

DIRECTIONALS

3410 Series LED Safety Director™

The 3410 LED Safety Director™ is a compact high-intensity warning system designed Dimensions to direct traffic approaching from the rear of a stationary vehicle. The compact light-stick design allows for unobtrusive interior or exterior mounting, either flush to the vehicle or using the provided mounting brackets. Inside the cab a modern, soft touch controller provides fingertip control of the 3410's nine built-in flash patterns, features an LED display that mimics the selected pattern in real time and also includes an auxiliary switch. 20A auxiliary relay included.

Dimensions

Models

| PART NO. | COLOUR | VOLTAGE | MAX AMPS | CABLE LENGTH |
|----------|--------|---------|----------|--------------|
| 3410A | Amber | 12 | 1.6 | 15' |
