

DIRECTIONAL LEDS

Dual-colour Hide-a-LED™ with Side Optics.

Headlight/taillight mount or surface mount.

Code 3's VS Series is a high-intensity directional LED warning light designed for vehicle headlight and taillight applications. Alternatively, the included mounting bezel can surface mount the unit to the vehicle's exterior. It features six LEDs that provide exceptional warning. The electronics are embedded in the light head, eliminating the need for an in-line driver module. All flash patterns are synchronisable with other Hide-A-Blast™ and the CD3511.

Design Features

- All electronics embedded in lighthouse
- 69 flash patterns (dual-colour)
- 25.5mm headlight/taillight mount or surface mount using included bezel
- Six LEDs per light head
- Multiple heads are synchronisable (simultaneous or alternating operation)
- Polycarbonate lens and 305mm cable
- Temperature Range: -40°C to +65°C
- Certifications: E, R10, IP67, IP69K, ROHS, REACH
- 5-Year No-hassle warranty
