

DIRECTIONALS

ED3701 & ED3702 Series Split & Dual Colour Surface Mount

ED3701 and ED3702 directional LEDs are bright and versatile warning lights that are suited to a wide variety of applications. Their ultra-low profile makes them easy to install virtually anywhere on a vehicle. Both models offer wide angle optics and multiple flash patterns, including synchronisation with other units for simultaneous or alternating operation. ED3701 models feature 6 LEDs and are available in either single colour or split-colour configurations (3 LEDs of each colour). The ED3702 is a dual-colour light featuring 12 LEDs (6 of each colour) and available in 7 colour configurations.

Models

PART NO.	COLOURS	VOLTAGE	AMPS
ED3701A	Amber	12-24	0.9
ED3701B	Blue	12-24	0.9
