

M180S-R

The Ultimate Combination Light

M180 Intersection/Takedown/Ground Light

Benefits

- The M180 combines 3 lights into one compact form - Intersection Light, a Takedown Light, and a Ground Light – making it one of the most versatile lights ever offered by Code 3.
- Delivers off-angle protection with 180 degree warning light
- Provides flexibility with multiple mounting options, a low profile and narrow shape
- Offers multicolor with multiple flash patterns, full steady burn in white and can be synchronized with other Code 3 products on the vehicle

Design Features

- Single color center section LEDs in blue, red, amber, white, green
- Multicolor center section amber/white, blue/white, red/blue, red/white, blue/amber, red/amber
- Custom brackets for all pursuit vehicles are available for under the side mirror, front of side mirror, and side window mounting
- Over 30 brackets are available to allow mounting throughout the vehicle on pushbumpers, license plates and more
- Bezels, and rear mounting holes are compatible with Code 3's MR6 light
- 29 single color flash patterns
- 69 multicolor flash patterns
- Syncs with Chase, MR6, and Mega Thin LEDs
- Grommet mount optional
