ABOUT NC FARM BUREAU FEDERATION

North Carolina Farm Bureau Federation was formed in 1936 as a non-profit general farm organization to serve and provide a unified voice for the interests and needs of the farming community. Today, North Carolina Farm Bureau serves as an advocate for our members at the local, state, national, and international levels - providing educational, economic, public affairs, marketing, and various other services to our members. North Carolina Farm Bureau Federation remains steadfast in the mission to advocate for farm and rural families and has grown into the largest general farm organization in the state.

ABOUT NC FARM BUREAU MUTUAL INSURANCE COMPANY

On February 4th, 1953, North Carolina Farm Bureau Mutual Insurance Company formed when the Farm Bureau leadership grew concerned by the lack of insurance coverage for farmers and rural communities in North Carolina. Although our company began with a mission to provide affordable insurance to farmers and rural communities, our current products and services protect the diverse group of people and the multitude of needs that North Carolina embodies. That's why we have remained faithful to our mission to serve Farm Bureau members in every community in North Carolina, ensuring that members have the appropriate and affordable insurance coverage they need.

Today, North Carolina Farm Bureau Mutual Insurance Company is the largest domestic insurance company in North Carolina, but our humble beginnings and core values remain. We pride ourselves in being a North Carolina company, and rely on quality products and outstanding service to continue serving and helping our members when they need us most.
