

DIRECTIONAL LEDs

M180 Series - The Ultimate Combination Light Intersection/Takedown/Ground Light

The M180 combines 3 lights into one compact form making it one of the most versatile lights offered by Code 3. It delivers off-angle protection with 180° warning light and provides flexibility with multiple mounting options, a low profile, and narrow shape. Features include custom bracket for all pursuit vehicles, 29 single-colour flash patterns, 69 multi-colour flash patterns and syncs with Chase™, MR6, and Mega Thin™ LEDs.

Design Features

- Single Colour center section LEDs in blue, red, amber, white, green.
- MultiColour center section amber/white, blue/white, red/blue, red/white, blue/amber, red/amber.
- Custom brackets for all pursuit vehicles are available for under the side mirror, front of side mirror, and side window mounting.
- Over 30 brackets are available to allow mounting throughout the vehicle on pushbumpers, licence plates and more.
- Bezels, and rear mounting holes are compatible with Code 3's MR6 light.
- 29 single Colour flash patterns.
- 69 multiColour flash patterns.
- Syncs with Chase, MR6, and Mega Thin LEDs.
- Grommet mount optional.
