

BEACON CL199™ SERIES

Side & Top LED Lighting

CL199 Series beacons feature a clear polycarbonate lens with 12 LEDs and 12 auxiliary LEDs in the top that provide 360° vertical and horizontal coverage. CL199 beacons are waterproof, shock resistant, and meet a multitude of industry approvals. They are available in a wide range of colors, have 30 built-in flash patterns, and can be mounted with either a 3-bolt or magnetic mount. Available in 36 LED and 24 LED versions.

Specifications

Features

- 12/24VDC, 1.2Amps
- Waterproof
- Shock resistant
- Auxiliary LEDs on top
- 30 flash patterns
- Temperature Range: -22°F to +122°F (-30°C to +50°C)
