About Gardenuity

Gardenuity for business is the leading gardening experience solution designed with your colleagues and customers in mind. Gardening to improve their workplace engagement, mental and physical health, and the health of the planet.

The intersection between gardening and well-being is happening in real time, and we are at the epicenter. We launched Gardenuity to help individuals, companies, and communities improve their well-being through gardening and demystifying the collective delusion that you must have experience, a lot of time, and a lot of space to garden.

We started Gardenuity as a way to ensure everyone could experience the well-being that comes from gardening - wherever they live, work, and play. It's grown a lot since we started! Our gardens and matching technology are inspiring a whole new group of garden enthusiasts.
