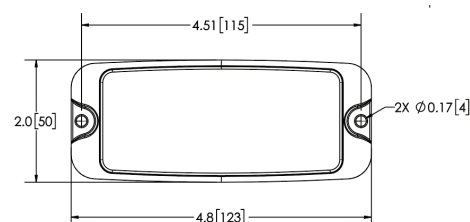

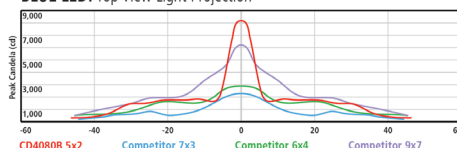

RED LED: Top View Light Projection

WHITE LED: Top View Light Projection

BLUE LED: Top View Light Projection
